[AK-963-1410-ET; AA-12484]

**Notice of Proposed Withdrawal Extension and Opportunity for Public Meeting; Alaska****AGENCY:** Bureau of Land Management, Interior.**ACTION:** Notice.

**SUMMARY:** The United States Department of Agriculture (USDA), Forest Service has filed an application with the Bureau of Land Management that proposes to extend the duration of Public Land Order (PLO) No. 6965 for an additional 20-year period. This order withdrew approximately 685 acres of National Forest System land from settlement, sale, location, or entry under the general land laws, including the United States mining laws, (30 U.S.C. Ch. 2 (2006)), to protect a research natural area. This notice gives an opportunity to comment on the proposed action and to request a public meeting.

**DATES:** Comments and requests for a public meeting must be received by December 10, 2009.

**ADDRESSES:** Comments and meeting requests should be sent to the Alaska State Director, BLM Alaska State Office, 222 West 7th Avenue, No. 13, Anchorage, Alaska 99513-7504.

**FOR FURTHER INFORMATION CONTACT:** Ramona Chinn, BLM Alaska State Office, 907-271-3806 or at the address above.

**SUPPLEMENTARY INFORMATION:** The withdrawal created by PLO No. 6965 (58 FR 19612, April 15, 1993), will expire on April 14, 2013, unless extended. The USDA Forest Service has filed an application to extend the withdrawal for an additional 20-year period to protect the natural ecological complex of the USDA Forest Service Natural Area.

This withdrawal comprises approximately 685 acres of National Forest System land located within:

**Copper River Meridian**

T. 79 S., R. 94 E.,

Secs. 30 and 31,

T. 79 S., R. 93 E.,

Secs. 25 and 36, as described in PLO No. 6965 (58 FR 19612, April 15, 1993).

A complete description, along with all other records pertaining to the extension application, can be examined in the BLM Alaska State Office at the address shown above.

As extended, the withdrawal would not alter the applicability of those public land laws governing the use of

land under lease, license, or permit or governing the disposal of the mineral or vegetative resources other than under the mining laws.

The use of a right-of-way or interagency or cooperative agreement would not adequately protect the Federal interest in the Dog Island Research Natural Area.

There are no suitable alternative sites available that could be substituted for the above described public land, since the Dog Island Research Natural Area is unique.

No water rights would be needed to fulfill the purpose of the requested withdrawal extension.

For a period of 90 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal extension may present their views in writing to the BLM Alaska State Director at the address indicated above. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. Individual respondents may request confidentiality. If you wish to withhold your name or address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your comments. Such requests will be honored to the extent allowed by law. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.

Notice is hereby given that an opportunity for a public meeting is afforded in connection with the proposed withdrawal extension. All interested parties who desire a public meeting for the purpose of being heard on the proposed withdrawal must submit a written request to the BLM Alaska State Director within 90 days from the date of publication of this notice. Upon determination by the authorized officer that a public meeting will be held, a notice of the time and place will be published in the **Federal Register** at least 30 days before the scheduled date of the meeting.

The withdrawal extension proposal will be processed in accordance with

the regulations set forth in 43 CFR 2310.4 and subject to Section 810 of the Alaska National Interest Lands Conservation Act, 16 U.S.C. 3120 (2006).

The area described contains 35 acres, more or less, in Clark County.

Maps delineating the individual proposed sale parcels are available for public review at <https://www.propertydisposal.gsa.gov>, and at the BLM Las Vegas Field Office (LVFO), which is located at the BLM Southern Nevada District Office (address above). The FMV for each parcel will be available 60 days prior to the sale date.

The lands are being offered for sale online via the Internet using competitive sale procedures pursuant to 43 CFR 2711.3-1. Bidding on the subject parcels will begin at FMV and remain open for sale for a period of 30 days in accordance with the competitive sale procedures.

Bidders must register online at <http://www.auctionrp.com/> and create a user identification and password. Registration may occur any time prior to the conclusion of the auction. All bidders must go to the GSA Web site to obtain the Certificate of Eligibility form,

Bidder Registration form, and Bid form for Purchase of Government Property. Bidders must complete and mail these documents to GSA at the address listed on the Bidder Registration form. Bidders may also obtain maps and get information on how to submit competitive online bids for the sale. GSA will notify bidder(s) when they are allowed to bid online. The online auction site is updated immediately when new bids are received. A submitted online Internet bid is a binding offer. The date for receipt of final bids will be announced on the Internet at <http://www.auctionrp.com>.

