

expended in this priority will fall to the third funding priority. **Note:** Non-profit agencies who apply under this priority will be required to provide a letter of assurance from the Indian Tribal Government that if funded, the provision of service will occur on Indian Tribal Property.

Funding priority 3. VA is encouraging interested State and local governments, non-profit organizations and State and local governments that have been selected to utilize buildings on VA Medical Center grounds under the Secretary's Enhanced Use Lease Program initiative for housing homeless veterans, faith-based, and community-based organizations, as well as eligible entities located in the District of Columbia, the Commonwealth of Puerto Rico, or any territory or possession of the United States, to apply for funding under this NOFA to create transitional housing and services for all homeless veterans. Eligible entities that are State and local governments, Indian Tribal Governments, Enhanced Use Lease organizations, faith-based, and community-based organizations, or any territory or possession of the United States, will be considered in the third funding priority as applicable. Of those eligible entities that are legally fundable, the highest-ranked applications for which funding is available, will be conditionally selected for eligibility to receive a per diem-only award in accordance with their ranked order until funding is expended (approximately 900 beds).

Methodology: VA will review all non-capital grant recipients in response to this notice of funding availability. VA will then group the applicants into the funding priorities categories. Applicants will then be ranked within their respective funding category based on score and any ranking criteria set forth in that funding category only if the applicant scores at least 500 cumulative points from paragraphs (b), (c), (d), (e), and (i) of 38 CFR Sec. 61.13.

The highest-ranked application for which funding is available, within the highest funding category, will be conditionally selected for eligibility to receive per diem payment in accordance with their ranked order until VA reaches the projected bed totals for each category. If funds are still available after selection of those applications in the highest priority group, VA will continue to conditionally select applicants in lower priority categories in accordance with the selection method set forth in the final rule Sec. 61.32.

Application Requirements:

Applicants must include a cover letter clearly stating under which funding

priority they wish to be considered. Non-profit agencies who apply under funding priority two are required to provide a letter of assurance from the Indian Tribal Government that if funded, the provision of service will occur on Indian Tribal Property. The grant application requirements will be specified in the application package. Applicants should be careful to complete the proper application package. Submission of the incorrect or incomplete application package will result in the application being rejected at threshold review. The packages include all required forms and certifications. Selections will be made based on criteria described in the application, Final Rule, and NOFA. Applicants who are conditionally selected will be notified of any additional information needed to confirm or clarify information provided in the application. Applicants will then be notified of the deadline to submit such information. If an applicant is unable to meet any conditions for grant award within the specified timeframe, VA reserves the right to not award funds and to use the funds available for other grant and per diem applicants.

Veterans Health Administration (VHA) Privacy Officer, Department of Veterans Affairs, 810 Vermont Avenue, NW., Washington, DC 20420; telephone (704) 245-2492.

SUPPLEMENTARY INFORMATION: Routine Use 6 was amended to allow disclosure to the National Archives and Records Administration (NARA) and the General Services Administration (GSA) in records management inspections conducted under authority of Title 44, Chapter 29, of the United States Code (U.S.C.). NARA and GSA are responsible for management of old records no longer actively used, but which may be appropriate for preservation, and for the physical maintenance of the Federal government's records. VA must be able to provide the records to NARA and GSA in order to determine the proper disposition of such records.

Routine Use 11 was added to allow VA to disclose information from this system of records to the Department of Justice (DoJ), either on VA's initiative or in response to DoJ's request for the information, after either VA or DoJ determines that such information is relevant to DoJ's representation of the United States or any of its components in legal proceedings before a court or adjudicative body, provided that, in each case, the agency also determines prior to disclosure that release of the records to the DoJ is a use of the information contained in the records that is compatible with the purpose for which VA collected the records. VA, on its own initiative, may disclose records in this system of records in legal proceedings before a court or administrative body after determining that the disclosure of the records to the court or administrative body is a use of the information contained in the records

that is compatible with the purpose for which VA collected the records.

Routine Use 12 was added to allow for disclosure of relevant information to be made to individuals, organizations, private or public agencies, or other entities with whom VA has a contract or agreement or where there is a subcontract to perform such services as VA may deem practicable for the purposes of laws administered by VA, in order for the contractor or subcontractor to perform the services of the contract or agreement.

Routine Use 13 was added to allow VA to disclose on its own initiative any information in the system, except the names and home addresses of Veterans and their dependents, that is relevant to a suspected or reasonably imminent violation of the law, whether civil, criminal, or regulatory in nature and whether arising by general or program statute or by regulation, rule, or order issued pursuant thereto, to a Federal, state, local, tribal, or foreign agency charged with the responsibility of investigating or prosecuting such violation, or charged with enforcing or implementing the statute, regulation, rule, or order. VA may also disclose on its own initiative the names and addresses of Veterans and their dependents to a Federal agency charged with the responsibility of investigating or prosecuting civil, criminal, or regulatory violations of law, or charged with enforcing or implementing the statute, regulation, or order issued pursuant thereto.

Routine Use 14 was added for disclosure to other Federal agencies to be made to assist such agencies in preventing and detecting possible fraud or abuse by individuals in their operations and programs.

Routine Use 15 was added so that VA may, on its own initiative, disclose any information or records to appropriate agencies, entities, and persons when (1) VA suspects or has confirmed that the integrity or confidentiality of information in the system of records has been compromised; (2) the Department has determined that as a result of the suspected or confirmed compromise, there is a risk of embarrassment or harm to the reputations of the record subjects, harm to economic or property interests, identity theft or fraud, or harm to the security, confidentiality, or integrity of this system or other systems or programs (whether maintained by the Department or another agency or entity) that rely upon the potentially compromised information; and (3) the disclosure is to agencies, entities, or persons whom VA determines are reasonably necessary to assist or carry

out the Department's efforts to respond to the suspected or confirmed compromise and prevent, minimize, or remedy such harm. This routine use permits disclosures by the Department to respond to a suspected or confirmed data breach, including the conduct of any risk analysis or provision of credit protection services as provided in 38 U.S.C. 5724, as the terms are defined in 38 U.S.C. 5727.

The Report of Intent to Amend a System on Records Notice and an advance copy of the system notice have been sent to the appropriate Congressional committees and to the Director of the Office of Management and Budget (OMB) as required by 5 U.S.C. 552a(r) (Privacy Act) and guidelines issued by OMB (65 FR 77677), December 12, 2000.
