

8:30 Registration.
 9:00 The State of BLS: Commissioner's report.
 9:45 Strategic planning: Information gathering and analysis.
 11:15 Employment projections: Status of program initiatives.
 1:30 Green jobs: Plans for measurement.
 2:30 Alleged undercount in the Survey of Occupational Injuries and Illnesses: The debate to date and current research plans.
 3:30 BLS Outreach: Development of metrics.
 4:45 Conclusion.

The meeting is open to the public. Any questions concerning the meeting should be directed to Tracy A. Jack, Data Users Advisory Committee, on 202-691-5869. Individuals with disabilities, who need special accommodations, should contact Ms. Jack at least two days prior to the meeting date.

Signed at Washington, DC the 27th day of October 2009.

Philip L. Ronese,

Deputy Commissioner, Bureau of Labor Statistics.

BILLING CODE 4510-24-P

NATIONAL SCIENCE FOUNDATION

National Science Board; Sunshine Act Meetings; Notice

The National Science Board's Committee on Audit and Oversight, pursuant to NSF regulations (45 CFR part 614), the National Science Foundation Act, as amended (42 U.S.C. 1862n-5), and the Government in the Sunshine Act (5 U.S.C. 552b), hereby gives notice in regard to the scheduling of meetings for the transaction of National Science Board business and other matters specified, as follows:

DATE AND TIME: Friday, November 6, 2009 at 12 p.m.

SUBJECT MATTER: Specific staffing or personnel issues and/or Office of the Inspector General investigations.

STATUS: Closed.

This meeting will be held by teleconference originating at the National Science Board Office, National Science Foundation, 4201 Wilson Blvd., Arlington, VA 22230. Please refer to the National Science Board Web site (<http://www.nsf.gov/nsb>) for information or schedule updates, or contact: Kim Silverman, National Science Foundation, 4201 Wilson Blvd.,

Arlington, VA 22230. Telephone: (703) 292-7000.

Ann Ferrante,

Technical Writer/Editor.

BILLING CODE 7555-01-P

NUCLEAR REGULATORY COMMISSION

[NRC-2009-0481]

Draft Regulatory Guide: Issuance, Availability

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of Issuance and Availability of Draft Regulatory Guide, DG-1217 "Protection Against Turbine Missiles".

FOR FURTHER INFORMATION CONTACT:

Simon Sheng, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, *telephone:* (301) 415-2280, e-mail *Simon.Sheng@nrc.gov*, or R.A. Jervey, *telephone:* (301) 251-7404, e-mail *RAJ@nrc.gov*.

SUPPLEMENTARY INFORMATION:

I. Introduction

The U.S. Nuclear Regulatory Commission (NRC) is issuing for public comment a draft guide in the agency's "Regulatory Guide" series. This series was developed to describe and make available to the public such information as methods that are acceptable to the NRC staff for implementing specific parts of the NRC's regulations, techniques that the staff uses in evaluating specific problems or postulated accidents, and data that the staff needs in its review of applications for permits and licenses.

The draft regulatory guide (DG) is temporarily identified by its task number, DG-1217, which should be mentioned in all related correspondence. DG-1217 is proposed Revision 2 of Regulatory Guide 1.115, Revision 1, dated July 1977.

This guide describes methods acceptable to the NRC staff for protecting safety-related structures, systems, and components against missiles resulting from turbine failure by the appropriate orientation and placement of the turbine-generator set, the management of the probability of turbine missile generation, and the use of missile barriers.

General Design Criterion 4, "Environmental and Dynamic Effects Design Bases," of Appendix A, "General Design Criteria for Nuclear Power

Plants," to Title 10 of the Code of Federal Regulations (10 CFR) Part 50, "Domestic Licensing of Production and Utilization Facilities," requires, in part, that structures, systems, and components important to safety be appropriately protected against the effects of missiles that might result from equipment failures. Failures that could occur in the large steam turbines of the main turbine-generator sets have the potential for producing large high-energy missiles.

II. Further Information

The NRC staff is soliciting comments on DG-1217. Comments may be accompanied by relevant information or supporting data and should mention DG-1217 in the subject line. Comments submitted in writing or in electronic form will be made available to the public in their entirety through the NRC's Agencywide Documents Access and Management System (ADAMS).

Because your comments will not be edited to remove any identifying or contact information, the NRC cautions you against including any information in your submission that you do not want to be publicly disclosed.

The NRC requests that any party soliciting or aggregating comments received from other persons for submission to the NRC inform those persons that the NRC will not edit their comments to remove any identifying or contact information, and therefore, they should not include any information in their comments that they do not want publicly disclosed. You may submit comments by any of the following methods:

1. *Mail comments to:* Rulemaking and Directives Branch, Mail Stop: TWB-05-B01M, Office of Administration, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001.

2. *Federal e-Rulemaking Portal:* Go to <http://www.regulations.gov> and search for documents filed under Docket ID [NRC-2009-0481]. Address questions about NRC dockets to Carol Gallagher, (301) 492-3668; e-mail *Carol.Gallagher@nrc.gov*.

3. *Fax comments to:* Rulemaking and Directives Branch, Office of Administration, U.S. Nuclear Regulatory Commission at (301) 492-3446.

Requests for technical information about DG-1217 may be directed to the NRC contact, Simon Sheng at (301) 415-2280 or e-mail *Simon.Sheng@nrc.gov*.

Comments would be most helpful if received by December 22, 2009.

Comments received after that date will be considered if it is practical to do so, but the NRC is able to ensure consideration only for comments

received on or before this date. Although a time limit is given, comments and suggestions in connection with items for inclusion in guides currently being developed or improvements in all published guides are encouraged at any time.