At the conclusion of the auction, the highest qualified bid for any parcel will be declared the apparent high bidder under 43 CFR 2711.3-1(d). The declared high bidder will have 10 days from closure of the online auction to submit a bid deposit of not less than 20 percent of the successful high bid amount. Payment must be made in the form of a cashier's check, certified check or U.S. postal money order, and made payable in U.S. dollars to "Department of the Interior—Bureau of Land Management." Personal or company checks will not be accepted. Failure to submit the 20 percent bid deposit amount within the 10 days will result in cancellation of the bid. On receipt of the 20 percent bid deposit within the 10 days, the BLM will send the successful bidder(s) a high bidder letter with detailed information for full payment.

Federal law requires that bidders must be (1) United States citizens 18 years of age or older; (2) a corporation subject to the laws of any State or of the United States; (3) an entity including, but not limited to associations or partnerships capable of acquiring and owning real property, or interests therein, under the laws of the State of Nevada; or (4) a State, State instrumentality, or political subdivision authorized to hold real property. U.S. citizenship is evidenced by presenting a birth certificate, passport, or naturalization papers. Failure to submit the above requested documents to BLM within 30 days from receipt of the high bidder letter shall result in cancellation of the sale and forfeiture of the bid deposit.

Within 30 days of the sale, BLM will, in writing, either accept or reject all bids received. No contractual, or other rights against the United States, may accrue until BLM officially accepts the offer to purchase and the full bid price is paid. Terms and Conditions: Certain minerals for each parcel will be reserved in accordance with the BLM's approved Mineral Potential Report, dated January 22, 1999. Information pertaining to the

reservation of minerals specific to the parcel is located in the case file and available for review at the LVFO (address above). An offer to purchase these parcels will constitute an application for mineral conveyance of the "no known value" mineral interests. In conjunction with the final payment, an applicant for "no known value" mineral interests will be required to pay a \$50 non-refundable filing fee for processing the conveyance of the "no known value" mineral interests which will be sold simultaneously with the surface interests.

The following numbered terms and conditions will appear on the conveyance documents for these parcels:

1. Discretionary leasable and saleable mineral deposits on the lands in Clark County, if any, are reserved to the United States, in accordance with the above referenced Mineral Potential Report. Permittees, licensees, and lessees of the United States retain the right to prospect for, mine, and remove such leasable and saleable minerals owned by the United States under applicable law and any regulations that the Secretary of the Interior may prescribe, together with all necessary access and exit rights;

2. A right-of-way is reserved for ditches and canals constructed by authority of the United States under the Act of August 30, 1890 (43 U.S.C. 945);

3. All parcels are subject to valid existing rights;

4. The parcels are subject to reservations for road, public utilities and flood control purposes, both existing and proposed, in accordance with the local governing entities' transportation plans;

5. By accepting this patent, the patentee agrees to indemnify, defend and hold the United States harmless from any costs, damages, claims, causes of action, penalties, fines, liabilities, and judgments of any kind or nature arising from the past, present, and future acts or omissions of the patentee, its employees, agents, contractors, or lessees, or any third-party, arising out of, or in connection with, the patentee's use, occupancy, or operations on the patented real property. This indemnification and hold harmless agreement includes, but is not limited to, acts and omissions of the patentee, its employees, agents, contractors, or lessees, or third party arising out of or in connection with the use and/or occupancy of the patented real property resulting in: (1) Violations of Federal, State, and local laws and regulations applicable to the real property; (2) Judgments, claims or demands of any

kind assessed against the United States; (3) Costs, expenses, damages of any kind incurred by the United States; (4) Other releases or threatened releases on, into or under land, property and other interests of the United States by solid or hazardous waste(s) and/or hazardous substances(s), as defined by Federal or State environmental laws; (5) Other activities by which solid or hazardous substances or wastes, as defined by Federal and State environmental laws were generated, released, stored, used or otherwise disposed of on the patented real property, and any cleanup response, remedial action, or other actions related in any manner to said solid or hazardous substances or wastes; or (6) Natural resource damages as defined by Federal and State law. This covenant shall be construed as running with the patented real property, and may be enforced by the United States in a court of competent jurisdiction; and

6. Pursuant to the requirements established by Section 120(h) of the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. 9620(h) (CERCLA), as amended by the Superfund Amendments and Reauthorization Act of 1988, 100 Stat. 1670, notice is hereby given that the above-described lands have been examined and no evidence was found to indicate that any hazardous substances have been stored for one year or more, nor had any hazardous substances been disposed of or released on the subject property.

No warranty of any kind, express or implied, is given by the United States as to the title, whether or to what extent the land may be developed, its physical condition, future uses, or any other circumstance or condition. The conveyance of any parcel will not be on a contingency basis. However, to the extent required by law, all parcels are subject to the requirements of Section 120(h) of the CERCLA.

Parcels may be subject to land use applications received prior to publication of this notice if processing the application would have no adverse effect on the marketability of title, or the FMV of a parcel. Encumbrances of record that may appear in the BLM public files for the parcels proposed for sale are available for review during business hours, 7:30 a.m. to 4:30 p.m., Pacific Time, Monday through Friday, at the LVFO, except during Federally recognized holidays.

