Notice of Proposed Supplementary Rules for Public Lands in Colorado: Gunnison Gorge National Conservation Area (GGNCA) and Adjacent Public Lands Administered by the Bureau of Land Management Uncompahgre Field Office, Montrose and Delta Counties, CO

AGENCY: Bureau of Land Management, Interior.

ACTION: Proposed supplementary rules for the GGNCA and adjacent public lands in southwestern Colorado.

SUMMARY: Bureau of Land Management (BLM) Colorado is proposing supplementary rules for the GGNCA and adjacent public lands included in the 2004 GGNCA Resource Management Plan (RMP) and managed by the GGNCA and Uncompahgre Field Offices in Montrose and Delta Counties, Colorado. The rules implement decisions found in the RMP and relate to the use of the lands, conduct, health and safety of public land users, and protection of natural resources. The proposed rules address off-road vehicle use and safety, firearms, hunting and target shooting, pets and pack stock use, camping, waste disposal, group size limits, permit requirements, and length of stay. These supplementary rules will be added to the current rules in effect for the GGNCA, Gunnison Gorge Wilderness, and adjacent public lands. The supplementary rules will be enforced by BLM law enforcement rangers.

DATES: Please send comments to the following address by November 9, 2009. Comments received or postmarked after this date may not be considered in the development of the final supplementary rules.

ADDRESSES: Please mail or hand-deliver comments to Karen Tucker, GGNCA, BLM Uncompahgre Field Office, 2465 S. Townsend Avenue, Montrose, Colorado 81401.

FOR FURTHER INFORMATION CONTACT: Karen Tucker, GGNCA (970) 240-5300, e-mail: karen_tucker@blm.gov or Ted Moe, BLM Law Enforcement Ranger, (970) 240-5341, e-mail: ted_moe@blm.gov.

SUPPLEMENTARY INFORMATION:

I. Public Comment Procedures

Written comments on the proposed supplementary rules should be specific, confined to issues pertinent to the

proposed supplementary rules, and should explain the reason for any recommended change. Where possible, comments should reference the specific section or paragraph of the rules that the comment is addressing. The BLM is not obligated to consider or include in the Administrative Record for the final rules comments that are postmarked or electronically dated after the close of the comment period (see **DATES**) or comments delivered to an address other than the address listed above (See **ADDRESSES**).

Comments, including names, street addresses, and other contact information of respondents, will be available for public review at the BLM Uncompahgre Field Office, 2465 S. Townsend Avenue, Montrose, Colorado 81401. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

II. Background

These proposed supplementary rules apply to the Gunnison Gorge National Conservation Area (GGNCA), approximately 62,844 acres of public lands that include the 17,784-acre Gunnison Gorge Wilderness, and 32,937 acres of adjacent public lands managed under the GGNCA management plan. The GGNCA was established by Public Law 106-76 on October 21, 1999.

The GGNCA is located 10 miles north of Montrose, Colorado, bordered by the Black Canyon of the Gunnison National Park to the south. The proposed supplementary rules will help the BLM achieve management objectives and implement decisions in the GGNCA Resource Management Plan (RMP) approved on November 12, 2004. These supplementary rules will also allow the BLM to increase law enforcement efforts that will help mitigate damage to natural resources and provide for public health and safe public recreation.

III. Discussion of the Proposed Supplementary Rules

These proposed supplementary rules apply to a total of 95,781 acres of public lands managed by the BLM within the GGNCA RMP planning area. The area includes 62,844 acres of National Conservation Area (NCA) lands and 32,937 acres of non-NCA lands within

Montrose and Delta Counties, Colorado, in the following townships:

Colorado, Sixth Principal Meridian

T. 14 S., R. 95 W. through 93 W.
T. 15 S., R. 95 W. through 93 W.

New Mexico Principal Meridian

T. 51 N., R. 10 W. through 7 W.
T. 50 N., R. 10 W. through 6 W.
T. 49 N., R. 9 W. through 8 W.

These rules are consistent with the Record of Decision of the 2004 GGNCA RMP. In preparing the RMP, the BLM sought public review of four alternatives.

The RMP objectives are to protect the GGNCA's and adjacent public lands' natural settings and outstanding wilderness, geologic, cultural, scientific, wildlife, and recreational values, while providing the public a safe and enjoyable experience. An additional objective of the supplementary rules is to protect BLM employees and volunteers charged with maintaining and improving the condition of these natural resources and protect the BLM's investment in recreational facilities, signs, roads and other amenities provided for visitor enjoyment. The goals are to encourage users to obey all rules and regulations in order to increase visitor safety; prevent accidents; reduce human health and sanitation concerns; protect natural and cultural resources; eliminate motorized and non-motorized impacts on sensitive species habitat; reduce conflicts among user groups; and eliminate illegal uses such as vandalism, poaching, bonfires, underage drinking and drug parties, and any unruly behavior that may lead to any of these uses.

The RMP includes specific management actions that restrict certain activities and define allowable uses. The proposed supplementary rules implement these management actions within the GGNCA and adjacent public lands. Many of the proposed supplementary rules apply to the entire area but some apply only to specific areas within the GGNCA. The proposed rules are written to allow for management flexibility.

