DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

January 4, 2010.

Editorial Note: Federal Register notice document 2010–48 should have published at pages 1026 to 1027 in the issue of January 8, 2010. This document is being published in its entirety.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), OIRA_Submission@OMB.EOP.GOV or fax (202) 395–5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250–7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720–8681.

An agency may not conduct or sponsor a collection of information

unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

National Agricultural Statistics Service

Title: Honey Survey.

OMB Control Number: 0535–0153.

Summary of Collection: The National Agricultural Statistics Service (NASS) primary function is to prepare and issue State and national estimates of crop and livestock production. General authority for these data collection activities is granted under U.S. Code Title 7, Section 2204. Domestic honeybees are critical to the pollination of U.S. crops, especially fruits and vegetables. Africanized bees, parasites, diseases, and pesticides threaten the survival of bees. Programs are provided by Federal, State and local governments to assist in the survival of bees and to encourage beekeepers to maintain bee colonies.

Need and Use of the Information: NASS will collect information on the number of colonies, honey production, stocks, and prices. The survey will provide data needed by the Department and other government agencies to administer programs and to set trade quotas and tariffs. Without the information agricultural industry would not be aware of changes at the State and national level.

Description of Respondents: Farms.

Number of Respondents: 10,000.

Frequency of Responses: Reporting: Annually.

Total Burden Hours: 2,347.

National Agricultural Statistics Service

Title: Nursery and Christmas Tree Production Survey and Nursery and Floriculture Chemical Use Survey.

OMB Control Number: 0535–0244.

Summary of Collection: The National Agricultural Statistics Service (NASS) is charged with the responsibility of providing reliable, up-to-date information concerning the Nation's crop and livestock production, prices, and disposition, as well as environmental statistics. This includes estimates of production and value of key nursery products and chemical use by nursery and floriculture production operations. Congress appropriated funds

for the collection of pesticide use data on nursery and floriculture operations. This data will expand the existing NASS pesticide database that contains comprehensive annual pesticide use reports. NASS will collect the information using surveys. The authority for these data collection activities is granted under U.S. Code Title 7, Section 2204.

Need and Use of the Information: Nursery and Christmas tree production data and nursery and floriculture chemical use data will be used by NASS, the Environmental Protection Agency, the nursery and floriculture industries, and other parties to assess the environmental and economic impact of various programs, policies, and procedures on nursery and floriculture operators and workers. The basic chemical use and farm practices information also will be used to enhance the national chemical use database maintained by NASS. This database is an integral source of data necessary for on-going risk assessments related to dietary exposure to chemicals, worker safety, water quality, and ecological resources.

Description of Respondents: Farms; Business or other for-profit.

Number of Respondents: 5,400.

Frequency of Responses: Reporting: Triennial.

Total Burden Hours: 1,940.

Food and Nutrition Service

Agency Information Collection Activities: Proposed Collection; Comment Request—Information Collection for the Child and Adult Care Food Program

AGENCY: Food and Nutrition Service, USDA.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice invites the general public and other public agencies to comment on a proposed information collection for the Child and Adult Care Food Program (CACFP). This information collection concerns the efforts required of States and service institutions to comply with the Secretary's requests for information. This proposed collection is a revision of the currently approved collection for the CACFP.

DATES: Written comments must be submitted by March 16, 2010.

ADDRESSES: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical or other technological collection techniques or other forms of information technology. Comments may be sent to: Mrs. Lynn Rodgers-Kuperman, Chief, Program Analysis and Monitoring Branch, Child Nutrition Division, Food and Nutrition Service (FNS), U.S. Department of Agriculture, 3101 Park Center Drive, Room 638, Alexandria, Virginia 22302. Comments will also be accepted through the Federal eRulemaking Portal. Go to <http://www.regulations.gov> and follow the online instructions for submitting comments electronically.

All written comment(s) will be open for public inspection at the office of the Food and Nutrition Service during regular business hours (8:30 a.m. to 5 p.m., Monday through Friday) at 3101 Park Center Drive, Room 640, Alexandria, Virginia 22302.

All responses to this notice will be summarized and included in the request for Office of Management and Budget (OMB) approval, and will become a matter of public record.

SUPPLEMENTARY INFORMATION:

Title: Child and Adult Care Food Program.

OMB Number: 0584-0055.

Expiration Date: June 30, 2010.

Type of Request: Revision of a currently approved collection.

Abstract: Section 17 of the NSLA, as amended, 42 U.S.C. 1766, authorizes the CACFP to provide cash reimbursement and commodity assistance, on a per meal basis, for food service to children in nonresidential child care centers and family day care homes, and to eligible adults in nonresidential adult day care centers. Pursuant to Section 17 of the Richard B. Russell National School Lunch Act (NSLA), the CACFP provides cash reimbursement and commodity assistance, on a per meal basis, for food service to children in nonresidential child care centers and family day care homes, and to eligible adults in nonresidential adult day care centers. The U.S. Department of Agriculture, through the Food and Nutrition Service has established application, monitoring and reporting requirements to manage the CACFP effectively. The purpose of this submission to OMB is to obtain approval to continue the discussed information collection. States and

service institutions participating in the CACFP will submit to FNS account and record information reflecting their efforts to comply with statutory and regulatory Program requirements. In accordance with 7 CFR 226.7(d), State agencies must submit a monthly Report of the Child and Adult Care Food Program (FNS-44) in order to receive federal reimbursement for meals served to eligible participants. Each State agency must also submit a quarterly Financial Status Report (SF-425) on the use of Program funds. Information to support these reports must be collected and reported to the State agency at various intervals by the Program participants—institutions, day care center facilities, family day care homes, and individuals and households. Examples of data collected and reported include, but are not limited to: Applications and supporting documents; records of enrollment; records supporting the free and reduced price eligibility determinations; daily records indicating numbers of program participants in attendance and the number of meals served by type and category; receipts, invoices and other records of CACFP costs; claims for reimbursement, and documentation of non-profit operation of food service.

