

The first Manufacture America event will be held in: Morgantown, West Virginia—July 13, 2010, National Research Center for Coal and Energy, 385 Evansdale Drive, West Virginia University, Morgantown, WV 26506.

Manufacture America will feature strategies to rethink, retool and rebuild through, among other things, modernizing production processes, and making their companies more efficient and sustainable while lowering production costs. They will also learn about entering new market segments or new industries, opportunities for exporting, and resources and funding that are available to help them retool, including technical assistance and financing. Participants will be able to speak with peers who have successfully retooled, discuss issues they are facing with federal, state and local officials, resource providers, and network with each other.

Space will be reserved for manufacturing company leaders, plant managers and other company decision-makers from small and medium-sized U.S. manufacturers and service providers; as many as fifteen spaces included in this reservation will be allotted for municipal, state, and federal employees who wish to register for the event. Other spaces are available to the general public on a first come first serve basis.

In order to attend, participants must pre-register.

Participants will be charged a moderate cost for attending these events.

For more information and to register, please visit: <http://www.trade.gov/manufactureamerica>.

Dated: June 23, 2010.

Nicole Y. Lamb-Hale,

Assistant Secretary for Manufacturing and Services.

BILLING CODE P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration (NOAA) Science Advisory Board (SAB)

AGENCY: Office of Oceanic and Atmospheric Research (OAR), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

ACTION: Notice of open meeting.

SUMMARY: The Science Advisory Board (SAB) was established by a Decision Memorandum dated September 25, 1997, and is the only Federal Advisory

Committee with responsibility to advise the Under Secretary of Commerce for Oceans and Atmosphere on strategies for research, education, and application of science to operations and information services. SAB activities and advice provide necessary input to ensure that National Oceanic and Atmospheric Administration (NOAA) science programs are of the highest quality and provide optimal support to resource management.

Time and Date: The meeting will be held Tuesday, July 20, 2010, from 8:30 a.m. to 5:30 p.m. and Wednesday, July 21, 2010, from 8:30 a.m. to 2:45 p.m. These times and the agenda topics described below are subject to change. Please refer to the Web page <http://www.sab.noaa.gov/Meetings/meetings.html> for the most up-to-date meeting agenda.

Place: The meeting will be held both days at the John and Mable Ringling Museum of Art, 5401 Bay Shore Road, Education/Conservation Bldg., Room 1003-1004, Sarasota, Florida, **Phone:** 941-359-5700. Please check the SAB Web site <http://www.sab.noaa.gov> for confirmation of the venue and for directions.

Status: The meeting will be open to public participation with a 30-minute public comment period on July 21 at 2:15 p.m. (check Web site to confirm time). The SAB expects that public statements presented at its meetings will not be repetitive of previously submitted verbal or written statements. In general, each individual or group making a verbal presentation will be limited to a total time of five (5) minutes. Written comments should be received in the SAB Executive Director's Office by July 13, 2010 to provide sufficient time for SAB review. Written comments received by the SAB Executive Director after July 13, 2010, will be distributed to the SAB, but may not be reviewed prior to the meeting date. Seats will be available on a first-come, first-served basis.

Matters To Be Considered: The meeting will include the following topics: (1) NOAA activities in response to the Deep Water Horizon Oil Spill in the Gulf of Mexico; (2) Grand Scientific Challenges: Results From the NOAA Science Workshop; (3) NOAA Strategic Energy Review; (4) SAB discussion on its comments to the NOAA Next Generation Strategic Plan; (5) SAB discussion on the current and future operation of its working groups; (6) Regional response to an ecological disaster-integrating Federal, State, academia and NGO science capabilities within a regional framework; (8) Strategies for Regional Coastal and

Marine Spatial Planning—engaging other Federal and State partners, with the Gulf of Mexico as an example; (9) Regional Engagement in the Gulf of Mexico—applying regional education, outreach and extension capabilities around a unified science message; (10) Updates from SAB Standing Working Groups.

FOR FURTHER INFORMATION CONTACT: Dr. Cynthia Decker, Executive Director, Science Advisory Board, NOAA, Rm. 11230, 1315 East-West Highway, Silver Spring, Maryland 20910. Phone: 301-734-1156, Fax: 301-713-1459, E-mail: Cynthia.Decker@noaa.gov; or visit the NOAA SAB Web site at <http://www.sab.noaa.gov>.

Dated: June 25, 2010.

Mark E. Brown,

Chief Financial Officer, Office of Oceanic and Atmospheric Research, National Oceanic and Atmospheric Administration.

Postponement of Preliminary Determination of Antidumping Duty Investigation: Polyvinyl Alcohol From Taiwan

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* July 1, 2010.

FOR FURTHER INFORMATION CONTACT: Thomas Schauer at (202) 482-5760, AD/CVD Operations, Office 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On September 27, 2004, the Department of Commerce (the Department) initiated the antidumping duty investigation on polyvinyl alcohol from Taiwan. *See Initiation of Anti-Dumping Duty Investigation: Polyvinyl Alcohol From Taiwan*, 69 FR 59204 (October 4, 2004). On October 22, 2004, the International Trade Commission (ITC) made a preliminary negative determination regarding whether there was a reasonable indication of injury due to imports of the subject merchandise. As a result, the Department did not continue the investigation.

