

participation in the program, their approved threshold level, and their revised threshold level (when applicable). Mailers wishing to dispute their threshold level will be provided with instructions on the process.

3.5 Program Participation

Mail owners may participate in the program with qualifying volume as follows:

a. Commercial First-Class Mail cards, letters and/or flats volume mailed by the participant through the participant's own permit imprint advance account, precanceled stamp permit(s), or postage meter permit(s);

b. Commercial First-Class Mail cards, letters and/or flats volume prepared by a mail service provider, when entered through a permit owned by the participant;

c. Commercial First-Class Mail cards, letters and/or flats pieces mailed through a mail service provider's permit, only when the pieces can be identified as being prepared for the participant and when the applicant's prior mailing activity through the mail service provider's permit can be validated.

3.6 Incentive Program Credits

Approved participants demonstrating an increase in commercial First-Class Mail cards, letters and flats volume above their approved threshold level qualify for a credit to their designated permit imprint advance deposit account, Centralized Account Payment System (CAPS) account, or provided through another approved method as follows:

a. The total postage paid for commercial First-Class Mail cards, letters and flats recorded during the program will be identified for each participant.

b. The total postage paid during the program period will be divided by the total number of recorded pieces to generate the average price per piece for the program period.

c. Participants will receive a credit in the amount of 20 percent of the average price per piece applied to the total number of mailpieces, for the incremental volume above their approved threshold level, recorded during the program period.

3.7 Mailing Activity Review

Mailing activity by participants will be reviewed in the calendar months preceding and following the end of the program. The qualifying volume recorded for participants may be adjusted in accordance with the following:

a. The participant's previously determined volume trend will be applied to the volume of commercial First-Class Mail cards, letters and flats mailed by the participant within the months of September 2008 and January 2009, to determine the program participant's September 2009 and January 2010 expected volumes.

b. The participant's actual September 2009 and January 2010 volumes will then be compared to their September 2009 and January 2010 expected volumes.

c. Participants failing to meet their September 2009 and/or January 2010 expected volume will have any shortfall in volume deducted from the number of mailpieces eligible for an incentive credit within the program.

d. Participants demonstrating a shortfall in volume to either their September 2009 or January 2010 expected volumes will have that shortfall deducted from the number of mailpieces eligible for an incentive credit within the program regardless of any surplus demonstrated in the expected volume threshold of the other month.

New Postal Product

AGENCY: Postal Regulatory Commission.

ACTION: Final rule.

SUMMARY: The Commission is adding the Priority Mail Contract 17 to the Competitive Product List. This action is consistent with changes in a recent law governing postal operations. Republication of the lists of market dominant and competitive products is also consistent with new requirements in the law.

DATES: Effective September 2, 2009 and is applicable beginning August 14, 2009.

SUPPLEMENTARY INFORMATION: *Regulatory History*, 74 FR 39123 (August 5, 2009).

I. Introduction
II. Background

III. Comments

IV. Commission Analysis

V. Ordering Paragraphs

I. Introduction

The Postal Service seeks to add a new product identified as Priority Mail Contract 17 to the Competitive Product List. For the reasons discussed below, the Commission approves the Request.

II. Background

On July 24, 2009, the Postal Service filed a formal request pursuant to 39 U.S.C. 3642 and 39 CFR 3020.30 *et seq.* to add Priority Mail Contract 17 to the Competitive Product List.¹ The Postal Service asserts that the Priority Mail Contract 17 product is a competitive product "not of general applicability" within the meaning of 39 U.S.C. 3632(b)(3). This Request has been assigned Docket No. MC2009-37.

The Postal Service contemporaneously filed a contract related to the proposed new product pursuant to 39 U.S.C. 3632(b)(3) and 39 CFR 3015.5. The contract has been assigned Docket No. CP2009-56.

In support of its Request, the Postal Service filed the following materials: (1) A redacted version of the contract which, among other things, provides that the contract will expire 3 years from the effective date, which is proposed to be the day that the Commission issues all regulatory approvals;² (2) requested changes in the Mail Classification Schedule product list;³ (3) a Statement of Supporting Justification as required by 39 CFR 3020.32;⁴ and (4) certification of compliance with 39 U.S.C. 3633(a).⁵ The Postal Service also references Governors' Decision 09-6, filed in Docket No. MC2009-25, as authorization of the new product. Notice at 1.

In the Statement of Supporting Justification, Mary Prince Anderson, Acting Manager, Sales and Communications, Expedited Shipping, asserts that the service to be provided under the contract will cover its attributable costs, make a positive contribution to coverage of institutional costs, and will increase contribution toward the requisite 5.5 percent of the Postal Service's total institutional costs. Request, Attachment C, at 1. W. Ashley

⁴ Attachment C to the Request.

⁵ Attachment D to the Request.

Lyons, Manager, Regulatory Reporting and Cost Analysis, Finance Department, certifies that the contract complies with 39 U.S.C. 3633(a). See *id.*, Attachment D.