Rules that limit group size and stay length, restrict camping to designated sites, prohibit the collection of firewood and building of wood fires, and require the use of portable toilets, stoves and/or metal fire containers, are essential to provide maximum protection of the area's wilderness and wild and scenic river values, native riparian vegetation, sensitive wildlife and plant species, and to ensure successful implementation of BLM restoration projects. General travel and off-highway vehicle use regulations

implement key RMP decisions intended to enhance user safety and ensure compliance with travel management restrictions to protect critical resources and scenic values in different management areas within the GGNCA and adjacent public lands.

The implementation of these rules in the GGNCA and on adjacent public lands is a major step in providing the resources necessary to meet these goals and objectives. The Uncompahgre Field Office proposes to add these additional supplementary rules to the current rules in effect for the GGNCA and adjacent public lands under the Federal Land Policy and Management Act (FLPMA), Title 43 U.S.C. 1740, and Title 43 CFR 8365.1–6.

IV. Procedural Matters

Executive Order 12866, Regulatory Planning and Review

These supplementary rules are not significant regulatory actions and not subject to review by the Office of Management and Budget under Executive Order 12866. These supplementary rules will not have an annual effect of \$100 million or more on the economy. They will not adversely affect in a material way the economy, productivity, competition, jobs, the environment, public health or safety, or State, local, or tribal governments or communities. These supplementary rules will not create a serious inconsistency or otherwise interfere with an action taken or planned by another agency. The supplementary rules do not materially alter the budgetary effects of entitlements, grants, user fees, or loan programs or the rights or obligations of their recipients, nor do they raise novel legal or policy issues. These supplementary rules are merely rules of conduct for public use of a limited area of public lands.

Clarity of the Regulations

Executive Order 12866 requires each agency to write regulations that are simple and easy to understand. The BLM invites your comments on how to make these proposed supplementary rules easier to understand, including answers to questions such as the following:

- (1) Are the requirements in the proposed supplementary rules clearly stated?
- (2) Do the proposed supplementary rules contain technical language or jargon that interferes with their clarity?
- (3) Does the format of the proposed supplementary rules (grouping and order of sections, use of headings, paragraphing, *etc.*) aid or reduce their clarity?

(4) Would the proposed supplementary rules be easier to understand if they were divided into more (but shorter) sections?

(5) Is the description of the proposed supplementary rules in the **SUPPLEMENTARY INFORMATION** section of this preamble helpful in understanding the proposed supplementary rules? How could this description be more helpful in making the proposed supplementary rules easier to understand?

Please send any comments you may have on the clarity of the proposed supplementary rules to one of the addresses specified in the **ADDRESSES** section.

National Environmental Policy Act

The proposed supplementary rules put forth in this notice implement key land use planning decisions in the Approved GGNCA RMP and Record of Decision signed by the BLM State Director of Colorado in November 2004. The four-year RMP process included extensive public input and development of a draft and Proposed RMP and Final Environmental Impact Statement (EIS) for the GGNCA and Gunnison Gorge Wilderness, which was completed in January 2004. During the National Environmental Policy Act process, each alternative was fully analyzed, including the types of decisions set forth in these supplemental rules. The rationale for the decisions made can be found in Chapter 5, Environmental Consequences. The BLM has placed the Final EIS, Approved RMP, and Record of Decision on file in the BLM Administrative Record at the address specified in the **ADDRESSES** section.

Regulatory Flexibility Act

Congress enacted the Regulatory Flexibility Act (RFA) of 1980, as amended, 5 U.S.C. 601–612, to ensure that government regulations do not unnecessarily or disproportionately burden small entities. The RFA requires a regulatory flexibility analysis if a rule would have a significant economic impact, either detrimental or beneficial, on a substantial number of small entities. The proposed supplementary rules do not have a significant economic impact on entities of any size, but provide for the protection of persons, property, and resources on specific public lands. Therefore, the BLM has determined under the RFA that the proposed supplementary rules would not have a significant economic impact on a substantial number of small entities.

Small Business Regulatory Enforcement Fairness Act (SBREFA)

These supplementary rules are not “major” as defined under 5 U.S.C. 804(2). The supplementary rules merely establish rules of conduct for public use of a limited area of public lands and do not affect commercial or business activities of any kind.

Unfunded Mandates Reform Act

These supplementary rules do not impose an unfunded mandate on State, local, or tribal governments in the aggregate, or the private sector of more than \$100 million per year; nor do they have a significant or unique effect on small governments. The rules have no effect on governmental or tribal entities and would impose no requirements on any of these entities. The supplementary rules merely establish rules of conduct for public use of a limited selection of public lands and do not affect tribal, commercial, or business activities of any kind. Therefore, the BLM is not required to prepare a statement containing the information required by the Unfunded Mandates Reform Act (2 U.S.C. 1531 *et seq.*).

Executive Order 12630, Governmental Actions and Interference With Constitutionally Protected Property Rights (Takings)

These supplementary rules do not have significant takings implications, nor are they capable of interfering with Constitutionally protected property rights. The supplementary rules merely establish rules of conduct for public use of a limited area of public lands and do not affect anyone’s property rights. Therefore, the Department of the Interior has determined that these rules will not cause a “taking” of private property or require preparation of a takings assessment under this Executive Order.

