

certain entities. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. What Should I Consider as I Prepare My Comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through www.regulations.gov or e-mail. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When submitting comments, remember to:

- i. Identify the document by docket ID number and other identifying information (subject heading, **Federal Register** date and page number).
- ii. Follow directions. The Agency may ask you to respond to specific questions or organize comments by referencing a Code of Federal Regulations (CFR) part or section number.
- iii. Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.
- iv. Describe any assumptions and provide any technical information and/or data that you used.
- v. If you estimate potential costs or burdens, explain how you arrived at your estimate in sufficient detail to allow for it to be reproduced.
- vi. Provide specific examples to illustrate your concerns and suggest alternatives.
- vii. Explain your views as clearly as possible, avoiding the use of profanity or personal threats.
- viii. Make sure to submit your comments by the comment period deadline identified.

3. *Environmental justice.* EPA seeks to achieve environmental justice, the fair treatment and meaningful involvement of any group, including minority and/or low income populations, in the development, implementation, and enforcement of environmental laws, regulations, and policies. To help address potential environmental justice issues, the Agency seeks information on

any groups or segments of the population who, as a result of their location, cultural practices, or other factors, may have atypical or disproportionately high and adverse human health impacts or environmental effects from exposure to the pesticide(s) discussed in this document, compared to the general population.

II. What Action is the Agency Taking?

Under section 18 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) (7 U.S.C. 136p), at the discretion of the Administrator, a Federal or State agency may be exempted from any provision of FIFRA if the Administrator determines that emergency conditions exist which require the exemption. The South Dakota Department of Agriculture has requested the Administrator to issue a specific exemption for the use of amitraz in beehives to control varroa mites. Information in accordance with 40 CFR part 166 was submitted as part of this request.

As part of this request, the applicant asserts that the beekeeping industry in South Dakota is threatened by varroa mite, a devastating pest found in bees. According to the applicant, varroa mites are developing resistance to pesticides currently available to control this pest. South Dakota is a top ranking honey producing state and the beekeeping industry is important to South Dakota's economy. Varroa mite outbreaks are also associated with colony virus problems.

The Applicant proposes to make no more than two treatments (plastic strips impregnated with amitraz) per year in beehives in all counties throughout South Dakota. Approximately 250,000 honeybee colonies could be treated in South Dakota, requiring 500,000 strips for a single varroa mite treatment. The total amount of pesticide that could be used is 250,000 grams active ingredient. The proposed treatment schedule would allow for the plastic strips to be hung in the beehives during the spring or fall if varroa mite infestations have reached treatment threshold.

This notice does not constitute a decision by EPA on the application itself. The regulations governing section 18 of FIFRA require publication of a notice of receipt of an application for a specific exemption proposing:

A use of a pesticide which was voluntarily canceled under section 6(f) of FIFRA, and which poses a risk similar to the risk which was voluntarily canceled under section 6(f) of FIFRA. The notice provides an opportunity for public comment on the application.

The Agency will review and consider all comments received during the comment period in determining whether to issue the specific exemption requested by the South Dakota Department of Agriculture.

List of Subjects

Environmental protection, Pesticides and pests.

Dated: September 7, 2010.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9201-7]

Announcement of the Board of Trustees for the National Environmental Education Foundation

AGENCY: Environmental Protection Agency; Office of External Affairs and Environmental Education.

ACTION: Notice.

SUMMARY: The National Environmental Education Foundation (NEEF) was created by Section 10 of Public Law #101-619, the National Environmental Education Act of 1990. It is a private 501(c)(3) non-profit organization established to promote and support education and training as necessary tools to further environmental protection and sustainable, environmentally sound development. It provides the common ground upon which leaders from business and industry, all levels of government, public interest groups, and others can work cooperatively to expand the reach of environmental education and training programs beyond the traditional classroom. The Foundation supports a grant program that promotes innovative environmental education and training programs; it also develops partnerships with government and other organizations to administer projects that promote the development of an environmentally literate public. The Administrator of the U.S. Environmental Protection Agency, as required by the terms of the Act, announces the following appointment to the National Environmental Education Foundation Board of Trustees. The appointee is Decker Anstrom, President (retired), Landmark Communications and former Chairman of The Weather Channel Companies.

FOR FURTHER INFORMATION CONTACT: For information regarding this Notice of Appointment, please contact Ms. Ruth McCully, Director, Office of Environmental Education, Office of External Affairs and Environmental Education (1704A) U.S. EPA, 1200 Pennsylvania Ave., NW., Washington, DC 20460. General information concerning NEEF can be found on their Web site at: <http://www.neefusa.org>.

SUPPLEMENTARY INFORMATION:

Additional Considerations: Great care has been taken to assure that this new appointee not only has the highest degree of expertise and commitment, but also brings to the Board diverse points of view relating to environmental education. This appointment is a four-year term which may be renewed once for an additional four years pending successful re-election by the NEEF nominating committee.

