[Docket No. FDA-2009-N-0511]

Agency Information Collection Activities; Submission for Office of Management and Budget Review; Comment Request; Medicated Feed Mill License Application

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing that a proposed collection of information has been submitted to the Office of Management and Budget (OMB) for review and clearance under the Paperwork Reduction Act of 1995.

DATES: Fax written comments on the collection of information by February 22, 2010.

ADDRESSES: To ensure that comments on the information collection are received, OMB recommends that written comments be faxed to the Office of Information and Regulatory Affairs, OMB, Attn: FDA Desk Officer, FAX: 202-395-7285, or e-mailed to oir_submission@omb.eop.gov. All comments should be identified with the OMB control number 0910-0337. Also include the FDA docket number found in brackets in the heading of this document.

FOR FURTHER INFORMATION CONTACT: Denver Presley Jr., Office of Information Management (HFA-710), Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, 301-796-3793.

SUPPLEMENTARY INFORMATION: In compliance with 44 U.S.C. 3507, FDA has submitted the following proposed collection of information to OMB for review and clearance.

Medicated Feed Mill License Application—(OMB Control No. 0910-0337)—Extension

The Animal Drug Availability Act (ADAA) of October 9, 1996, amended section 512 of the Federal Food, Drug, and Cosmetic Act (the act) (21 U.S.C. 360b) to replace the system for the approval of specific medicated feed with a general licensing system for feed mills. Before passage of the ADAA, medicated feed manufacturers were required to obtain approval of Medicated Feed Applications (MFAs), in order to manufacture certain types of medicated feeds. An individual approved MFA was required for each and every applicable medicated feed. The ADAA streamlined the paperwork process for gaining approval to manufacture medicated feeds by replacing the MFA system with a facility license for each medicated feed manufacturing facility.

In the **Federal Register** of October 28, 2009 (74 FR 55556), FDA published a 60-day notice requesting public comment on the proposed collection of information. No comments were received.

FDA estimates the burden of this collection of information as follows:

TABLE 1.—ESTIMATED ANNUAL REPORTING BURDEN¹

21 CFR Section	No. of Respondents	Annual Frequency per Response	Total Annual Responses	Hours per Response	Total Hours
515.10(b)	20	1	20	0.25	5
515.11(b)	75	1	75	0.25	18.75
515.23	40	1	40	0.25	10
515.30(c)	0.15	1	0.15	24	3.6
Total Burden Hours					37.35

¹ There are no capital costs or maintenance costs associated with this information collection.

TABLE 2.—ESTIMATED ANNUAL RECORDKEEPING BURDEN¹

21 CFR Section	No. of Recordkeepers	Annual Frequency per Recordkeeping	Total Annual Records	Hours per Recordkeeper	Total Hours
510.305	1,000	1	1,000	0.03	30

¹ There are no capital costs or maintenance costs associated with this information collection.

The estimated annual reporting burden on industry is 37.35 hours as shown in table 1 of this document. Industry estimates it takes about 1/4 hour to submit the application. We estimate 135 original and supplemental applications, and voluntary revocations for a total of 33.75 hours (135 submissions x 1/4 hour). An additional 3.6 hours is added for the rare notice of opportunity for a hearing to not approve or revoke an application. Finally, we estimate 30 hours for maintaining and retrieving labels as required by 21 CFR 510.305 and shown in table 2 of this document. We estimated .03 hours for each of approximately 1,000 licensees. Thus, the total annual burden for reporting and recordkeeping requirements is estimated be 67.35 hours.

Dated: January 15, 2010.

David Dorsey,

Acting Deputy Commissioner for Policy, Planning and Budget.

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639-5960 or send an e-mail to omb@cdc.gov. Send written comments to CDC Desk Officer, Office of Management and Budget, Washington, DC or by fax to (202) 395-5806. Written comments should be received within 30 days of this notice.

Proposed Project

Application for Training (OMB No. 0920-0017 Exp. 3/31/2010)—Extension—Office of Workforce and Career Development (OWCD), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

OWCD requests an additional three years to continue CDC's and the Agency for Toxic Substances and Disease Registry's (ATSDR's) use of the training application forms 32.1 and 36.5 (50,000 students x 5 minutes for form 32.1, and

24,000 students x 5 minutes for form 36.5). These instruments have served and are proposed to continue serving as official training applications forms used for training activities conducted by the Centers for Disease Control and Prevention (CDC).

CDC offers public health training activities to professionals worldwide. Employees of hospitals, universities, medical centers, laboratories, State and Federal agencies, and State and local health departments apply for training to learn up-to-date public health practices. CDC's training activities include laboratory training, classroom study, online training, and distance learning.

CDC uses training application forms to collect information necessary to manage and conduct training pertinent to the agency's mission. This information allows CDC to send confirmation of registration to participants, provide certificates of attendance or continuing education credits as proof of participants' attendance, and generate management reports to identify training needs, design courses, select location for courses, and evaluate programs.

Since the previous approval, there have been no changes to the information collection instruments; however, the number of annual responses has increased, simultaneously increasing burden hours.

There are no costs to the respondents other than their time. The total estimated annualized burden is 6,167 hours.