The Postal Service filed much of the supporting materials, including the supporting data and the unredacted contract, under seal. In its Request, the Postal Service maintains that the contract and related financial information, including the customer's name and the accompanying analyses that provide prices, certain terms and conditions, and financial projections, should remain confidential. *Id.* at 2–3.

In Order No. 261, the Commission gave notice of the two dockets, appointed a public representative, and provided the public with an opportunity to comment.⁶

III. Comments

Comments were filed by the Public Representative.⁷ No comments were submitted by other interested parties. The Public Representative states that the Postal Service's filing comports with title 39 and the relevant Commission Rules of Practice and Procedure. *Id.* at 1, 3–4. He further states that the agreement appears to be beneficial to the general public, although he does question the utility of the contract's 30-day termination provision. *Id.* at 1, 4, 5–6.

With respect to confidentiality, the Public Representative believes that “[t]o comply with Order No. 247 in Docket[s] MC2009–30 and CP2009–40, the Postal Service should include with its filing a redacted copy of the Governors’ Decision and certification.” *Id.* at 3 (footnote omitted).

IV. Commission Analysis

The Commission has reviewed the Request, the contract, the financial analysis provided under seal that accompanies it, and the comments filed by the Public Representative.

Statutory requirements. The Commission's statutory responsibilities in this instance entail assigning Priority Mail Contract 17 to either the Market Dominant Product List or to the Competitive Product List. 39 U.S.C.

3642. As part of this responsibility, the Commission also reviews the proposal for compliance with the Postal Accountability and Enhancement Act (PAEA) requirements. This includes, for proposed competitive products, a review of the provisions applicable to rates for competitive products. 39 U.S.C. 3633.

Product list assignment. In determining whether to assign Priority Mail Contract 17 as a product to the Market Dominant Product List or the Competitive Product List, the Commission must consider whether the Postal Service exercises sufficient market power that it can effectively set the price of such product substantially above costs, raise prices significantly, decrease quality, or decrease output, without risk of losing a significant level of business to other firms offering similar products.

39 U.S.C. 3642(b)(1). If so, the product will be categorized as market dominant. The competitive category of products shall consist of all other products.

The Commission is further required to consider the availability and nature of enterprises in the private sector engaged in the delivery of the product, the views of those who use the product, and the likely impact on small business concerns. 39 U.S.C. 3642(b)(3).

The Postal Service asserts that its bargaining position is constrained by the existence of other shippers who can provide similar services, thus precluding it from taking unilateral action to increase prices without the risk of losing volume to private companies. Request, Attachment C, para. (d). The Postal Service also contends that it may not decrease quality or output without risking the loss of business to competitors that offer similar expedited delivery services. *Id.* It further states that the contract partner supports the addition of the contract to the Competitive Product List to effectuate the negotiated contractual terms. *Id.* at ¶ (g). Finally, the Postal Service states that the market for expedited delivery services is highly competitive and requires a substantial infrastructure to support a national network. It indicates that large carriers serve this market. Accordingly, the Postal Service states that it is unaware of any small business concerns that could offer comparable service for this customer. *Id.* at para. (h).

No commenter opposes the proposed classification of Priority Mail Contract 17 as competitive. Having considered the statutory requirements and the support offered by the Postal Service, the Commission finds that Priority Mail Contract 17 is appropriately classified as

a competitive product and should be added to the Competitive Product List.

Cost considerations. The Postal Service presents a financial analysis showing that Priority Mail Contract 17 results in cost savings while ensuring that the contract covers its attributable costs, does not result in subsidization of competitive products by market dominant products, and increases contribution from competitive products.

Based on the data submitted, the Commission finds that Priority Mail Contract 17 should cover its attributable costs (39 U.S.C. 3633(a)(2)), should not lead to the subsidization of competitive products by market dominant products (39 U.S.C. 3633(a)(1)), and should have a positive effect on competitive products' contribution to institutional costs (39 U.S.C. 3633(a)(3)). Thus, an initial review of proposed Priority Mail Contract 17 indicates that it comports with the provisions applicable to rates for competitive products.

Other considerations. The Postal Service shall promptly notify the Commission of the scheduled termination date of the agreement. The Commission will then remove the product from the Competitive Product List.

Furthermore, the Public Representative's assessment of Order No. 247 is well-taken. Public Representative Comments at 3–4. Subsequently, the Commission issued Order No. 266, which clarified the policy regarding self-contained docket filings. See Docket No. CP2009–47, Order Concerning Filing a Functionally Equivalent Global Plus 1 Contract Negotiated Service Agreement, July 31, 2009, at 6–7 (Order No. 266). In recent filings, the Postal Service has adhered to this policy.

In conclusion, the Commission approves Priority Mail Contract 17 as a new product. The revision to the Competitive Product List is shown below the signature of this Order and is effective upon issuance of this Order.
