

requires in each abandonment exemption proceeding a detailed map of the rail line, depicting the line's relation to other rail lines, roads, water routes, and population centers. The Board uses this information to determine the scope and the impact of the proposed abandonment. In addition, this information is posted on the Board's Web site and serves as a form of notice to current and/or potential shippers, and to persons who might want to make an offer of financial assistance under 49 U.S.C. 10904; acquire the line as a trail under the National Trails System Act, 16 U.S.C. 1247(d); or acquire the line for another public purpose under 49 U.S.C. 10905.

Collection Number Two

Title: System Diagram Maps (or, in the case of small carriers, the alternative narrative description of rail system).

OMB Control Number: 2140-0003.

Form Number: None.

Type of Review: Extension without change.

Respondents: Common carrier freight railroads that are either new or reporting changes in the status of one or more of their rail lines.

Number of Respondents: 3.

Estimated Time per Response: 7.1 hours, based on average time reported in informal survey of respondents conducted in 2009.

Frequency of Response: 1.

Total Annual Burden Hours: 21 hours.

Total Annual "Non-Hour Burden"

Cost: None have been identified.

Needs and Uses: Under 49 CFR 1152.10-1152.13, all railroads subject to the Board's jurisdiction are required to keep current system diagram maps on file, or alternatively in the case of a Class III carrier (a carrier with assets of not more than \$20 million in 1991 dollars), to submit the same information in narrative form. The information sought in this collection identifies all lines in a particular railroad's system, categorized to indicate the likelihood that service on a particular line will be abandoned and/or whether service on a line is currently provided under the financial assistance provisions of 49 U.S.C. 10904. Carriers are obligated to amend these maps as the need to change the category of any particular line arises. The Board uses this information to facilitate informed decision making, and this information, which is available to the public from the carrier by request, 49 CFR 1152.12(c)(3), may serve as notice to the shipping public of the carrier's intent to abandon or retain a line.

SUPPLEMENTARY INFORMATION: Under the PRA, a Federal agency conducting or sponsoring a collection of information must display a currently valid OMB control number. A collection of information, which is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c), includes agency requirements that persons submit reports, keep records, or provide information to the agency, third parties, or the public. Under section 3506(c)(2)(A) of the PRA, Federal agencies are required to provide a 60-day notice and comment period through publication in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval.

Dated: November 4, 2009.

Cynthia T. Brown,

Chief, Section of Administration, Office of Proceedings.

BILLING CODE 4915-01-P

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Environmental Assessment: Cameron County, TX

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Opportunity for public hearing for Environmental Assessment (EA).

SUMMARY: FHWA is issuing this notice to advise the public that an opportunity for public hearing will be afforded. If a request is made by interested citizens to have a Public Hearing to discuss the socio-economic and environmental effects of the second international bridge project at the Veterans International Bridge at Los Tomates in Brownsville, Texas. One will be scheduled and adequate notices will be publicized.

FOR FURTHER INFORMATION CONTACT:

Gregory S. Punske P.E. District Engineer, Federal Highway Administration, Texas Division, 300 East 8th Street, Room 826, Austin, Texas 78701, Telephone (512) 536-5960.

SUPPLEMENTARY INFORMATION: The Texas Department of Transportation (TxDOT) in cooperation with Cameron County and the City of Brownsville, plan to construct a second international bridge at the Veteran's International Bridge located at Los Tomates from the General Services Administration (GSA) Facilities in Brownsville, Cameron County, Texas, to the International Demarcation line on the Rio Grande, a

distance of approximately 0.26 miles. The proposed improvement would be constructed 32 feet downstream of the existing bridge within the existing 300-foot wide right-of-way (ROW) and would not require additional ROW. No displacement of individuals, families, farms or non-profit organizations are anticipated. The new bridge span would provide service to and a connection between Brownsville, Texas and H. Matamoros, Tamaulipas, Mexico. Cameron County and the City of Brownsville plans to submit an international bridge application for the proposed bridge to the Texas Transportation Commission.

The proposed bridge typical section would have an overall width of 56 feet consisting of four 12 feet wide travel lanes and a 5 feet wide security chain link fenced sidewalk for pedestrians. The proposed bridge approach roadway would consist of four 12' wide travel lanes, a sidewalk and shoulders with variable width. The bridge connection or the center bridge span would have an overall maximum width of 88 feet and would consist of two 12 feet wide travel lanes, a travel lane of variable width with a minimum from 12 feet to a maximum of 48 feet and a 5 feet wide security chain link fenced sidewalk for pedestrians. The proposed bridge on the U.S. side would be connected to a similar proposed bridge structure in the Mexico side. A mid-point connection of the two bridges would be constructed to provide flexibility in operation, maintenance, and security. Five bridge spans near the river would join the existing bridge to the proposed bridge. This transitional connection would allow for one bridge to be operational while maintenance is undertaken on the opposite bridge. This bridge connection section would allow traffic diversion from one bridge to another in case of an accident or emergency.

Approximately 0.406 acres of waters of the U.S. including wetlands would be impacted by the proposed improvements. The proposed project is located within the 100-year floodplain and would permit the conveyance of the 100-year flood without causing significant damage. Information about the tentative construction schedule can be obtained from the district office.