Executive Order 13132, Federalism

These supplementary rules will not have a substantial direct effect on the States, the relationship between the national government and the States, nor the distribution of power and responsibilities among the various levels of government. These supplementary rules do not come into conflict with any State law or regulation. Therefore, in accordance with Executive Order 13132, the BLM has determined that these supplementary rules do not have sufficient Federalism implications to warrant preparation of a Federalism Assessment.

Executive Order 12988, Civil Justice Reform

Under Executive Order 12988, the Office of the Solicitor has determined that these rules will not unduly burden the judicial system and that they meet the requirements of sections 3(a) and 3(b)(2) of the Order.

Executive Order 13175, Consultation and Coordination With Indian Tribal Governments

In accordance with Executive Order 13175, the BLM has found that these supplementary rules do not include policies that have tribal implications. None of the lands included in these rules are Indian lands or affect Indian rights.

Paperwork Reduction Act

These supplementary rules do not contain information collection requirements that the Office of Management and Budget must approve under the Paperwork Reduction Act of 1995, 44 U.S.C. 3501 *et seq.* Any information collection requirements contained in these rules are exempt from the provisions of the Paperwork Reduction Act of 1995, 44 U.S.C. 3518(c)(1). Federal criminal investigations or prosecutions may result from these rules, and the collection of information for these purposes is exempt from the Paperwork Reduction Act.

Definitions: For the purpose of these supplementary rules, the following definitions apply unless modified within a specific part or regulation:

Adjacent public lands means those non-GGNCA BLM public lands immediately adjacent to the GGNCA and/or the Black Canyon of the Gunnison National Park whose management is addressed under the 2004 GGNCA RMP. These lands include: Black Ridge, Fruitland Mesa, West Peach Valley, Flat Top, East Flat Top, and Jones Draw lands.

Designated route means roads and trails open to motorized vehicle use and identified on a map of designated roads and trails that is maintained and available for public inspection at the BLM Uncompahgre Field Office, Montrose, Colorado. Designated roads and motorized trails are open to public use in accordance with such limits and restrictions as are, or may be, specified in the RMP or in future decisions implementing the RMP. However, any road or trail with any restrictive signing or physical barrier, including gates, fences, posts, branches, or rocks intended to prevent use of the road or trail is not a designated motorized road or motorized trail.

Developed recreational site means any site or area that contains structures or capital improvements primarily used by the public for recreation purposes. Such areas or sites may include such features as: delineated spaces or areas for parking, camping or boat launching; sanitation facilities; potable water; grills or fire rings; tables; or controlled access.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-458 and 731-TA-1154 (Final)]

Certain Kitchen Appliance Shelving and Racks From China

Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission (Commission) determines,² pursuant to sections 705(b) and 735(b) of the Tariff Act of 1930 (19 U.S.C. 1671d(b) and

1673d(b)) (the Act), that the refrigeration shelving industry in the United States is materially injured and the oven racks industry in the United States is threatened with material injury by reason of imports from China of certain kitchen appliance shelving and racks,^{3 4} provided for in subheadings 7321.90.50, 7321.90.60, 8418.99.80, and 8516.90.80 of the Harmonized Tariff Schedule of the United States, that have been found by the Department of Commerce (Commerce) to be subsidized by the Government of China and sold in the United States at less than fair value (LTFV). In addition, the Commission determines that it would not have found material injury with regard to imports of oven racks from China but for the suspension of liquidation.

Background

The Commission instituted these investigations effective July 31, 2008, following receipt of a petition filed with the Commission and Commerce by Nashville Wire Products Inc., Nashville, TN, SSW Holding Company, Inc., Elizabethtown, KY, the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied-Industrial and Service Workers International Union, and the International Association of Machinists and Aerospace Workers, District Lodge 6, Clinton, IA. The final phase of the investigations was scheduled by the Commission following notification of preliminary determinations by Commerce that imports of certain kitchen appliance shelving and racks from China were being subsidized within the meaning of section 703(b) of the Act (19 U.S.C. 1671b(b)) and being sold at LTFV within the meaning of section 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission's investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of April 21, 2009 (74 FR 18249). The hearing was held in Washington, DC, on July 16, 2009, and all persons who requested the opportunity were permitted to appear in person or by counsel.

³ The Commission finds two domestic industries, one producing refrigeration shelving and one producing oven racks.

⁴ Vice Chairman Daniel R. Pearson, dissenting with regard to imports of certain oven racks from China, finds that the oven racks industry in the United States is neither materially injured nor threatened with material injury by reason of imports from China.

The Commission transmitted its determinations in these investigations to the Secretary of Commerce on September 2, 2009. The views of the Commission are contained in USITC Publication 4098 (August 2009), entitled *Certain Kitchen Appliance Shelving and Racks From China: Investigation Nos. 701-TA-458 and 731-TA-1154 (Final)*.

Issued: September 2, 2009.

By order of the Commission.

Marilyn R. Abbott,

Secretary to the Commission.
