

Category	Examples of potentially affected entities
Federal Government	Facilities included in the following NAICS codes (corresponding to SIC codes other than SIC codes 20 through 39): 212111, 212112, 212113 (correspond to SIC 12, Coal Mining (except 1241)); or 212221, 212222, 212231, 212234, 212299 (correspond to SIC 10, Metal Mining (except 1011, 1081, and 1094)); or 221111, 221112, 221113, 221119, 221121, 221122, 221330 (Limited to facilities that combust coal and/or oil for the purpose of generating power for distribution in commerce) (correspond to SIC 4911, 4931, and 4939, Electric Utilities); or 424690, 425110, 425120 (Limited to facilities previously classified in SIC 5169, Chemicals and Allied Products, Not Elsewhere Classified); or 424710 (corresponds to SIC 5171, Petroleum Bulk Terminals and Plants); or 562112 (Limited to facilities primarily engaged in solvent recovery services on a contract or fee basis (previously classified under SIC 7389, Business Services, NEC)); or 562211, 562212, 562213, 562219, 562920 (Limited to facilities regulated under the Resource Conservation and Recovery Act, subtitle C, 42 U.S.C. 6921 <i>et seq.</i>) (correspond to SIC 4953, Refuse Systems). Federal facilities.

This table is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. Some of the entities listed in the table have exemptions and/or limitations regarding coverage, and other types of entities not listed in the table could also be affected. To determine whether your facility would be affected by this action, you should carefully examine the applicability criteria in part 372 subpart B of Title 40 of the Code of Federal Regulations. If you have questions regarding the applicability of this action to a particular entity, consult the person listed in the preceding “**FOR FURTHER INFORMATION CONTACT**” section.

B. How Should I Submit CBI to the Agency?

Do not submit CBI information to EPA through <http://www.regulations.gov> or e-mail. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD ROM that you mail to EPA, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

II. Background Information

A. What Does This Document Do and What Action Does This Document Affect?

This document extends the comment period for EPA’s February 26, 2010, **Federal Register** document concerning EPA’s intent to consider lifting the Administrative Stay of the EPCRA section 313 reporting requirements for hydrogen sulfide (75 FR 8889).

B. Why and for How Long Is EPA Extending the Comment Period?

EPA has received a request on behalf of a number of groups to extend the comment period on EPA’s intent to consider lifting the Administrative Stay of the EPCRA section 313 reporting requirements for hydrogen sulfide. The groups requesting an extension are the American Coke and Coal Chemicals Institute, American Forest and Paper Association, American Petroleum Institute, Asphalt Institute, Carbon Disulfide Coalition, Corn Refiners Association and The Sulphur Institute. These groups have requested additional time to review relevant information and prepare comments. EPA has considered this request and has determined that extending the comment period is an appropriate action. Therefore, EPA is extending the comment period on the February 26, 2010, **Federal Register** document by 15 days until May 12, 2010. All comments should be submitted following the detailed instructions as provided in the “**ADDRESSES**” section of this document, and in Unit I. of the “**SUPPLEMENTARY INFORMATION**” section of this document. All comments must be received by May 12, 2010.

List of Subjects in 40 CFR Part 372

Environmental protection, Community right-to-know, Reporting and recordkeeping requirements, and Toxic chemicals.

Dated: April 7, 2010.

Richard A. Martin,

Acting Director, Office of Information Analysis and Access.

BILLING CODE 6560–50–P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket ID FEMA–2010–0003; Internal Agency Docket No. FEMA–B–1110]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule.

SUMMARY: Comments are requested on the proposed Base (1% annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed in the table below. The purpose of this document is to seek general information and comment regarding the proposed regulatory flood elevations for the reach described by the downstream and upstream locations in the table below. The BFEs and modified BFEs are a part of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, these elevations, once finalized, will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents in those buildings.

DATES: Comments are to be submitted on or before July 13, 2010.

ADDRESSES: The corresponding preliminary Flood Insurance Rate Map (FIRM) for the proposed BFEs for each community is available for inspection at the community’s map repository. The respective addresses are listed in the table below.

You may submit comments, identified by Docket No. FEMA–B–1110, to Kevin C. Long, Acting Chief, Engineering Management Branch, Mitigation

Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-2820, or (e-mail) kevin.long@dhs.gov.

FOR FURTHER INFORMATION CONTACT:

Kevin C. Long, Acting Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-2820, or (e-mail) kevin.long@dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) proposes to make determinations of BFEs and modified BFEs for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact

stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities.

These proposed elevations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

Comments on any aspect of the Flood Insurance Study and FIRM, other than the proposed BFEs, will be considered. A letter acknowledging receipt of any comments will not be sent.

