

general, to protect investors and the public interest. Opening trading earlier will permit investors greater opportunity to participate in the market, thereby removing an impediment to trading.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposal.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(6) thereunder¹⁰ because the proposal does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) by its terms, become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.¹¹

The Exchange has requested that the Commission waive the 30-day operative delay period. The Commission hereby grants that request and believes that such action is consistent with the protection of investors and the public interest. The Exchange has represented that the proposed earlier start time will not impact its systems or adversely affect market participants whose quoting obligations do not start until 8:30 a.m. Central Time.¹² Moreover, the Commission notes that the Exchange represents that it notified CBSX traders via circular the proposed time change.¹³

¹⁰ 17 CFR 240.19b-4(f)(6).

¹¹ In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Commission has waived the pre-filing requirement in this case.

¹² See CBOE Rule 53.56(a)(4).

¹³ For purposes only of waiving the operative delay for this proposal, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such proposed rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.¹⁴

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-60912; File No. SR-NYSE-2009-108]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Adjust Its Rebates Paid to Supplemental Liquidity Providers

November 2, 2009.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act"),² and Rule 19b-4 thereunder,³ notice is hereby given that, on October 29, 2009, New York Stock Exchange LLC (the "NYSE" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its schedule of credits paid to Supplemental Liquidity Providers, effective November 1, 2009. The text of the proposed rule change is available on the Exchange's Web site (<http://www.nyse.com>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of,

² 15 U.S.C. 78a *et seq.*

and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The NYSE has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Currently, the NYSE pays a credit of \$0.0015 per share to Supplemental Liquidity Providers ("SLPs") when they provide liquidity on the NYSE and the SLP (i) meets the 3% average or more quoting requirement in an assigned security pursuant to Rule 107B and (ii) adds liquidity of an average daily volume ("ADV") of 100 million shares or less in the applicable month. Effective November 1, 2009, the Exchange is modifying the requirements for an SLP to qualify for the \$0.0015 per share credit, by requiring that the SLP must add liquidity of an ADV of more than 10 million shares in the applicable month to qualify for the credit. This new requirement will not apply to a new SLP in the first month that it is an SLP, as the Exchange believes the requirement would be difficult for a new SLP to meet while building up its liquidity providing activities in that first month. The Exchange is also amending the Price List to make it clear that, when SLPs do not qualify for the \$0.0015 per share credit, they are entitled to the \$0.0010 per share credit payable to all customers when providing liquidity.

Currently, SLPs receive a credit of \$0.0005 per share for executions at the close, except market at-the-close ("MOC") and limit at-the-close ("LOC") orders. While it is not making any substantive change to the treatment of MOC and LOC orders executed by SLPs, the Exchange is amending the Price List to clarify that MOC and LOC orders do not benefit from the credit. SLPs will continue to pay the same transaction fees on MOC and LOC orders as are paid by other member organizations. The fee for MOC and LOC orders is \$0.0006 per share for any member organization executing an ADV on the NYSE in the applicable month of at least 130 million shares, including (i) adding liquidity in an ADV of at least 30 million shares and (ii) an ADV of at least 15 million shares total in MOC and LOC orders. The fee for MOC and LOC orders for member organizations not meeting the

requirements set forth in the preceding sentence is \$0.0007 per share.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6⁴ of the Act of 1934 the Act in general and Section 6(b)(4) of the Act⁵ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among its members and other persons using its facilities.

The Exchange believes that the proposal does not constitute an inequitable allocation of dues, fees and other charges, as the liquidity provided by SLPs is an important part of the NYSE market model and it is therefore appropriate to structure credits to incent liquidity provision by SLPs.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purpose of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)⁶ of the Act and Rule 19b-4(f)(2)⁷ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