Electronic copies of DG-1217 are available through the NRC's public Web site under Draft Regulatory Guides in the "Regulatory Guides" collection of the NRC's Electronic Reading Room at <http://www.nrc.gov/reading-rm/doc-collections/>. Electronic copies are also available in ADAMS (<http://www.nrc.gov/reading-rm/adams.html>), under Accession No. ML092250316.

In addition, regulatory guides are available for inspection at the NRC's Public Document Room (PDR) located at 11555 Rockville Pike, Rockville, Maryland. The PDR's mailing address is USNRC PDR, Washington, DC 20555-0001. The PDR can also be reached by telephone at (301) 415-4737 or (800) 397-4205, by fax at (301) 415-3548, and by e-mail to pdr.resource@nrc.gov.

Regulatory guides are not copyrighted, and Commission approval is not required to reproduce them.

Dated at Rockville, Maryland, this 26th day of October, 2009.

For the Nuclear Regulatory Commission.

John N. Ridgely,

Acting Chief, Regulatory Guide Development Branch, Division of Engineering, Office of Nuclear Regulatory Research.

BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

[NRC-2009-0176]

Notice of Issuance of Regulatory Guide

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of issuance and availability of Regulatory Guide 1.189, Revision 2.

FOR FURTHER INFORMATION CONTACT: R.A. Jerve, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, telephone (301) 251-7404 or e-mail to RAJ@nrc.gov.

SUPPLEMENTARY INFORMATION:

I. Introduction

The U.S. Nuclear Regulatory Commission (NRC) is issuing a revision to an existing guide in the agency's "Regulatory Guide" series. This series was developed to describe and make available to the public information such as methods that are acceptable to the

NRC staff for implementing specific parts of the agency's regulations, techniques that the staff uses in evaluating specific problems or postulated accidents, and data that the staff needs in its review of applications for permits and licenses.

Revision 2 of Regulatory Guide 1.189, "Fire Protection for Nuclear Power Plants," was issued with a temporary identification as Draft Regulatory Guide, DG-1214. The NRC staff developed this regulatory guide to provide a comprehensive fire protection guidance document and to identify the scope and depth of fire protection program (FPP) that the staff would consider acceptable for nuclear power plants. This revision incorporates guidance developed to address and close previously unresolved issues including spurious actuation of components as a result of fire affecting electrical circuits.

The regulatory framework that the U.S. Nuclear Regulatory Commission (NRC) has established for nuclear plant FPPs consists of a number of regulations and supporting guidelines, including, but not limited to, Title 10 of the Code of Federal Regulations, Part 50, "Domestic Licensing of Production and Utilization Facilities," (10 CFR part 50), Appendix A, "General Design Criteria for Nuclear Power Plants," General Design Criterion (GDC) 3, "Fire Protection"; 10 CFR 50.48, "Fire Protection"; Appendix R, "Fire Protection Program for Nuclear Power Facilities Operating Prior to January 1, 1979," to 10 CFR part 50; regulatory guides; generic communications (e.g., generic letters [GLs], regulatory issue summaries [RISs], bulletins, and information notices [INs]); NUREG-series reports, including NUREG-0800, "Standard Review Plan [SRP] for the Review of Safety Analysis Reports for Nuclear Power Plants"; and industry standards. Not all fire protection regulations promulgated by the NRC apply to all plants. Regulatory guides do not always refer to regulations as requirements. Licensees should refer to their plant-specific licensing bases to determine the applicability of a specific regulation to a specific plant.

II. Further Information

In April 2009, DG-1214 was published with a public comment period of 60 days from the issuance of the guide. The public comment period closed on May 29, 2009. The staff's responses to the public comments are located in NRC's Agencywide Documents Access and Management System under accession number ML092580570. The regulatory analysis included within DG-1214 is valid and

applicable to the issue of this revision. Electronic copies of Regulatory Guide 1.189, Revision 2 are available through the NRC's public Web site under "Regulatory Guides" at <http://www.nrc.gov/reading-rm/doc-collections/>.

In addition, regulatory guides are available for inspection at the NRC's Public Document Room (PDR) located at Room O-1F21, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852-2738. The PDR's mailing address is USNRC PDR, Washington, DC 20555-0001. The PDR can also be reached by telephone at (301) 415-4737 or (800) 397-4209, by fax at (301) 415-3548, and by e-mail to pdr.resource@nrc.gov.

Regulatory guides are not copyrighted, and NRC approval is not required to reproduce them.

Dated at Rockville, Maryland, this 26th day of October, 2009.

For the Nuclear Regulatory Commission.

John N. Ridgely,

Acting Chief, Regulatory Guide Development Branch, Division of Engineering, Office of Nuclear Regulatory Research.

BILLING CODE 7590-01-P

OFFICE OF PERSONNEL MANAGEMENT

[OMB Control No. 3206-0212; Forms RI 38-117, RI 38-118, and RI 37-22]

Submission for OMB Review; Request for Comments on a Revised Information Collection

AGENCY: Office of Personnel Management.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, May 22, 1995), this notice announces that the Office of Personnel Management (OPM) has submitted to the Office of Management and Budget (OMB) a request for review of a revised information collection. This information collection, "Rollover Election" (OMB Control No. 3206-0212, Form RI 38-117), is used to collect information from each payee affected by a change in the tax code so that OPM can make payment in accordance with the wishes of the payee. "Rollover Information" (OMB Control No. 3206-0212, Form RI 38-118), explains the election. "Special Tax Notice Regarding Rollovers" (OMB Control No. 3206-0212, Form RI 37-22), provides more detailed information.

The estimated number of respondents is 1,500. We estimate it takes
