BILLING CODE 4310-MN-P

DEPARTMENT OF THE INTERIOR

Bureau of Indian Affairs

No Child Left Behind Act of 2001—Membership of the School Facilities and Construction Negotiated Rulemaking Committee

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice.

SUMMARY: As required by the No Child Left Behind Act of 2001, and in compliance with procedures set out in the Negotiated Rulemaking Act, the Secretary of the Interior has appointed members of the committee to prepare and submit a report or reports regarding Bureau-funded school facilities. The Secretary chose from nominations submitted by Indian tribes and others whose students attend Bureau-funded schools (operated either by the Bureau, or by a tribe through a contract or grant). To the maximum extent possible, the proportional representation of tribes on the committee reflects the proportionate share of students from tribes served by the Bureau-funded school facilities. In addition, the Secretary considered the balance of representation with regard to

geographical location, size, and type of school and facility, as well as the interests of parents, teachers, administrators, and school board members, in selecting tribal committee representatives. Having considered all nominations, the Secretary appoints the persons named in this notice as committee members.

DATES: Comments must be postmarked or faxed no later than January 11, 2010. For the dates of the first committee meeting, please see the information under the "First Committee Meeting" heading in this notice.

ADDRESSES: Send comments to the Designated Federal Official: Michele F. Singer, Director, Office of Regulatory Affairs & Collaborative Action, Office of the Assistant Secretary—Indian Affairs, 1001 Indian School Road, NW., Suite 312, Albuquerque, NM 87104. Or fax to (505) 563-3811. For the location of the first committee meeting, please see the information under the "First Committee Meeting" heading in this notice.

FOR FURTHER INFORMATION CONTACT: Michele F. Singer, Designated Federal Official. Telephone: (505) 563-3805. Fax: (505) 563-3811.

SUPPLEMENTARY INFORMATION:

Background

The No Child Left Behind Act of 2001 (Pub. L. 107-110), which is codified at 25 U.S.C. 2001 *et seq.*, requires the Secretary to establish a negotiated rulemaking committee to issue a report or reports to the Secretary relating to specific areas of Indian education (*see* 25 U.S.C. 2018). The Secretary must follow the procedures of negotiated rulemaking under the Negotiated Rulemaking Act (5 U.S.C. 561 *et seq.*) in a manner that:

(1) Reflects the unique government-to-government relationship between Indian tribes and the United States;

(2) Ensures that the membership of the committee includes only representatives of the Federal Government and of tribes served by Bureau-funded schools;

(3) Ensures, to the maximum extent possible, that the tribal representative membership on the committee reflects the proportionate share of students from tribes served by the Bureau-funded school system; and

(4) Complies with the Federal Advisory Committee Act (5 U.S.C. Appx. 1 *et seq.*).

In the fall of 2006, the Department sought assistance with this effort from the U.S. Institute for Environmental Conflict Resolution (U.S. Institute). The U.S. Institute conducted a convening assessment and contracted with an

independent, impartial convening team, the Consensus Building Institute (CBI), to carry out interviews and prepare a draft convening report. The topics covered in CBI's interviews were: Methods used to catalog school facilities, formulas for prioritizing and funding school replacement construction and new construction, and formulas for prioritizing and funding school renovation and repair. The convening team conducted confidential interviews with tribal officials or their designees, representatives of Bureau-operated or tribally controlled schools, and others with an interest in Bureau-funded school facilities construction. The team also conducted two focus group sessions. Altogether, the team spoke with 198 individuals, representing some 99 different schools. In its final report, CBI provided recommendations to assign committee seats according to the Congressional mandate for proportionality using student enrollment figures from 2006 and also suggested that seats be allocated to other tribes and tribal entities to maximize representation. The Final Convening Report prepared by CBI was released on March 5, 2008, and can be accessed at http://www.ecr.gov/pdf/BLA_FinalConvRpt200803.pdf.

