

withdrew its opposition³ to the partial revocation of the *Order* with respect to chrome-plated steel wire garment hangers with a diameter of 3.4 mm or greater.

On September 3, 2009, the Department requested comments from Petitioner with regard to the effective date for the final results of this changed circumstances review. On September 9, 2009, Petitioner submitted a letter in which it stated that it took no position regarding the effective date for the final results in this changed circumstances review. On September 11, 2009, the Department received comments from Target Corporation requesting that the final results of this changed circumstances review be applied retroactively to all unliquidated entries.

Scope of the Changed Circumstances Review

The merchandise covered by this changed circumstances review is steel wire garment hangers from the PRC meeting the following criteria: the steel wire garment hanger must be chrome-plated with a diameter of 3.4 mm or greater. Effective upon publication of these final results of changed circumstances review in the **Federal Register**, the amended scope of the *Order* will read as stated below.

Scope of the Amended Order

The merchandise that is subject to the order is steel wire garment hangers, fabricated from carbon steel wire, whether or not galvanized or painted, whether or not coated with latex or epoxy or similar gripping materials, and/or whether or not fashioned with paper covers or capes (with or without printing) and/or nonslip features such as saddles or tubes. These products may also be referred to by a commercial designation, such as shirt, suit, strut, caped, or latex (industrial) hangers. Specifically excluded from the scope of the order are wooden, plastic, and other garment hangers that are not made of steel wire. Also excluded from the scope of the order are chrome-plated steel wire garment hangers with a diameter of 3.4 mm or greater. The products subject to the order are currently classified under HTSUS subheadings 7326.20.0020 and 7323.99.9060.

Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise is dispositive.

³ See Letter from Merrick, Re: Steel Wire Garment Hangers From the People's Republic of China; A-570-918; Notice of Withdrawal by Merrick Engineering, Inc., submitted on August 19, 2009.

Final Results of Changed Circumstances Review; Partial Revocation of Antidumping Duty Order

In accordance with section 751(b) of the Act and 19 CFR 351.222(g), the Department continues to find, as it did in the *Initiation and Preliminary Results*, that U.S. producers representing substantially all of the production of the domestic like product pertaining to the part of the *Order* to be revoked have expressed a lack of interest in the part of the revoked *Order*. Specifically, we find that Petitioner and Supporters represent substantially all U.S. production of the like product, have expressed an affirmative statement of no interest concerning chrome-plated steel wire garment hangers with a diameter of 3.4 mm or greater, as described herein, and that this constitutes changed circumstances sufficient to warrant revocation of this *Order* in part. Additionally, although the Department requested domestic production data from Merrick and Petitioner, Merrick subsequently withdrew its opposition to Petitioner's request to revoke the *Order*, in part. Therefore, the Department finds that there is no domestic industry opposition, on the record of this review, to Petitioner's request to revoke the *Order*, in part, with regard to chrome-plated steel wire garment hangers with a diameter of 3.4 mm or greater. Accordingly, the Department is partially revoking the *Order* on steel wire garment hangers from the PRC with respect to chrome-plated steel wire garment hangers with a diameter of 3.4 mm or greater, in accordance with sections 751(b), (d) and 782(h) of the Act, and 19 CFR 351.216(d) and 351.222(g) of the Department's regulations.

In this changed circumstances review we are revoking the *Order*, in part, retroactively, in accordance with our normal practice for this type of changed circumstances review,⁴ to March 25, 2008, (the effective date of the *Preliminary Determination*⁵ in the original less-than-fair-value-investigation) because entries on or after this date are not yet subject to a final determination of the amount of

⁴ See *Stainless Steel Bar From the United Kingdom: Notice of Final Results of Changed Circumstances Review and Revocation of Order*, in Part, 72 FR 65706 (November 23, 2007); see also *Notice of Final Results of Antidumping Duty Changed Circumstances Review and Revocation of Order In Part: Certain Corrosion-Resistant Carbon Steel Flat Products from Germany*, 71 FR 66163 (November 13, 2006).

⁵ See *Preliminary Determination of Sales at Less Than Fair Value: Steel Wire Garment Hangers from the People's Republic of China*, 73 FR 15726 (March 25, 2008) ("Preliminary Determination").

antidumping duty by the Department. We will instruct the U.S. Customs and Border Protection to liquidate without regard to antidumping duties, as applicable, and to refund any estimated cash deposits collected for all unliquidated entries of chrome-plated steel wire garment hangers with a diameter of 3.4 mm or greater, meeting the specifications indicated above, made on or after March 25, 2008, in accordance with 19 CFR 351.222.

This notice also serves as a reminder to parties subject to administrative protective orders ("APO's") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.306. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This changed circumstances administrative review, partial revocation of the antidumping duty order and notice are in accordance with sections 751(b), (d) and 782(h) of the Act, and 19 CFR 351.216(e) and 351.222(g).

Dated: September 24, 2009.

