Food and Nutrition Service

Title: Supplemental Nutrition Assistance Program Application for Stores—Reauthorization.

OMB Control Number: 0584–NEW.

Summary of Collection: The Food and Nutrition Service (FNS) of the U.S. Department of Agriculture is the Federal agency responsible for the Supplemental Nutrition Assistance Program (SNAP) formerly known as the Food Stamp Program. The Food and Nutrition Act of 2008 (7 U.S.C. 2011–2036), as codified under 7 CFR Parts 278 and 279, requires that the FNS determine the eligibility of retail food stores and certain food service organizations to accept and redeem SNAP benefits, to monitor them for compliance and continued eligibility, and to sanction stores for non-compliance with the Act.

Need and Use of the Information: FNS will collect information using form FNS–252–R, “Supplemental Nutrition Assistance Program Reauthorization Application for Stores”. Information is collected primarily for use by FNS in the administration of the SNAP. FNS field offices review a firm’s application in order to determine whether or not applicants meet eligibility requirements and make determinations whether to grant or deny authorization to accept SNAP benefits. FNS is also responsible for requiring updates to application information and reviewing that information to determine whether or not the firms or services continue to meet eligibility requirements.

Description of Respondents: Business or other for-profit.

Number of Respondents: 27,878.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 3,259.

SUPPLEMENTARY INFORMATION:

Title: Application for Permit, Non-Federal Commercial Use of Roads Restricted by Order

OMB Number: 0596–0016.

Expiration Date of Approval: Three years after OMB approves the information collection.

Type of Request: Extension of a currently approved collection

Abstract: Authority for road use permits is derived from the National Forest Roads and Trails Act (Pub. L. 88–657, 16 U.S.C. 532–538, as amended). The law authorizes the Secretary of Agriculture to establish procedures for sharing investments in roads and to require commercial users to perform road maintenance commensurate with their use of roads. Detailed implementing regulations are contained in Title 36, Code of Federal Regulations, sections 212.5, 212.9, and 261.54. Title 36, CFR 212.5 and 212.9 authorizes the Chief of the Forest Service to establish procedures for investment sharing and to require commercial users to perform road maintenance commensurate with use. Title 36, CFR 261.54 contains a national prohibition against using a

National Forest System road for commercial hauling without a permit or written authorization when so provided by order. Forest Service policies implementing the regulations are found in Forest Service Manual chapter 7730 and Forest Service Handbook 7709.59, chapter 24. The policies require forest supervisors to enter into appropriate investment sharing arrangements, to require commercial users of National Forest System roads to perform road maintenance commensurate with their use, and to issue orders that implement the national prohibition at 36 CFR 261.54. These policies assure that those commercial haulers not already operating under investment and maintenance sharing provisions contained in Forest Service permits and contracts will obtain road use permits. The road use permits they obtain contain requirements for maintenance and investment sharing.

FS–7700–40—Application for Permit for Non-Federal Commercial Use of Roads Restricted by Order. This form is used by individuals, corporations, or organizations that apply for a permit to use National Forest System roads for non-Federal commercial use. The following information is collected: (1) Name, address, and telephone number; (2) identification by Forest Service route number of roads to be used; (3) purpose of use; (4) use schedule; and (5) plans for future use. The requester submits the information to the forest supervisor or district ranger responsible for the National Forest System roads on which commercial vehicular use is requested. Engineering personnel on the staff of the responsible National Forest System unit evaluate the information. The information is used by the local offices to identify road maintenance required as a direct result of the applicant’s vehicular traffic and to calculate the applicant’s commensurate share of road maintenance. The information is also used to calculate collections for recovery of past Federal investments in roads when that method of sharing investment is appropriate. The information is only used by the Forest Service’s local offices. It is not reported to or summarized at higher levels of the organization.

The identifying information collected on FS–7700–40 is used on FS–7700–41—Road Use Permit to identify the permittee and the routes authorized for use. Road maintenance requirements, road use schedules, and any necessary fees developed from the data submitted on FS–7700–40 are also included in provisions of the 7700–41. A copy of the 7700–41 must be carried in commercial

vehicles authorized to use roads by the permit.