Respondents: The respondents are State agencies, (Business: not-for-profit and for-profit) institutions, day care center facilities, family day care homes, and individuals and households.

Estimated Number of Respondents: 55 State agencies, (Business: non-for-profit and for-profit) 19,582 institutions, 163,483 facilities (includes 138,887 family day care homes and 24,596 sponsored center facilities) and 2,016,946 individuals and households.

Forest Service

Plan Development for Kiowa, Rita Blanca, Black Kettle and McClellan Creek National Grasslands, Colfax, Harding, Mora and Union Counties, NM; Dallam, Gray and Hemphill Counties, TX; Cimarron and Roger Mills Counties, OK

AGENCY: Forest Service, USDA.

ACTION: Notice of intent to prepare an environmental impact statement in conjunction with development of a new land and resource management plan.

SUMMARY: As directed by the National Forest Management Act (NFMA), the USDA Forest Service (FS) is preparing the Kiowa, Rita Blanca, Black Kettle and McClellan Creek National Grasslands land and resource management plan (plan) and will also prepare an environmental impact statement (EIS) for this new plan. Currently, the National Grasslands named above receive management direction from the 1985 Cibola National Forest plan. However, the new plan will provide direction specific to the National Grasslands only, while the 1985 plan will continue to provide direction for the forested, mountain districts of the Cibola National Forest until it is revised in the future. This notice briefly describes the nature of the decision to be made; the proposed action (the new plan) and need for change from the 1985 plan specific to the National Grasslands, and information concerning public participation in the new plan development. It also provides estimated dates for filing the EIS and the names and addresses of the responsible agency official and the individuals who can provide additional information. Finally, this notice briefly describes the

applicable planning rule and how work done on the plan revision under the 2008 planning rule will be used or modified for completing this plan revision.

Thus, the new plan will supersede, for the National Grassland units only, the plan previously approved by the Regional Forester on July 15, 1985 and as amended. The 1985 plan amendments relative to the National Grasslands designated new electronic sites; identified eligible Wild and Scenic Rivers; addressed travel management issues and oil and gas leasing stipulations, and the need for additional Management Indicator Species (MIS). The 1985 amended plan will remain in effect for the National Grasslands until the new plan takes effect. When the Record of Decision for the new Kiowa, Rita Blanca, Black Kettle and McClellan Creek National Grasslands plan and Environmental Impact Statement (EIS) and Final Plan is signed by the Responsible Official, the 1985 plan will be amended after 30 days have passed to remove only those portions that apply to the National Grasslands. Again, the 1985 plan as currently amended will still apply to the rest of the Cibola National Forest until it is revised.

DATES: Comments concerning the need for change provided in this notice will be most useful in the development of the new plan and draft EIS if received by February 15, 2010. The agency expects to release a draft Grasslands plan and draft EIS for formal comment by fall 2010 and a final National Grasslands plan and final EIS by summer 2011. See the **SUPPLEMENTARY INFORMATION**—Public Involvement section for information on future public meeting dates.

ADDRESSES: Send written comments to: Cibola National Forest, 2113 Osuna Rd. NE., Albuquerque, NM 87113.

Comments may also be sent via e-mail to comments-grasslandsplan@fs.fed.us.

SUPPLEMENTARY INFORMATION:

Name and Address of the Responsible Official

Corbin Newman, Regional Forester, Southwestern Region, 333 Broadway SE., Albuquerque, NM 87102.

Nature of the Decision To Be Made

The Kiowa, Rita Blanca, Black Kettle and McClellan Creek National Grasslands, managed by the Cibola National Forest, are preparing an EIS to develop a new plan pertaining to the National Grasslands portion of the Forest only. The EIS process is meant to inform the Regional Forester so that he can decide which National Grasslands plan alternative best meets the need to achieve quality land management under the sustainable multiple-use management concept, meet the diverse needs of people, and conserve the National Grasslands' resources, as required by the NFMA and the Multiple Use Sustained Yield Act (MUSYA).

The new plan will describe the strategic intent of managing the National Grasslands into the next 10 to 15 years and will address the need for change described below. The new plan will provide management direction in the form of goals (desired conditions), objectives, suitability determinations, standards, guidelines, and a monitoring plan, including identification of MIS. It may also make new special area recommendations for wilderness, research natural areas, and other special areas.

As important as the decisions to be made is the identification of the types of decisions that will not be made within the new plan. The authorization of project-level activities on the National Grasslands is not a decision made in the National Grasslands plan but occurs through subsequent project specific decision-making. The designation of routes, trails, and areas