The petitioner appealed the negative ITC preliminary determination to the Court of International Trade (CIT). On remand from the CIT, the ITC reversed its preliminary injury determination and found instead that there was a reasonable indication of injury due to imports of the subject merchandise. The CIT affirmed the ITC's remand determination. DuPont, an importer of the subject merchandise, appealed the CIT's decision to the Court of Appeals for the Federal Circuit (CAFC). On December 23, 2009, the CAFC affirmed the ITC's decision. *See Polyvinyl Alcohol From Taiwan; Determination*, 75 FR 15726 (March 30, 2010). The ITC notified the Department of its affirmative determination in the preliminary phase of an antidumping duty investigation concerning imports of polyvinyl alcohol from Taiwan on March 25, 2010. See letter from the ITC dated March 25, 2010. On April 20, 2010, the Department issued a decision memorandum which stated that the deadline for the preliminary determination is July 18, 2010. See memorandum to Laurie Parkhill dated April 20, 2010, at 10.

Postponement of Preliminary Determination

On June 17, 2010, Sekisui Specialty Chemicals America, LLC (the petitioner), requested a 50-day postponement of the preliminary determination in order to allow the Department additional time to resolve a number of issues in the investigation which the petitioner anticipates will require supplemental questionnaires.

For reasons identified by the petitioner and because there are no compelling reasons to deny the request, the Department is postponing the deadline for the preliminary determination in accordance with section 733(c)(1)(A) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.205(b)(2) and (e), by 50 days to September 6, 2010. The deadline for the final determination will continue to be 75 days after the date of the preliminary determination, unless extended.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: June 25, 2010.

Paul Piquado,

Acting Deputy Assistant Secretary for Import Administration.

Certain Steel Nails From the People's Republic of China: Rescission of New Shipper Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* July 1, 2010.

SUMMARY: In response to a request from Maanshan Leader Metal Products Co., Ltd. ("Maanshan Leader"), the Department of Commerce (the "Department") published on September 25, 2009, a **Federal Register** notice announcing the initiation of a new shipper review of the antidumping duty order on certain steel nails from the People's Republic of China ("PRC") covering the period of January 23, 2008, through July 31, 2009. On May 28, 2010, Maanshan Leader withdrew its request for a new shipper review. Therefore, we are rescinding this new shipper review with respect to Maanshan Leader.

FOR FURTHER INFORMATION CONTACT:

Alexis Polovina, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; *telephone:* (202) 482-3927.

SUPPLEMENTARY INFORMATION:

Background

On August 24, 2009, we received a timely request for a new shipper review from Maanshan Leader in accordance with 19 CFR 351.214(c) and 351.214(d)(2). On September 25, 2009, the Department found that the request for review with respect to Maanshan Leader met all of the regulatory requirements set forth in 19 CFR 351.214(b) and initiated an antidumping duty new shipper review. *See Certain Steel Nails From the People's Republic of China: Initiation of Antidumping Duty New Shipper Review*, 74 FR 48907 (September 25, 2009) ("*Initiation Notice*"). On February 12, 2010, due to the closure of the Federal Government from February 5, through February 12, 2010, the Department exercised its discretion to toll deadlines by seven days. *See Memorandum to the Record from Ronald Lorentzen, DAS for Import Administration, "Tolling of Administrative Deadlines As a Result of the Government Closure During the Recent Snowstorm,"* dated February 12, 2010.

On April 5, 2010, the Department aligned this new shipper review with the concurrent first administrative review. *See Memorandum to the File from Alexis Polovina, Case Analyst, through Alex Villanueva, Program Manager, regarding: Alignment of New Shipper Review of Certain Steel Nails from the People's Republic of China with the 1th Administrative Review of Certain Steel Nails from the People's Republic of China*, dated April 5, 2010. On May 28, 2010, Maanshan Leader withdrew its request for a new shipper review. On June 14, 2010, we placed on the record and served to parties a memorandum stating that the Department intended to rescind the above-referenced new shipper review, allowing parties to comment on the intended rescission by no later than June 17, 2010. *See Memorandum to the File from Alexis Polovina, Case Analyst, through Alex Villanueva, Program Manager, regarding: Withdrawal of Request for NSR from Maanshan Leader*, dated June 14, 2010. The Department did not receive comments from any party.

Rescission of New Shipper Review

19 CFR 351.214(f)(1) provides that the Department may rescind a new shipper review if the party that requested the review withdraws its request for review within 60 days of the date of publication of the notice of initiation of the requested review. Although Maanshan Leader withdrew its request after the 60 day deadline, we find it reasonable to extend the deadline. *See* 19 CFR 351.302(b). In this instance, no other company would be affected by a rescission, and we have received no objections from any party to Maanshan Leader's withdrawal of its request for this new shipper review. Based upon the above, we are rescinding the new shipper review of the antidumping duty order on certain steel nails from the PRC with respect to Maanshan Leader. *See Hand Trucks and Certain Parts Thereof From the People's Republic of China: Notice of Rescission of Antidumping Duty New Shipper Review*, 74 FR 31911 (July 6, 2009) (rescinding the new shipper review after the 60 day deadline). As the Department is rescinding this new shipper review, we are not calculating a company-specific rate for Maanshan Leader, and Maanshan Leader will remain part of the PRC entity in the ongoing administrative review.

Notifications

Because Maanshan Leader remains under review as part of the PRC entity in the ongoing administrative review,