While no information over and above that collected on the FS-7700-40 is collected on the FS-7700-41, the FS-7700-41 is also an OMB approved form. The approval number is OMB 0596-0016 and expires January 31, 2010.

Estimate of Annual Burden: 15 minutes.

Type of Respondents: Commercial users of National Forest System roads.

Estimated Annual Number of Respondents: 2,000.

Estimated Annual Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 500 hours.

Comment is invited on: (1) Whether this collection of information is necessary for the stated purposes and the proper performance of the functions of the Agency, including whether the information will have practical or scientific utility; (2) the accuracy of the Agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the submission request for Office of Management and Budget approval.

Dated: August 25, 2009.

National Agricultural Statistics Service

Notice of Intent To Request Revision and Extension of a Currently Approved Information Collection

AGENCY: National Agricultural Statistics Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 this notice announces the intention of the National Agricultural Statistics Service

(NASS) to request revision and extension of a currently approved information collection, the Honey Survey. Revision to burden hours will be needed due to an increase in the size of the target population, sample design, and slight improvements to the questionnaire to accommodate changes within the industry.

DATES: Comments on this notice must be received by October 30, 2009 to be assured of consideration.

ADDRESSES: You may submit comments, identified by docket number 0535-0153, by any of the following methods:

- *E-mail:* ombofficer@nass.usda.gov.

Include docket number above in the subject line of the message.

- *Fax:* (202) 720-6396.

- *Mail:* Mail any paper, disk, or CD-ROM submissions to: David Hancock, NASS Clearance Officer, U.S. Department of Agriculture, Room 5336 South Building, 1400 Independence Avenue, SW., Washington, DC 20250-2024.

- *Hand Delivery/Courier:* Hand deliver to: David Hancock, NASS Clearance Officer, U.S. Department of Agriculture, Room 5336 South Building, 1400 Independence Avenue, SW., Washington, DC 20250-2024.

Joseph T. Reilly, Associate Administrator, National Agricultural Statistics Service, U.S. Department of Agriculture, (202) 720-4333.

SUPPLEMENTARY INFORMATION:

Title: Honey Survey.

OMB Control Number: 0535-0153.

Expiration Date of Approval: January 31, 2010.

Type of Request: Intent to revise and extend a currently approved information collection for a period of three years.

Abstract: The primary objective of the National Agricultural Statistics Service (NASS) is to prepare and issue State and national estimates of crop and livestock production, prices, and disposition; as well as economic statistics, environmental statistics related to agriculture and also to conduct the Census of Agriculture.

The Honey Survey collects information on the number of colonies, honey production, stocks, and prices. The survey provides data needed by the U.S. Department of Agriculture and other government agencies to administer programs and to set trade quotas and tariffs. State universities and agriculture departments also use data from this survey.

Authority: These data will be collected under the authority of 7 U.S.C. 2204(a). Individually identifiable data collected under

this authority are governed by Section 1770 of the Food Security Act of 1985 as amended, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents. This Notice is submitted in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-113) and Office of Management and Budget regulations at 5 CFR part 1320 (60 FR 44978, August 29, 1995).

NASS also complies with OMB Implementation Guidance, "Implementation Guidance for Title V of the E-Government Act, Confidential Information Protection and Statistical Efficiency Act of 2002 (CIPSEA)," **Federal Register**, Vol. 72, No. 115, June 15, 2007, p. 33376.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 15 minutes per response with a frequency of once a year.

Respondents: Farmers.

Estimated Number of Respondents: 9,000.

Estimated Total Annual Burden on Respondents: With an estimated response rate of approximately 80%, we estimate the burden to be 1,860 hours. Copies of this information collection and related instructions can be obtained without charge from David Hancock, NASS Clearance Officer, at (202) 690-2388.

Comments: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, through the use of appropriate automated, electronic, mechanical, technological or other forms of information technology collection methods.

All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, DC, August 11, 2009.

Joseph T. Reilly,

Associate Administrator.