Ronald K. Lorentzen,
Acting Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-P

COMMODITY FUTURES TRADING COMMISSION

Agency Information Collection Activities: Notice of Intent To Renew Collection 3038-0031, Procurement Contracts

AGENCY: Commodity Futures Trading Commission.

ACTION: Notice.

SUMMARY: The Commodity Futures Trading Commission ("the Commission") is announcing an opportunity for public comment on the proposed collection of certain information by the agency. Under the Paperwork Reduction Act of 1995 (PRA), 44 U.S.C. 3501 *et seq.*, Federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, and to allow 60 days for comment in response to the notice. This notice solicits comments on requirements relating to information collected to assist the Commission in soliciting and awarding contracts.

DATES: Comments must be submitted on or before December 1, 2009.

ADDRESSES: Comments may be mailed to Steven A. Grossman, Office of Financial Management, U.S. Commodity Futures Trading Commission, 1155 21st Street NW., Washington, DC 20581.

FOR FURTHER INFORMATION CONTACT:

Steven A. Grossman, (202) 418-5192; FAX (202) 418-5529; e-mail: sgrossman@cftc.gov.

SUPPLEMENTARY INFORMATION: Under the PRA, Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. "Collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in

the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the Commission is publishing notice of the proposed collection of information listed below.

With respect to the following collection of information, the Commission invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;
- The accuracy of the Commission's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Ways to enhance the quality of, usefulness, and clarity of the information to be collected; and

- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate electronic, mechanical, or other technological collection techniques or other forms of information technology; *e.g.*, permitting electronic submission of responses.

Procurement Contracts, OMB Control No. 3038-0031—Extension

The information collection consists of procurement activities relating to solicitations, amendments to solicitations, requests for quotations, construction contracts, awards of contracts, performance bonds, and payment information for individuals (vendors) or contractors engaged in providing supplies or services.

The Commission estimates the burden of this collection of information as follows:

ESTIMATED ANNUAL REPORTING BURDEN

Annual number of respondents	Frequency of response	Total annual responses	Hours per response	Total hours
182	Annually	182	2	364

There are no capital costs or operating and maintenance costs associated with this collection.

Dated: September 28, 2009.

David Stawick,

Secretary of the Commission.

BILLING CODE P

DEPARTMENT OF DEFENSE

Department of the Army; Corps of Engineers

Intent To Prepare a Draft Programmatic Environmental Impact Statement for the Puget Sound Nearshore Marine Habitat Restoration Project, WA

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DoD.

ACTION: Notice of intent.

SUMMARY: Pursuant to Section 102(2)(c) of the National Environmental Policy Act (NEPA) of 1969, as amended, the U.S. Army Corps of Engineers (Corps), Seattle District, as lead Federal agency, will prepare a draft Programmatic Environmental Impact Statement (PEIS) evaluating a process based restoration project in the marine nearshore zone of Puget Sound, Washington to address the

interruption and degradation of nearshore habitat resulting from the disturbance of habitat forming processes caused by various human influences. This environmental impact statement will be a combined Federal NEPA and Washington State Environmental Policy Act (SEPA) document. The lead agency for SEPA will be the Washington Department of Fish and Wildlife. This is an opportunity for public comment; there will not be a separate SEPA process.

DATES: See **SUPPLEMENTARY INFORMATION** section for meeting dates.

ADDRESSES: Mrs. Chemine Jackels, Environmental Resources Section, U.S. Army Corps of Engineers, P.O. Box 3755, Seattle, WA 98124-3755.

FOR FURTHER INFORMATION CONTACT:

Questions regarding the scoping process or preparation of the draft PEIS may be directed to: Chemine Jackels (206) 764-3646.

SUPPLEMENTARY INFORMATION:

1. *Proposed Action:* The Corps of Engineers and the Washington Department of Fish and Wildlife propose to evaluate alternative process based habitat restoration actions in the nearshore zone of Puget Sound (defined as that portion of Puget Sound that extends waterward from the upland and

backshore areas that directly influence conditions along the marine shoreline to the depth offshore where light penetration falls below a level that supports plant growth and in river deltas to the head of tide) which encompasses Whatcom, Skagit, Island, San Juan, Snohomish, King, Pierce, Thurston, Mason, Kitsap, Jefferson, and Clallam counties, Washington. For preparation of this draft PEIS, the Corps, Seattle District is the lead Federal agency under NEPA (42 U.S.C. 4321 *et seq.*) and the Council on Environmental Quality's implementing guidelines (40 CFR 1500-1508). The Washington Department of Fish and Wildlife is the lead State agency under the Washington SEPA (Chapter 43.21C RCW) and the SEPA guidelines (Chapter 197-11 WAC).

The Corps is authorized to study Puget Sound water uses under Section 209 of the River and Harbor Act of 1962 (Pub. L. 87-874). Corps of Engineers activities in ecosystem restoration will concentrate on restoring and performing scientific analysis of habitat forming processes (*i.e.*, hydrology, sediment transport, nutrient delivery) in the marine nearshore zone of Puget Sound.

The proposed action could potentially restore nearshore ecosystem habitat and processes by reconnecting isolated