Location maps, design plans, schematic, environmental assessment and other available information concerning the proposed project are on file and available for viewing at the TxDOT District office (956) 702-6100 located at 600 W. U.S. Expressway 83 in Pharr. Copies can be obtained by submitting a written request to the Pharr District office. For your convenience, it

is advised to call beforehand to schedule an appointment to view the available information. Information about the tentative construction schedule can be obtained from the district office.

Interested citizens may request a Public Hearing to be held to discuss the socio-economic and environmental effects of the highway project by mailing a written request to the District Engineer's Office at the P.O. Box 1717 in Pharr, Texas 78577, faxing request to (956) 702-6110, or e-mailing request to rgelsto@dot.state.tx.us on or before Tuesday, December 15, 2009, 5 p.m.

In the event such a request is received, a Public Hearing will be scheduled and adequate notices will be publicized regarding the date and location of the hearing. If a public hearing is requested, persons who require special communication or accommodation needs are encouraged to contact Amy Rodriguez at (956) 702-6100 at least five days before the hearing.

Comments and suggestions from all interested parties are invited to ensure that the full range of issues related to the proposed project are identified and addressed. Comments or questions concerning this proposed action and the EA should be directed to the FHWA at the address provided above.

(Catalog of Federal Domestic Assistance Program Number 20.205, Highway Research, Planning and Construction. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities apply to this program.)

Issued on: November 5, 2009.

Gregory S. Punske,

District Engineer, Austin, Texas.

BILLING CODE 4910-22-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[Summary Notice No. PE-2009-54]

Petitions for Exemption; Summary of Petitions Received

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of petitions for exemption received.

SUMMARY: This notice contains a summary of certain petitions seeking relief from specified requirements of 14 CFR. The purpose of this notice is to improve the public's awareness of, and participation in, this aspect of FAA's regulatory activities. Neither publication of this notice nor the inclusion or

omission of information in the summary is intended to affect the legal status of any petition or its final disposition.

DATES: Comments on petitions received must identify the petition docket number involved and must be received on or before December 2, 2009.

ADDRESSES: You may send comments identified by Docket Number FAA-2009-0899 using any of the following methods:

- *Government-wide rulemaking Web site:* Go to <http://www.regulations.gov> and follow the instructions for sending your comments electronically.

- *Mail:* Send comments to the Docket Management Facility; U.S. Department of Transportation, 1200 New Jersey Avenue, SE., West Building Ground Floor, Room W12-140, Washington, DC 20590.

- *Fax:* Fax comments to the Docket Management Facility at 202-493-2251.

- *Hand Delivery:* Bring comments to the Docket Management Facility in Room W12-140 of the West Building Ground Floor at 1200 New Jersey Avenue, SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

- *Docket:* To read background documents or comments received, go to <http://www.regulations.gov> at any time or to the Docket Management Facility in Room W12-140 of the West Building Ground Floor at 1200 New Jersey Avenue, SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION: We will post all comments we receive, without change, to <http://www.regulations.gov>, including any personal information you provide. Using the search function of our docket Web site, anyone can find and read the comments received into any of our dockets, including the name of the individual sending the comment (or signing the comment for an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477-78).

FOR FURTHER INFORMATION CONTACT:

Anna Bruse, (202) 267-9655, or Tyneka Thomas (202) 267-7626, Office of Rulemaking, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591.

This notice is published pursuant to 14 CFR 11.85.

Issued in Washington, DC, on November 5, 2009.

Pamela Hamilton-Powell,

Director, Office of Rulemaking.

Petitions for Exemption

Docket No.: FAA-2009-0899.

Petitioner: National Test Pilot School.

Section of 14 CFR Affected: 14 CFR 61.3(a) and (c).

Description of Relief Sought: National Test Pilot School (NTPS) seeks an exemption from 14 CFR 61.3(a) and (c) to allow flight test training of foreign military test pilot students enrolled in NTPS who have no civil licenses to be trained in aircraft requiring two licensed pilots.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Public Notice for Waiver of Aeronautical Land-Use Assurance Jefferson County Airpark Steubenville, OH

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of intent of waiver with respect to land.

SUMMARY: The Federal Aviation Administration (FAA) is considering a proposal to change a portion of the airport from aeronautical use to non-aeronautical use and to authorize the release of 1.8473 acres of airport property for non-aeronautical development. The land consists of a portion of a 3.728 acre parcel acquired under grant 3-390074-10. There are no impacts to the airport by allowing the Jefferson County to lease the property. The land is not needed for aeronautical use. Approval does not constitute a commitment by the FAA to financially assist in the lease of the subject airport property nor a determination of eligibility for grant-in-aid funding from the FAA. The disposition of proceeds from the lease of the airport property will be in accordance with FAA's Policy and Procedures Concerning the Use of Airport Revenue, published in the **Federal Register** on February 16, 1999.

In accordance with section 47107(h) of title 49, United States Code, this notice is required to be published in the **Federal Register** 30 days before modifying the land-use assurance that requires the property to be used for an aeronautical purpose.

DATES: Comments must be received on or before December 14, 2009.
