

different connection service types based on their needs. The Exchange notes that other market centers provide similar services to their Members and non-members.⁵

The Exchange believes that the service will offer market participants additional EDGX connectivity choices, providing for greater access into the market while allowing the market participant to choose the method of connectivity based on their specific needs.

The Exchange will implement the proposed rule change following Commission approval.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the objectives of Section 6 of the Act,⁶ in general, and furthers the objectives of Section 6(b)(4),⁷ in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its members and other persons using its facilities. Members and other persons using the Exchange facilities also have the ability to obtain access to these services without the need for an independent physical port connection, such as through alternative means of financial extranets and service bureaus, as described above. In addition, Members and non-members also have the ability to choose lower cost connection service types and still obtain access to all EDGX services. Furthermore, the fees associated with physical ports will be equitably allocated to all constituents as the fees will be uniform in application to all Members and non-members. Finally, the Exchange believes that the fees obtained will enable it to cover its infrastructure costs associated with allowing Members and non-members to establish physical ports to connect to the Exchange's systems and continue to maintain and improve its infrastructure, market technology, and services.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) By order approve the proposed rule change, or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-62436; File No. SR-EDGA-2010-06]

Self-Regulatory Organizations; EDGA Exchange, Inc.; Notice of Filing of Proposed Rule Change To Amend EDGA Fee Schedule To Impose Fees for Physical Ports Used To Connect to EDGA Exchange

July 1, 2010.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act" or "Exchange Act")¹ and rule 19b-4 thereunder,² notice is hereby given that on July 1, 2010, EDGA Exchange, Inc. ("EDGA" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

⁸ 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its fee schedule applicable to Members³ and non-members of the Exchange pursuant to EDGA rule 15.1(a) and (c). Pursuant to the proposed rule change, the Exchange will commence charging fees for Members and non-members for certain physical ports used to connect to the Exchange's systems. The Exchange intends to implement this rule proposal effective upon Securities and Exchange Commission ("Commission") approval.

The text of the proposed rule change is available on the Exchange's Web site at <http://www.directedge.com>, on the Commission's Web site at <http://www.sec.gov>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to begin charging an annual fee to Members and non-members for physical ports used to connect to the Exchange's systems for purposes including order entry and the receipt of Exchange data. A physical port is a port used by a Member or non-member⁴ to connect into the Exchange at the data centers where Exchange servers are located. Physical port connections can occur either through an external telecommunication circuit or a cross-connection. Currently, Members and non-members have a number of alternative methods available to them

for connecting to the Exchange without the need to obtain an independent physical connection, including the use of financial extranets or service bureaus. However, some Members and non-members may wish to connect directly with their own dedicated circuit connection. In order to support their requirements and the associated infrastructure costs related to direct circuit connectivity, EDGA proposes to charge Members and non-members the following annual fees based on the connectivity service type:

Connection service type	Annual fee per physical port
1 Gb Copper	\$5,000
1 Gb Fiber	7,500
10 Gb Fiber	10,000

Only one physical port is required to access all services for EDGA. However, Members and non-members may choose more than one physical port and different connection service types based on their needs. The Exchange notes that other market centers provide similar services to their Members and non-members.⁵

The Exchange believes that the service will offer market participants additional EDGA connectivity choices, providing for greater access into the market while allowing the market participant to choose the method of connectivity based on their specific needs.

The Exchange will implement the proposed rule change following Commission approval.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the objectives of section 6 of the Act,⁶ in general, and furthers the objectives of section 6(b)(4),⁷ in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its members and other persons using its facilities. Members and other persons using the Exchange facilities also have the ability to obtain access to these services without the need for an independent physical port connection, such as through alternative means of financial extranets and service bureaus, as described above. In addition, Members and non-members also have the ability to choose lower cost connection service

types and still obtain access to all EDGA services. Furthermore, the fees associated with physical ports will be equitably allocated to all constituents as the fees will be uniform in application to all Members and non-members. Finally, the Exchange believes that the fees obtained will enable it to cover its infrastructure costs associated with allowing Members and non-members to establish physical ports to connect to the Exchange's systems and continue to maintain and improve its infrastructure, market technology, and services.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period: (i) As the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding; or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) By order approve the proposed rule change; or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File No. SR-EDGA-2010-06 on the subject line.

³ A Member is any registered broker or dealer that has been admitted to membership in the Exchange.

⁴ Non-members can include non-member service bureaus that act as a conduit for orders entered by Exchange Members that are their customers as well as sponsored participants and market data recipients.

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated: Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Reduce the Payments That CBOE Makes to CBOE Trading Permit Holders That Participate in a Program Under Which CBOE Subsidizes the Costs of Providing and/or Using Certain Order Routing Functionalities

July 1, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 30, 2010, Chicago Board Options Exchange, Incorporated ("CBOE" or the "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by CBOE. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

CBOE proposes to reduce the payments that CBOE makes to CBOE Trading Permit Holders that participate in a program under which CBOE subsidizes the costs of providing and/or using certain order routing functionalities. This rule change does not provide for any modifications to the text of CBOE's rules. The text of the proposed rule change is available on the Exchange's Web site (<http://www.cboe.org/legal>), at the Exchange's Office of the Secretary and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, CBOE included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. CBOE has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, Proposed Rule Change

1. Purpose

CBOE proposes to reduce the payments that CBOE makes to CBOE Trading Permit Holders that participate in a program under which CBOE subsidizes the costs of providing and/or using certain order routing functionalities.³ If a Trading Permit Holder has elected not to have CBOE perform certain marketing services on its behalf, the payment would be reduced, with respect to orders routed to CBOE through a participating Trading Permit Holder's system, from \$0.05 per contract to \$0.04 per contract.⁴ If a member has elected to have CBOE perform marketing services on its behalf, the payment with respect to such orders would be reduced from \$0.04 per contract to \$0.03 per contract. The Exchange intends to make the change effective commencing August 1, 2010.

CBOE is not proposing any other changes in the program. CBOE stated in SR-CBOE-2007-34, and affirmed in SR-CBOE-2008-27, that nothing about the subsidy program would relieve any CBOE Trading Permit Holder that is using an order routing functionality whose provider is participating in the program from complying with its best execution obligations.⁵ Those statements remain true with respect to the program as CBOE is proposing to revise it.

2. Statutory Basis

The proposed rule change is consistent with Section 6(b) of the Securities Exchange Act of 1934 ("Act")⁶, in general, and furthers the objectives of Section 6(b)(4)⁷ of the Act in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among CBOE Trading Permit Holders and other persons using its facilities.

³ The order router subsidy program is described in SR-CBOE-2007-34 (*see* Securities Exchange Act Release No. 55629 (April 13, 2007), 72 FR 19992 (April 20, 2007) (SR-CBOE-2007-34)) as supplemented by SR-CBOE-2008-27 (*see* Securities Exchange Act Release No. 57498 (March 14, 2008), 73 FR 55 (March 20, 2008) (SR-CBOE-2008-27)).

⁴ The marketing services that CBOE provides to Trading Permit Holders electing to have CBOE provide such services are described on page 5 of SR-CBOE-2007-34.