All parcels are subject to limitations prescribed by law and regulation, and prior to patent issuance, a holder of any right-of-way within the parcels may be given the opportunity to amend the right-of-way for conversion to a new

term, including perpetuity, if applicable, or to an easement.

BLM will notify valid existing right-of-way holders of their ability to convert their compliant rights-of-way to perpetual rights-of-way or easements. Each valid holder will be notified in writing of their rights and then must apply for the conversion of their current authorization.

Unless other satisfactory arrangements are approved in advance by a BLM authorized officer, conveyance of title shall be through the use of escrow. Designation of the escrow agent shall be through mutual agreement between the BLM and the prospective patentee, and costs of escrow shall be borne by the prospective patentee.

Requests for all escrow instructions must be received by the LVFO prior to 30 days before the prospective patentee's scheduled closing date. There are no exceptions.

No contractual or other rights against the United States may accrue until BLM officially accepts the offer to purchase, and the full bid price is submitted by the 180th day following the sale.

All name changes and supporting documentation must be received at the LVFO 30 days from the date on the high bidder letter by 4:30p.m., Pacific Time. Name changes will not be accepted after that date. To submit a name change, the apparent high bidder must submit the name change on the Certificate of Eligibility form to the LVFO in writing. Certificate of Eligibility forms are available at the LVFO and the BLM Web site at: [http://www.blm.gov/nv/st/en/snplma/Land\\_Auctions.html](http://www.blm.gov/nv/st/en/snplma/Land_Auctions.html).

The remainder of the full bid price for each parcel must be paid prior to the expiration of the 180th day following the close of the online auction. Payment must be submitted in the form of a certified check, postal money order, bank draft or cashier's check made payable in U.S. dollars to the "Department of the Interior—Bureau of Land Management." Personal checks will not be accepted.

Arrangements for electronic fund transfer to BLM for payment of the balance due must be made a minimum of two weeks prior to the payment date. Failure to pay the full bid price prior to the expiration of the 180th day will disqualify the apparent high bidder and cause the entire 20 percent bid deposit to be forfeited to the BLM. Forfeiture of the 20 percent bid deposit is in accordance with 43 CFR 2711.3-1(d). No exceptions will be made. The BLM cannot accept the full bid price after the 180th day of the sale date.

The BLM will not sign any documents related to 1031 Exchange transactions. The timing for completion of the exchange is the bidder's responsibility in accordance with Internal Revenue Services regulations. BLM is not a party to any 1031 Exchange.

All sales are made in accordance with and subject to the governing provisions of law and applicable regulations.

In accordance with 43 CFR 2711.3-1(f), the BLM may accept or reject any or all offers to purchase, or withdraw any parcel of land or interest therein from sale, if, in the opinion of a BLM authorized officer, consummation of the sale would be inconsistent with any law, or for other reasons.

Any parcels not sold by competitive sale or through an online auction may be identified for sale at a later date without further legal notice. Unsold parcels may be offered for sale in future auctions without additional legal notice.

On publication of this notice and until completion of the sale, the BLM is no longer accepting land use applications affecting the parcels identified for sale. However, land use applications may be considered after completion of the sale for parcels that are not sold.

In order to determine the FMV, certain assumptions may have been made concerning the attributes and limitations of the lands and potential effects of local regulations and policies on potential future land uses. Through publication of this notice, the BLM advises that these assumptions may not be endorsed or approved by units of local government. It is the buyer's responsibility to be aware of all applicable Federal, State, and local government laws, regulations and policies that may affect the subject lands, including any required dedication of lands for public uses. It is also the buyer's responsibility to be aware of existing or prospective uses of nearby properties. When conveyed out of Federal ownership, the lands will be subject to any applicable laws, regulations, and policies of the applicable local government for proposed future uses. It will be the responsibility of the purchaser to be aware through due diligence of those laws, regulations, and policies, and to seek any required local approvals for future uses. Buyers should also make themselves aware of any Federal or State law or regulation that may impact the future use of the property. Any land lacking access from a public road or highway will be conveyed as such, and future access acquisition will be the responsibility of the buyer.

Information concerning the sale, appraisals, reservations, procedures and conditions, CERCLA and other environmental documents will be available for review at the LVFO, or by calling (702) 515-5000 and asking to speak to a member of the sales team. Most of this information will also be available on the Internet at <https://www.propertydisposal.gsa.gov>.

Only written comments submitted by postal service or overnight mail will be considered properly filed. Electronic mail, facsimile or telephone comments will not be considered as properly filed.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment—you should be aware that your entire comment, including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Any adverse comments regarding the proposed sale will be reviewed by the BLM Nevada State Director, who may sustain, vacate, or modify this realty action. In the absence of any valid adverse comments, this realty action will become the final determination of the Department of the Interior.

