SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-61010; File No. SR-ISE-2009-87]

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing of Proposed Rule Change Relating to Foreign Currency Options

November 16, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 27, 2009, the International Securities Exchange, LLC ("ISE" or "Exchange"), filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its rules regarding Foreign Currency Options ("FX Options").³ The text of the proposed rule change is available on the Exchange's Web site <http://www.ise.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

² 17 CFR 240.19b-4.

³ ISE began trading FX options on April 17, 2007. See Securities Exchange Act Release No. 55575 (April 3, 2007), 72 FR 17963 (April 10, 2007) (SR-ISE-2006-59) (the "FX Options Filing").

¹¹ 17 CFR 200.30-3(a)(12).

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

ISE proposes to amend its rules regarding FX Options. Specifically, the Exchange proposes to amend ISE Rule 2205 by adding a provision that permits the Exchange to list a single strike price of one cent (\$0.01) for each expiration month for FX Options opened for trading on the Exchange.⁴ The proposed one cent strike would be in addition to the strike prices listed by the Exchange pursuant to ISE Rule 2205.

Currently, pursuant to ISE Rule 2205, after a class of options contracts on any underlying currency pair has been approved for listing and trading, the Exchange may open for trading series of FX Options that expire in consecutive monthly intervals (ISE Rule 2205(a)(1)(A)), in three or "cycle" month intervals (ISE Rule 2205(a)(1)(B)), or that have up to 36 months to expiration (ISE Rule 2205(a)(1)(C)). For example, pursuant to ISE Rule 2205(a)(1)(A), with respect to each class of FX Options, the Exchange may open for trading series of options having up to four consecutive expiration months, with the shortest term series having no more than two months to expiration. The Exchange may also open additional consecutive month series of the same class for trading at or about the time a prior consecutive month series expires, and the expiration month of each such new series shall normally be the month immediately succeeding the expiration month of the then outstanding consecutive month series of the same class of options having the longest remaining time to expiration. Under this proposed rule change, for each such month opened for trading, the Exchange would list an additional strike price of one cent.

The Exchange notes that adding a one cent strike for FX Options will result in a single deep in the money call option to provide investors with exposure similar to that of spot. The Exchange believes creating such exposure provides an opportunity to attract a broader range of market participants by offering a product that, in particular,

accommodates retail spot foreign currency traders.

The Exchange also believes that a \$0.01 strike price would enable certain trading strategies that were previously unavailable to investors. Specifically, investors would be able to engage in strategies that offer similar exposure to a tied-to-spot trade, such as a buy-write trade. The proposed new strike would also appeal to securities brokers that do not currently offer spot foreign currency trading. Many online securities brokers have not offered spot foreign currency trading to their customers because it is not a listed and centrally-cleared product. ISE's proposed rule change offers such brokers an opportunity to expand their offering beyond equities and retain customer assets that may otherwise go to spot foreign currency trading venues that operate outside of U.S. regulatory jurisdiction.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations under the Act applicable to a national securities exchange and, in particular, the requirements of Section 6(b) of the Act.⁵ Specifically, the Exchange believes the proposed rule change is consistent with Section 6(b)(5) of the Act's⁶ requirements that the rules of a national securities exchange be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts and, in general, to protect investors and the public interest. In particular, the proposed rule change will allow the Exchange to list a single one cent strike for each expiration month of FX Options opened for trading and thereby provide investors with the ability to engage in previously unavailable spot foreign currency trading strategies.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any

unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission will:

- (A) By order approve the proposed rule change, or
- (B) Institute proceedings to determine whether the proposed rule change should be disapproved.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-61023; File No. SR-MSRB-2009-16]

Self-Regulatory Organizations; Municipal Securities Rulemaking Board; Notice of Filing and Immediate Effectiveness of New Rule A-16, on Examination Fees

November 18, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on November 5, 2009, the Municipal Securities Rulemaking Board ("MSRB" or "Board"), filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which Items have been prepared by the MSRB. The MSRB has designated the proposed rule change as charging a fee applicable to brokers, dealers and municipal securities dealers pursuant to Section 19(b)(3)(A)(ii) of the Act,³ and Rule 19b-4(f)(2) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The MSRB is filing new Rule A-16, which provides for examination fee assessments on persons taking certain

qualification examinations as of January 4, 2010. Any person associated with a broker, dealer or municipal securities dealer ("dealer") engaged in municipal securities activities who is a municipal securities representative, municipal securities principal, or municipal fund securities limited principal must take and pass a qualification examination to demonstrate competence in each area in which he or she intends to work. The Series 51 (Municipal Fund Securities Limited Principal Qualification Examination), Series 52 (Municipal Securities Representative Qualification Examination), and Series 53 (Municipal Securities Principal Qualification Examination) are developed, maintained, and owned by the MSRB. The new rule will assess a \$60 examination development fee on each individual taking the Series 51, 52, or 53 examinations. The text of the proposed rule change is available on the MSRB's Web site at www.msrb.org/msrb1/sec.asp, at the MSRB's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the MSRB included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The MSRB has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The proposed rule change establishes examination fees that shall be assessed on persons taking certain qualification examinations as of January 4, 2010. Any person associated with a broker, dealer or municipal securities dealer ("dealer") engaged in municipal securities activities who is a municipal securities representative, municipal securities principal, or municipal fund securities limited principal must take and pass a qualification examination to demonstrate competence in each area in which he or she intends to work. The Series 51 (Municipal Fund Securities Limited Principal Qualification Examination), Series 52 (Municipal Securities Representative Qualification

Examination), and Series 53 (Municipal Securities Principal Qualification Examination) are developed, maintained, and owned by the MSRB. These examinations are intended to safeguard the investing public by helping to ensure that certain persons associated with dealers meet minimum qualifications to perform their job. Given this purpose, the examinations seek to measure accurately and reliably the degree to which each candidate possesses the knowledge, skills and abilities necessary to perform his or her job. The Series 51 examination is 1½ hours and consists of 60 multiple-choice questions, and the Series 52 and 53 examinations are 3 hours each and consist of 100 multiple-choice questions per examination.

Currently, the fee assessed by the Financial Industry Regulatory Authority ("FINRA"), which administers the examination on behalf of the MSRB, is \$85 for the Series 51 examination, \$95 for the Series 52 examination, and \$95 for the Series 53 examination. At present, FINRA receives the entire amount of the fee for each of the examinations, which is intended to cover the cost to FINRA to schedule, administer the examinations, maintain records, and undertake systems changes. Pursuant to the proposed rule change, the MSRB will assess a development fee of \$60 per examination, which will be collected by FINRA along with FINRA's administrative fee. With the addition of the MSRB development fee, the total fee will be \$145 for the Series 51 examination, \$155 for the Series 52 examination, and \$155 for the Series 53 examination. On a periodic basis, FINRA will remit the fees it collects on behalf of the MSRB for development of the examinations to the MSRB and will retain the administrative fees it collects for the delivery of the examinations.

The proposed MSRB development fee is intended to partially cover costs incurred to develop and implement the examinations, costs associated with monitoring the examinations for effectiveness, and costs associated with updating the examinations' content and questions. The development fees will be effective as of January 4, 2010.

2. Statutory Basis

The MSRB believes that the proposed rule change is consistent with the requirements of Section 15B(b)(2)(J) of the Act,⁵ which requires, in pertinent part, that the MSRB's rules shall:

Provide that each municipal securities broker and each municipal securities dealer shall pay to the Board such reasonable fees