National Environmental Policy Act. This proposed rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601-612, a regulatory flexibility analysis is not required.

Executive Order 12866, Regulatory Planning and Review. This proposed rule is not a significant regulatory action

under the criteria of section 3(f) of Executive Order 12866, as amended.

Executive Order 13132, Federalism. This proposed rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This proposed rule meets the applicable standards of Executive Order 12988.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.4 [Amended]

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

Flooding source(s)	Location of referenced elevation	^ Elevation in feet (NGVD) + Elevation in feet (NAVD) # Depth in feet above ground ^ Elevation in meters (MSL)		Communities affected
		Effective	Modified	
Sumter County, Alabama, and Incorporated Areas				
Factory Creek (Backwater effects from Tombigbee River).	From the confluence with the Tombigbee River to approximately 1,600 feet upstream of County Road 21.	None	+120	Unincorporated Areas of Sumter County.
Fenache Creek (Backwater effects from Tombigbee River).	From the confluence with the Tombigbee River to approximately 0.5 mile downstream of County Road 4.	None	+126	Unincorporated Areas of Sumter County.
Folsom Branch (Backwater effects from Tombigbee River).	From the confluence with the Tombigbee River to approximately 500 feet upstream of Fulson Brand Road.	None	+120	Town of Gainesville.
High Run (Backwater effects from Tombigbee River).	From the confluence with the Tombigbee River to approximately 2.3 miles upstream of the confluence with the Tombigbee River.	None	+103	Unincorporated Areas of Sumter County.
Jones Creek (Backwater effects from Tombigbee River).	From the confluence with the Tombigbee River to approximately 2,100 feet upstream of County Road 20.	None	+114	Town of Epes.
Noxubee River (Backwater effects from Tombigbee River).	From the confluence with the Tombigbee River to approximately 7.3 miles upstream of County Road 85.	None	+122	Unincorporated Areas of Sumter County.
Sandy Creek	Approximately 1 mile downstream of Alabama Highway 28.	None	+115	Unincorporated Areas of Sumter County.
	Approximately 1,673 feet downstream of East Park Road.	None	+117	
Sucarnoochee River	Approximately 1.6 mile downstream of railroad	None	+115	Unincorporated Areas of Sumter County.
Tombigbee River	Approximately 1.4 mile upstream of U.S. Route 11	None	+120	Town of Epes.
	Approximately 29.4 miles downstream of U.S. Route 11.	None	+95	

Flooding source(s)	Location of referenced elevation	^ Elevation in feet (NGVD) + Elevation in feet (NAVD) # Depth in feet above ground ^ Elevation in meters (MSL)		Communities affected
		Effective	Modified	
	Approximately 12.7 miles upstream of the Gainesville Dam.	None	+130	
Tombigbee River Trib 13 (Backwater effects from Tombigbee River).	From the confluence with the Tombigbee River to approximately 585 feet downstream of Port of Unnamed Road.	None	+108	Unincorporated Areas of Sumter County.
Tombigbee River Trib 16 (Backwater effects from Tombigbee River).	From the confluence with the Tombigbee River to approximately 740 feet downstream of Port of Epes Highway.	None	+113	Unincorporated Areas of Sumter County.
Tombigbee River Trib 7 (Backwater effects from Tombigbee River).	From the confluence with the Tombigbee River to approximately 102 miles downstream of Pine Top Road.	None	+96	Unincorporated Areas of Sumter County.
Tombigbee River Trib 8 (Backwater effects from Tombigbee River).	From the confluence with the Tombigbee River to approximately 0.6 mile upstream of Trails End Road.	None	+101	Unincorporated Areas of Sumter County.
Toomsba Creek	Approximately 0.7 mile downstream of railroad	None	+148	Unincorporated Areas of Sumter County.
Whiterock Creek (Backwater effects from Sucarnoochee River).	Approximately 750 feet upstream of U.S. Route 11	None	+164	Unincorporated Areas of Sumter County.
	From the confluence with the Sucarnoochee River to approximately 1,073 feet downstream of Arrington Street.	None	+116	

* National Geodetic Vertical Datum.

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket ID FEMA-2010-0003; Internal Agency Docket No. FEMA-B-1111]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule.

SUMMARY: Comments are requested on the proposed Base (1% annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed in the table below. The purpose of this document is to seek general information and comment regarding the proposed regulatory flood elevations for the reach described by the downstream and upstream locations in the table below. The BFEs and modified BFEs are a part of the floodplain management measures that the community is required either to adopt or to show
