These provisions require states that supplement the Federal SSI payments to pass along Federal cost-of-living increases to individuals who are eligible for state supplemental payments. If a state fails to keep payments at the required level, it becomes ineligible for Medicaid reimbursement under Title XIX of the Social Security Act. SSA uses the information to determine a state's eligibility for Medicaid reimbursement. Respondents are state agencies administering supplemental programs.

Note: This is a correction notice. We are revising this notice to include the chart below that was not in the 60-day **Federal Register** Notice published on August 19, 2009, at 74 FR 41959.

a replacement SSA–1099 or SSA–1042S via the Internet.

5. *Certificate of Incapacity—5 CFR 890.302(d)—0960–0739.* Rules governing the Federal Employee Health Benefits (FEHB) plan require that the physician verify disability of Federal

employees' children ages 22 and over to retain health benefits under the employees' plans. The physician must verify the adult child has a disability that meets the following criteria: (1) Pre-

dates the child's 22nd birthday; (2) is very serious; and (3) is expected to last at least one year. Physicians use Form SSA–604, the Certificate of Incapacity, to document and certify the disability of

children ages 22 and over whose parents are SSA employees. SSA uses the information to determine adult children's (age 22 and above) eligibility for coverage under a parent's FEHB plan. The respondents are physicians of SSA employees' children ages 22 or over who are seeking to retain health benefits under their parents' FEHB coverage.

Misleading Statements or Withholding of Information—0960–0740. This information collection request (ICR) comprises several regulation sections that provide additional safeguards for Social Security beneficiaries whose representative payees receive their payments. The respondents are representative payees who receive and use benefits on behalf of Social Security beneficiaries.

7. Ticket to Work Program Evaluation Survey (National Beneficiary Survey)—0960–0666. The 1999 Ticket to Work and Work Incentives Improvement Act, Public Law 106–170, established the Ticket to Work program (TTW) to create additional access to services for SSA beneficiaries through a new system of public and private Employment Network (EN) providers. Along with establishing the TTW program, the

legislation mandated an evaluation of the program.

In February 2003, SSA began a multi-phase evaluation of this program. Although we had originally planned to complete the final data collection wave by 2009, significant changes we made to the TTW program in 2008 (such as changes to the way State VR agencies can provide services) compelled us to extend the final evaluation to 2010.

In this ICR, we are seeking clearance for Round 4 of the National Beneficiary Survey and two associated experiments (all three activities will use the same data). The respondents are Social Security beneficiaries and TTW enrollees. As with the previous three phases of this project, a contractor will conduct this study for SSA.

Type of Collection: Revision of an OMB-approved information collection.

8. Continuation of SSI Benefits for the Temporarily Institutionalized—Certification of Period and Need to Maintain Home—20 CFR

416.212(b)(1)—0960–0516. When SSI recipients (1) enter a public institution or (2) enter a private medical treatment facility with Medicaid paying more than 50 percent of expenses, their SSI payments are reduced to a nominal sum. However, if this institutionalization is temporary (defined as a maximum of 3 months), SSA may waive the reduction of benefits.

Before SSA can waive the benefits reduction, the agency must obtain the following documentation: (1) A physician's certification the beneficiary will be institutionalized for a maximum of 3 months; and (2) certification from the beneficiary, beneficiary's family, or

beneficiary's friend confirming the need for SSI payments to maintain the living arrangements to which the beneficiary will return post-institutionalization. The respondents are doctors of SSI recipients and the recipients or their family/friends.