## INTERNATIONAL TRADE COMMISSION

[Inv. No. 337-TA-617]

### In the Matter of Certain Digital Televisions and Certain Products Containing Same and Methods of Using Same; Enforcement Proceeding; Notice of Institution of Formal Enforcement Proceeding

**AGENCY:** U.S. International Trade Commission.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that the U.S. International Trade Commission has instituted a formal enforcement proceeding relating to the limited exclusion order and cease and desist orders issued at the conclusion of the above-captioned investigation.

**FOR FURTHER INFORMATION CONTACT:** Daniel E. Valencia, Office of the General Counsel, U.S. International Trade

Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 205-1999. Copies of all nonconfidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone 202-205-2000. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov/>. Hearing-impaired persons are advised that information on the matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810.

**SUPPLEMENTARY INFORMATION:** The Commission instituted this investigation on November 15, 2007, based on a complaint filed by Funai Electric Co., Ltd. of Japan and Funai Corporation of Rutherford, New Jersey (collectively "Funai") against several respondents including Vizio, Inc. of Irvine, California ("Vizio"); AmTran Technology Co., Ltd. of Taiwan ("AmTran"); Syntax-Brilliant Corporation of Tempe, Arizona ("SBC"); Taiwan Kolin Co., Ltd. of Taiwan ("Taiwan Kolin"); Proview International Holdings, Ltd. of Hong Kong ("Proview International"); Proview Technology (Shenzhen) Co., Ltd. of China ("Proview Shenzhen"); Proview Technology, Ltd. of Garden Grove, California ("Proview Technology"); TPV Technology, Ltd. of Hong Kong ("TPV Technology"); TPV International (USA), Inc. of Austin, Texas ("TPV USA"); Top Victory Electronics (Taiwan) Co., Ltd. of Taiwan ("Top Victory Electronics"); and Envision Peripherals, Inc. of Fremont, California ("Envision"), among others. 72 Fed. Reg. 64240 (2007). The complaint alleged violations of Section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. \* 1337, in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain digital televisions and certain products containing same by reason of infringement of one or more claims of U.S. Patent Nos. 6,115,074 ("the '074 patent") and 5,329,369.

On April 10, 2009, the Commission terminated this investigation with a finding of violation of Section 337 by reason of infringement of claim 1, 5, and 23 of the '074 patent. 74 FR 17511 (2009). The Commission determined that the appropriate form of relief is (1)

a limited exclusion order under 19 U.S.C. \* 1337(d)(1) prohibiting the unlicensed entry of certain digital televisions and certain products containing the same that infringe one or more of claims 1, 5, and 23 of the '074 patent, and are manufactured abroad by or on behalf of, or imported by or on behalf of, Vizio, AmTran, TPV Technology, TPV USA, Top Victory Electronics, Envision, Taiwan Kolin, SBC, Proview International, Proview Shenzhen, Proview Technology; and (2) cease and desist orders directed to Vizio, TPV USA, SBC, Proview Technology, and Envision.

On August 14, 2009, Funai filed a complaint seeking enforcement proceedings under Commission Rule 210.75, 19 CFR 210.75. The complaint alleges that Vizio, AmTran, TPV Technology, TPV USA, Top Victory Electronics, Envision, Proview International, Proview Shenzhen, Proview Technology, Suzhou Raken Technology Ltd. of China ("Suzhou"), and Top Victory Investments, Ltd. of Hong Kong ("Top Victory Investments") have violated the limited exclusion order and/or the cease and desist orders issued at the conclusion of the original investigation.

Funai's enforcement complaint also requests that the Commission seek temporary emergency action under Commission rule 210.77, 19 CFR 210.77, to modify its remedial orders to make express that all respondents' ATSC-compliant digital televisions are presumed to infringe the '074 patent. The Commission has denied this request for temporary emergency action because the Commission does not have the information necessary to determine whether respondents are currently violating the Commission's limited exclusion and cease and desist orders.

Having examined the complaint seeking a formal enforcement proceeding, and having found that the complaint complies with the requirements for institution of a formal enforcement proceeding contained in Commission rule 210.75, 19 CFR 210.75 the Commission has determined to institute a formal enforcement proceeding to determine whether the respondents are in violation of the Commission's limited exclusion order and cease and desist orders issued in the investigation, and what, if any, enforcement measures are appropriate. The following entities are named as parties to the formal enforcement proceeding: (1) Complainant Funai, (2) respondents Vizio, AmTran, TPV Technology, TPV USA, Top Victory Electronics, Envision, Proview International, Proview Shenzhen,
