

hours and pre and post-trading hours. It is also designed to increase the liquidity of the pre and post markets.

The Exchange proposes to amend the descriptions of the “N” and “W” flags to display which Tape liquidity is removed from. For the “N” flag, the Exchange proposes to amend the description to state that liquidity is removed from Tapes B & C. For the “W” flag, the Exchange proposes to amend the description to state that liquidity is removed from Tape A.

Finally, the Exchange proposes to pass through to Exchange members the actual transaction fees assessed by away markets. Specifically, the Exchange is proposing to amend its fees schedule to reflect Nasdaq’s reduction in rebate from 0.0006 to 0.0001 for removing liquidity from Nasdaq OMX BX.

The fee changes discussed in this filing will become operative on October 1, 2009.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the objectives of Section 6 of the Act,⁵ in general, and furthers the objectives of Section 6(b)(4),⁶ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its members and other persons using its facilities. In particular, adopting an additional rebate and providing tier-based rates if Members use the INET order type provide pricing incentives to market participants who route orders to DECN, allowing DECN to remain competitive. ISE notes that DECN operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. The proposed rule change reflects a competitive pricing structure designed to incent market participants to direct their order flow to DECN. ISE believes the fees and credits remain competitive with those charged by other venues and therefore continue to be reasonable and equitably allocated to those members that opt to direct orders to DECN rather than competing venues. The rebates also provide incentives to members who add or route significant order flow to EDGX both during market hours and pre and post-trading hours and are designed to increase the liquidity of the pre and post markets. Finally, the Exchange believes that the proposed rates are equitable in that they apply uniformly to all Members and provide higher rebates for higher

volume thresholds, resulting from lower administrative costs.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3) of the Act⁷ and Rule 19b-4(f)(2)⁸ thereunder. At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

“Commission”) the proposed rule changes as described in Items I, II and III below, which items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule changes from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to discontinue its current \$0.0012 per share credit applicable to executions by floor brokers at the close, with effect from October 1, 2009. Going forward, floor broker executions swept into the close will not qualify for a credit but will be free of charge. The text of the proposed rule change is available on the Exchange's Web site (<http://www.nyse.com>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The NYSE has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Currently, the NYSE pays a credit of \$0.0012 per share to floor brokers for executions swept into the close (*i.e.*, orders executed at the close other than market at-the-close and limit at-the-close orders). Effective October 1, 2009, floor broker executions swept into the close will no longer qualify for a credit but will be free of charge. This is consistent with the treatment of all other orders from Member Organizations (except for Designated Market Makers and Supplemental Liquidity Providers) swept into the close, which are currently free of charge but do not qualify for a credit.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with

the provisions of Section 6⁴ of the Act in general and Section 6(b)(4) of the Act⁵ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its members and other persons using its facilities. The Exchange believes that the proposal does not constitute an inequitable allocation of dues, fees and other charges as it conforms the treatment of orders from floor brokers swept into the close with that afforded to all other orders from Member Organizations (except Designated Market Makers and Supplemental Liquidity Providers) swept into the close.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purpose of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)⁶ of the Act and Rule 19b-4(f)(2)⁷ thereunder.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Paper Comments
