

the fourth time that helicopters are used as the primary tool for herding horses into capture pens on the Pryor Mountain National Wild Horse Range. In order to operate the aircraft in a safe and effective manner, and based on experience gained in the 1997, 2001, and 2003 gathers, it is necessary to close the affected areas to all public use during actual capture operations. The wild horses primarily occupy three geographic areas of the range, including lands administered by the U.S. Forest Service, the area around Pen's Cabin, and the Dry Head/Layout Creek portions of the Bighorn Canyon National Recreation Area. Gather operations will be conducted at various times and locations to be determined by the contracting officer's representative in consultation with the contractor.

It is anticipated that the gather operation will take approximately seven days, but could last 10 days depending on weather, location of herds, success of capture operations, and other variable conditions. Areas subject to temporary closure include all lands within the Pryor Mountain Wild Horse Range administered by the Bureau of Land Management. Not all subject lands will be closed during the entire period; the public will be authorized to use those areas where capture operations are not in progress. Areas from which the public will be temporarily excluded will be dependent upon the actual area of operation which will be variable according to the needs of the contractor.

Areas temporarily closed to public access will be so posted at main entry points with signs, barricades, and copies of this temporary closure notice. Maps of the affected area and other documents associated with this closure area are available at the Billings Field Office, 5001 Southgate Drive, Billings, Montana 59101.

This temporary closure may be rescinded prior to September 10, 2009, if gather operations are successfully completed before that date. The Britton Springs area will remain temporarily closed until October 1, 2009, after horses are adopted or sold. Once gathering operations have been completed, the public will be allowed to view the horses held at Britton Springs prior to release or adoption at times to be arranged.

Further information may be obtained from the Pryor Mountain Wild Horse Range 2009 Gather and Population Management Plan and Environmental Assessment, #DOI-BLM-MT-C010-2009-35-EA. This document is available upon request from the Field Manager, Billings Field Office, Bureau

of Land Management, 5001 Southgate Drive, Billings, Montana 59101.

Under the authority of section 303(a) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1733(a)), 43 CFR 8360.0-7, and 43 CFR 8364.1, the Bureau of Land Management will enforce the following rule(s) within the Pryor Mountain Wild Horse Range:

Temporary Closure to public access, use or occupancy on public lands in the Pryor Mountain Wild Horse Range in the southeastern portion of Carbon County, Montana, and the northern portion of Big Horn County, Wyoming.

The following persons are exempt from this temporary closure: Federal, state, and local officers and employees in the performance of their official duties; members of organized rescue or fire-fighting forces in the performance of their official duties; and persons with written authorization from the Bureau of Land Management.

Any person who violates the above rule may be tried before a United States Magistrate and fined no more than \$1,000, imprisoned for no more than 12 months, or both. Such violations may also be subject to the enhanced fines provided for by 18 U.S.C. 3571.