The proposed school facilities negotiated rulemaking committee will prepare and submit to the Secretary of the Interior the following:

(1) A catalog of school facilities that includes the components required by 25 U.S.C. 2005(a)(5)(A)(i)(I)–(V);

(2) A report that determines the school replacement and new construction needs of the interested parties, and a formula for the equitable distribution of funds to address those needs, based on the requirements of 25 U.S.C. 2005(a)(5)(A)(ii);

(3) A report that determines the major and minor renovation needs of the interested parties, and a formula for the equitable distribution of funds to address these needs, based on the requirements of 25 U.S.C. 2005(a)(5)(A)(iii); and

(4) Proposed revisions to the national facilities standards for home-living (dormitory) situations, based on the requirements of 25 U.S.C. 2002(a)(1).

Selection of Committee Members

On October 22, 2008, the Secretary published a request for nominations (73 FR 63008) and, on January 6, 2009, extended the deadline for submitting requests for nominations to January 23, 2009 (74 FR 454). The Secretary received 50 nominations. The Secretary has determined that the proper functioning of the committee requires

that the committee be limited to 30 members, as allowed by the Negotiated Rulemaking Act (5 U.S.C. 565).

The Secretary finds that the membership of the committee:

(1) Represents interests that will be significantly affected by the final report (*i.e.*, parents; teachers; school board members; and administrators of Bureau-funded school facilities);

(2) Proportionately represents students from tribes served by Bureau-funded school facilities;

(3) Represents, to the extent possible in a committee of limited size, the diverse sizes, types, and locations of Bureau-funded education facilities; and

(4) Has been selected using a process that considers the nominees' knowledge of school facilities and their repair,

renovation and construction; experience with past or present school construction; and relevant skills and abilities.

SUPPLEMENTARY INFORMATION

Introduction

With this notice, we finalize the CCP process for Tensas River NWR. We started this process through a notice in the **Federal Register** on September 8, 2006 (71 FR 53131). For more about the process, see that notice.

Tensas River NWR consists of 74,622 acres in fee title and 195 acres in easement. It is located in the Tensas River Basin in northeast Louisiana, approximately 60 miles southeast of Monroe, Louisiana, and 25 miles

southwest of Vicksburg, Mississippi. The refuge area encompasses portions of Madison, Tensas, and Franklin Parishes. The office/visitor center and maintenance facilities on the refuge are approximately 12 miles southwest of Tallulah, Louisiana.

In an effort to conserve the largest privately owned tract of bottomland hardwoods remaining in the Mississippi Delta, Congress authorized the Secretary of the Interior to establish the Tensas River NWR by Public Law 96–285 on June 28, 1980. Tensas River NWR was established for various purposes, including:

“For the preservation and development of the environmental resources * * * to conserve the diversity of fish and wildlife and their habitat * * * for the conservation and development of wildlife and natural resources, the development of outdoor recreation opportunities, and interpretative education,” and “to give special consideration to management of the timber on the refuge to ensure continued commercial production and harvest compatible with the purposes for which the refuge is established and the needs of fish and wildlife which depend upon the dynamic and diversified hardwood forest” (94 Stat. 595, dated June 28, 1980);

“For the development, advancement, management, conservation, and protection of fish and wildlife resources” [16 U.S.C. 742f(a)(4)] “for the benefit of the United States Fish and Wildlife Service, in performing its activities and services. Such acceptance may be subject to the terms of any restrictive or affirmative covenant, or condition of servitude” [16 U.S.C. 742f(b)(1) (Fish and Wildlife Act of 1956)];

“For conservation purposes” [7 U.S.C. 2002 (Consolidated Farm and Rural Development Act)];

“To conserve (A) fish or wildlife which are listed as endangered species or threatened species * * * or (B) plants” [16 U.S.C. 1534 (Endangered Species Act of 1973)].

We announce our decision and the availability of the final CCP and FONSI for Tensas River NWR in accordance with the National Environmental Policy Act (NEPA) [40 CFR 1506.6(b)] requirements. We completed a thorough
