## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Parts 52, 60 and 61

[FRL-8973-6]

### Change of Address for Region 4 State and Local Agencies; Technical Correction

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule; technical amendment.

**SUMMARY:** EPA is correcting the addresses for EPA Region 4 State and local agencies in EPA regulations. The jurisdiction of EPA Region 4 includes the States of Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina and Tennessee. Certain EPA air pollution control regulations requiring submittal of notifications, reports and other documents to the EPA Regional office, must also be submitted to the appropriate authorized State or local agency. This technical amendment updates and corrects the addresses for submitting such information to the EPA Region 4 State and local agency offices.

**DATES:** *Effective Date:* This action is effective October 27, 2009.

#### FOR FURTHER INFORMATION CONTACT:

Deanne Grant, Regulatory Development Section, Air Planning Branch, Air, Pesticides and Toxics Management Division, Region 4, U.S. Environmental Protection Agency, 61 Forsyth Street, SW., Atlanta, Georgia 30303-8960. The telephone number is (404) 562-9291. Ms. Grant can also be reached via electronic mail at [grant.deanne@epa.gov](mailto:grant.deanne@epa.gov).

**SUPPLEMENTARY INFORMATION:** EPA is correcting the addresses for EPA Region 4 State and local agencies in EPA regulations found at 40 CFR parts 52, 60 and 61. Certain EPA air pollution control regulations requiring submittal of notifications, reports and other documents to the EPA regional office, must also be submitted to the appropriate authorized State and local agency. This technical amendment updates and corrects the address for submitting such information to the EPA Region 4 State and local agency offices.

EPA has determined that today's rule falls under the "good cause" exemption in section 553(b)(3)(B) of the Administrative Procedures Act (APA) which, upon finding "good cause," authorizes agencies to dispense with public participation and section 553(d)(3) which allows an agency to make a rule effective immediately (thereby avoiding the 30-day delayed

effective date otherwise provided for in the APA). Today's rule simply codifies provisions which are already in effect as a matter of law in Federal and approved State programs. Under section 553 of the APA, an agency may find good cause where procedures are "impractical, unnecessary, or contrary to the public interest." Public comment is "unnecessary" and "contrary to the public interest" since the codification only reflects existing law. Immediate notice in the CFR benefits the public by updating citations.

## IV. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve State choices, provided that they meet the criteria of the CAA. Accordingly, this action merely approves State law as meeting Federal requirements and does not impose additional requirements beyond those imposed by State law. For that reason, this action:

- Is not a "significant regulatory action" subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and
- Does not provide EPA with the discretionary authority to address, as

appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the SIP is not approved to apply in Indian country located in the State, and EPA notes that it will not impose substantial direct costs on tribal governments or preempt tribal law.

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by December 28, 2009. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

### Federal Travel Regulation (FTR); FTR Case 2009-309, Premium Class Travel and Transportation Allowances

**AGENCY:** Office of Governmentwide  
Policy, General Services Administration  
(GSA).

**ACTION:** Final rule.

**SUMMARY:** The General Services  
Administration (GSA) is amending the  
Federal Travel Regulation (FTR) by  
implementing recommendations  
contained in the September 2007,  
Government Accountability Office  
(GAO) report, “Premium Class Travel:  
Internal Control Weaknesses  
Governmentwide Led to Improper and  
Abusive Use of Premium Class Travel”  
(GAO-07-1268). This final rule  
strengthens the management and  
accountability measures related to the  
use of premium class transportation  
accommodations by Federal employees  
while on official business travel.

**DATES:** *Effective date:* This final rule is  
effective November 27, 2009.

*Applicability date:* This final rule is  
applicable to travel performed on and  
after November 27, 2009.

## SUPPLEMENTARY INFORMATION:

### A. Background

This final rule implements  
recommendations contained in the GAO  
report, “Premium Class Travel: Internal  
Control Weaknesses Governmentwide  
Led to Improper and Abusive Use of  
Premium Class Travel” (GAO-07-1268).  
In the report, GAO made five  
recommendations to GSA to improve  
management and oversight of premium  
class travel. One recommendation by  
GAO is that GSA establish an internal  
central oversight office for travel  
management with authority over agency  
travel policies and programs. GSA has  
created the Center for Policy Evaluation  
which works with Federal agencies to  
identify opportunities for  
Governmentwide improvements in  
travel and transportation. The other four  
recommendations are addressed in this  
final rule and should strengthen  
requirements related to the  
authorization and use of premium class  
transportation accommodations by  
requiring more extensive reporting on  
premium class travel, including  
business-class, for Temporary Duty  
travel (TDY) and Permanent Change of  
Station (PCS) relocations; requiring  
agencies to define what constitutes a  
rest period upon arrival; requiring  
agencies to develop and issue internal  
guidance that explains when mission  
criteria and the intent of that mission  
call for premium class transportation  
accommodations; requiring annual  
certifications for medical disabilities or  
other special needs accommodations;  
and clarifying other specific provisions  
of the FTR which relate to premium  
class transportation accommodations.  
Accordingly, this final rule amends the  
FTR by:

1. *Section 300-70.100*—Adding the  
requirement that agencies report the use  
of all “other than coach-class”  
transportation accommodations which  
exceed the coach-class fare.

2. *Section 300-70.101*—Clarifies  
where agencies may obtain information  
regarding reporting requirements for use  
of other than coach-class transportation  
accommodations.

3. *Section 300-70.102*—Adding the  
requirement that agencies submit their  
other than coach-class transportation  
information to GSA no later than 60  
days after the end of each fiscal year,  
including negative reports.

4. *Section 300-70.103*—Deleting the  
current section 300-70.103; re-  
designating current section 300-70.104  
as section 300-70.103; replacing the  
words “first-class” with “other than  
coach-class”; and clarifying the current  
regulation for submitting negative  
reports when reporting data is also  
protected from public disclosure.

5. *Section 301-2.5*—Replacing the  
words “first-class or business-class”  
with “other than coach-class”.

6. *Section 301-10.105*—Replacing the  
words “business-class or first-class”  
with “other than coach-class”.

7. *Section 301-10.121*—Revising the  
definition of the classes of  
accommodations offered by air carriers.

8. *Section 301-10.123*—Replacing the  
words “first-class” with “other than  
coach-class”; reformatting and revising  
the current regulation to include the  
current provisions of section 301-  
10.124; adding the requirement for  
annual certification of a disability or  
special need of a traveler; and adding  
the requirement for a one-time  
certification of a disability or special  
need of a traveler who has a lifelong  
condition.

9. *Section 301-10.124*—Deleting the  
current regulation and replacing it with  
clarification regarding the use of coach-  
class seating upgrade programs.

10. *Section 301-10.125*—Adding a  
new section on clarification regarding  
the use of the 14-hour rule.

11. *Section 301-10.160*—Amending  
and re-designating current section 301-  
10.160 paragraphs(c) and (d) as section  
301-10.160(c)(1) and (c)(2).

12. *Section 301-10.161*—Replacing  
the words “first-class” with “other than  
coach-class”.

13. *Section 301-10.162*—Replacing  
the words “first-class” with “other than  
coach-class”; clarifying the current  
regulation; adding the requirement for  
annual certification of a disability or  
special need of a traveler; adding the  
requirement for a one-time certification  
of a disability or special need of a  
traveler who has a lifelong condition;  
and adding a new exception as to when  
a traveler may use a higher class of train  
service.

14. *Section 301-10.164*—Clarifying  
the current regulation regarding the use
