This Notice also lists the following information:

Title of Proposal: Maintenance Wage Rate Recommendation; Maintenance Wage Rate Survey; Report of Additional Classification and Wage Rate.

OMB Control Number, if applicable: 2501-0011.

Description of the need for the information and proposed use: Public housing agencies (PHAs), Tribally-designated housing entities (TDHEs), and the Department of Hawaiian Homelands (DHHL) are required to ensure that maintenance laborers and mechanics employed in the operation of HUD-assisted low-income or affordable housing are paid no less than prevailing wages that are determined or adopted by HUD (section 12(a), U.S. Housing Act of 1937, as amended; sections 104(b) and 805(b) of the Native American Housing Assistance and Self-Determination Act of 1996, as amended). Except that, TDHEs may, at their discretion, implement tribally determined prevailing maintenance wage rates which would apply in place of HUD-determined or -adopted wage rates.

HUD determines or adopts a schedule of prevailing maintenance wage rates for each PHA, TDHE (except for those TDHEs that implement tribally-determined prevailing wage rates), and the DHHL, annually, coinciding with the agency's fiscal year. In order to ensure that the wage rates are reflective of current economic conditions, HUD requests that each PHA, TDHE and the DHHL submit a recommendation of prevailing wage rates for HUD consideration. PHA, TDHE, and DHHL recommendations may be based on a wide variety of economic indicators including, at the discretion of the PHA, TDHE, or DHHL, the results of a wage survey that the PHA, TDHE or DHHL may conduct of maintenance employers in their operating jurisdiction. In

addition, HUD may conduct a maintenance wage rate survey in the absence of a PHA/TDHE/DHHL recommendation or to evaluate a recommendation that has been provided by a PHA, TDHE or DHHL.

In order to assist PHAs, TDHEs and the DHHL to submit prevailing wage rate recommendations and, if they choose, to conduct and evaluate the results of a maintenance wage survey, and to assist HUD personnel in the conduct and evaluation of a maintenance wage survey, HUD instituted three forms: Maintenance Wage Rate Recommendation; Maintenance Wage Rate Survey Summary; and a Maintenance Wage Rate Survey. PHA, TDHE or DHHL submission of a recommendation is highly encouraged by HUD. In the absence of an agency recommendation, HUD will issue a prevailing wage rate schedule based upon its own actions, which may include a maintenance wage survey conducted by HUD. Participation in any maintenance wage survey conducted by a PHA, TDHE, DHHL, or HUD is voluntary on the part of maintenance employers. Maintenance wage rate recommendations, survey summaries and survey responses must be retained by PHAs, TDHEs, the DHHL and HUD to document compliance with the statutory labor standards provisions.

Agencies, contractors and subcontractors engaged on HUD-assisted construction and maintenance projects subject to Federal labor standards must pay no less than the wages determined to be prevailing by the Secretary of Labor (for construction work) or determined to be prevailing by the Secretary of HUD (for maintenance work) to all laborers and mechanics engaged on such work. Occasionally, the applicable wage decision schedule does not contain a prevailing wage rate for all classifications of work needed to complete the project. In such cases, the employer that will utilize the classification(s) missing from the wage decision must propose a wage rate for each such classification for the consideration of the Department of Labor (DOL) or HUD, as the case may be. The employer must submit its request in writing; there is no form specified or required for employer submissions. HUD and local agencies that administer HUD-assisted projects use the form HUD-4230A to record and submit employer additional classification and wage rate requests to DOL, when DOL approval is required.
