BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket ID FEMA-2008-0020; Internal Agency Docket No. FEMA-B-1072]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule.

SUMMARY: Comments are requested on the proposed Base (1% annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the proposed regulatory flood elevations for the reach described by the downstream and upstream locations in the table below. The BFEs and modified BFEs are a part of the floodplain management measures that the community is required either to adopt or show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, these elevations, once finalized, will be

used by insurance agents, and others to calculate appropriate flood insurance premium rates for new buildings and the contents in those buildings.

DATES: Comments are to be submitted on or before December 7, 2009.

ADDRESSES: The corresponding preliminary Flood Insurance Rate Map (FIRM) for the proposed BFEs for each community is available for inspection at the community's map repository. The respective addresses are listed in the table below.

You may submit comments, identified by Docket No. FEMA-B-1072, to Kevin C. Long, Acting Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-2820, or (e-mail) kevin.long@dhs.gov.

FOR FURTHER INFORMATION CONTACT:

Kevin C. Long, Acting Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-2820, or (e-mail) kevin.long@dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) proposes to make determinations of BFEs and modified BFEs for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The

community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

Comments on any aspect of the Flood Insurance Study and FIRM, other than the proposed BFEs, will be considered. A letter acknowledging receipt of any comments will not be sent.

National Environmental Policy Act.

This proposed rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601-612, a regulatory flexibility analysis is not required.

Executive Order 12866, Regulatory Planning and Review. This proposed rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866, as amended.

Executive Order 13132, Federalism. This proposed rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This proposed rule meets the applicable standards of Executive Order 12988.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.4 [Amended]

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

Flooding source(s)	Location of referenced elevation**	* Elevation in feet (NGVD) + Elevation in feet (NAVD) # Depth in feet above ground ^ Elevation in meters (MSL)		Communities affected
		Effective	Modified	
Napa County, California, and Incorporated Areas				
Napa Creek	At the confluence with Napa River	+22	+18	City of Napa.
	Approximately 100 feet upstream of Jefferson Street	+35	+34	
Napa River (With Levee)	Approximately 715 feet west of intersection of State Route 121 and East Avenue.	+28	+27	City of Napa, Unincorporated Areas of Napa County.
	Approximately 1,530 feet southwest of intersection of State Route 121 and Woodland Drive.	+32	+29	
Napa River (Without Levee)	Approximately 0.5 mile downstream of Imola Avenue	+13	+12	City of Napa, Unincorporated Areas of Napa County.
	Approximately 1,230 feet downstream of confluence of Soda Creek.	+47	+46	
Napa River Oxbow Overflow	At the confluence with Tulucay Creek	+18	+16	City of Napa, Unincorporated Areas of Napa County.
	Approximately 0.39 mile upstream of Soscol Avenue	+22	+19	
Ponding Areas with elevations determined (AH Zones).	Extensive ponding areas, in roadways south of Salvador creek (lowest elevation).	None	+76	
Salvador Creek	At the confluence with Napa River	+33	+31	City of Napa, Unincorporated Areas of Napa County.
	Approximately 100 feet upstream of State Highway 29	None	+75	
Salvador Creek North Branch	At the confluence with Salvador Creek	None	+75	City of Napa, Unincorporated Areas of Napa County.
	Approximately 0.8 mile upstream of confluence with Salvador Creek.	None	+93	Unincorporated Areas of Napa County.
Salvador Creek South Branch.	At the confluence with Salvador Creek	None	+75	City of Napa.
	Approximately 1,365 feet upstream of Salvador Creek	None	+76	
Shallow Flooding (AO Zone)	Shallow flooding area, approximately 425 feet northeast of intersection of Imola Avenue and Gasser Drive.	+15	#1	City of Napa.
	Shallow flooding area, approximately 1,400 feet northeast of intersection of Imola Avenue and Gasser Drive.	+17	#2	
Tulucay Creek	At the confluence with Napa River	+18	+15	City of Napa.
	Approximately 560 feet upstream of Shurtleff Avenue	+37	+38	Unincorporated Areas of Napa County.

* National Geodetic Vertical Datum.

+ North American Vertical Datum.

Depth in feet above ground.

^ Mean Sea Level, rounded to the nearest 0.1 meter.

**BEFs to be changed include the listed downstream and upstream BFEs, and include BFEs located on the stream reach between the referenced locations above. Please refer to the revised Flood Insurance Rate Map located at the community map repository (see below) for exact locations of all BFEs to be changed.

Send comments comments to Kevin C. Long, Acting Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472.