This appointee will join the current Board members which include:

- JL Armstrong (NEEF Vice Chair), National Manager, Toyota Motor Sales, USA, Inc.
- Raymond Ban, Executive Vice President, The Weather Channel.
- Holly Cannon, Principal, Beveridge and Diamond, P.C.
- Phillipe Cousteau, Co-Founder and CEO, EarthEcho International.
- Arthur Gibson (NEEF Chair), Vice President, Environment, Health and Safety, Baxter Healthcare Corporation.
- Kenneth Olden, Chairman, Avon Foundation Scientific Advisory Board.
- Trish Silber, President, Aliniad Consulting Partners, Inc.
- Bradley Smith, Dean, Huxley College of the Environment, Western Washington University.
- Kenneth Strassner (NEEF Treasurer), Vice President, Global Environment, Safety, Regulatory and Scientific Affairs, Kimberly-Clark Corporation.
- Diane Wood (NEEF Secretary), President, National Environmental Education Foundation.

Background: Section 10 (a) of the National Environmental Education Act of 1990 mandates a National Environmental Education Foundation. The Foundation is established in order to extend the contribution of environmental education and training to meeting critical environmental protection needs, both in this country and internationally; to facilitate the cooperation, coordination, and contribution of public and private resources to create an environmentally advanced educational system; and to foster an open and effective partnership among Federal, State, and local

government, business, industry, academic institutions, community based environmental groups, and international organizations.

The Foundation is a charitable and nonprofit corporation whose income is exempt from tax, and donations to which are tax deductible to the same extent as those organizations listed pursuant to section 501(c) of the Internal Revenue Code of 1986. The Foundation is not an agency or establishment of the United States. The purposes of the Foundation are—

(A) Subject to the limitation contained in the final sentence of subsection (d) herein, to encourage, accept, leverage, and administer private gifts for the benefit of, or in connection with, the environmental education and training activities and services of the United States Environmental Protection Agency;

(B) To conduct such other environmental education activities as will further the development of an environmentally conscious and responsible public, a well-trained and environmentally literate workforce, and an environmentally advanced educational system;

(C) To participate with foreign entities and individuals in the conduct and coordination of activities that will further opportunities for environmental education and training to address environmental issues and problems involving the United States and Canada or Mexico.

The Foundation develops, supports, and/or operates programs and projects to educate and train educational and environmental professionals, and to assist them in the development and delivery of environmental education and training programs and studies.

The Foundation has a governing Board of Directors (hereafter referred to in this section as 'the Board'), which consists of 13 directors, each of whom shall be knowledgeable or experienced in the environment, education and/or training. The Board oversees the activities of the Foundation and assures that the activities of the Foundation are consistent with the environmental and education goals and policies of the Environmental Protection Agency and with the intents and purposes of the Act. The membership of the Board, to the extent practicable, represents diverse points of view relating to environmental education and training. Members of the Board are appointed by the Administrator of the Environmental Protection Agency.

Within 90 days of the date of the enactment of the National Environmental Education Act, and as

appropriate thereafter, the Administrator will publish in the **Federal Register** an announcement of appointments of Directors of the Board. Such appointments become final and effective 90 days after publication in the **Federal Register**. The directors are appointed for terms of 4 years. The Administrator shall appoint an individual to serve as a director in the event of a vacancy on the Board within 60 days of said vacancy in the manner in which the original appointment was made. No individual may serve more than 2 consecutive terms as a director.

Dated: September 2, 2010.

Lisa P. Jackson,
Administrator.

Decker Anstrom

In 1987 Decker Anstrom joined the National Cable Television Association (NCTA) as Executive Vice President; he became President and CEO in 1994. During his tenure he led the cable industry's efforts that helped result in the Telecommunications Act of 1996. In 1999, Mr. Anstrom joined The Weather Channel Companies as President and CEO. In 2002 he became President of Landmark Communications, a privately held diversified media company that owned newspapers, local television stations, database centers and print and classified advertising businesses as well as The Weather Channel Companies. In that position he also served as Chairman of The Weather Channel Companies, at which time he helped introduce new programming regarding climate change. In addition, Mr. Anstrom served on numerous community non-profit and cable industry boards, including NCTA, which he chaired for two years. He retired in late 2008 as President of Landmark Communications and Chairman of The Weather Channel Companies. He currently serves on the Board of Directors of Comcast Corporation, two non-profit environmental groups, Island Press and Climate Central, and an educational non-profit organization, the Institute for Educational Leadership.

Prior to working at Landmark, Mr. Anstrom had a long career in public service in the communications industry. During the Carter Administration, he served as a senior staff member in the White House Office of Management and Budget, working on the creation of the U.S. Department of Education, and later in the White House Office of Presidential Personnel. He subsequently joined and became President of Public Strategies where he directed a broad range of public policy and economic

analyses for investment banking, corporate and non-profit clients.

Mr. Anstrom also holds a B.A. from Macalester College, St. Paul, MN, and attended one year of graduate school at the Woodrow Wilson School of Public and International Affairs, Princeton University, Princeton, NJ.

Lauryl Sulfate Salts Registration Review Final Decision; Notice of Availability

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces the availability of EPA's final registration review decision for the pesticide, lauryl sulfate salts (also known as sodium lauryl salts), case 4061. Registration review is EPA's periodic review of pesticide registrations to ensure that each pesticide continues to satisfy the statutory standard for registration, that is, that the pesticide can perform its intended function without causing unreasonable adverse effects on human health or the environment. Through this program, EPA is ensuring that each pesticide's registration is based on current scientific and other knowledge, including its effects on human health and the environment.

FOR FURTHER INFORMATION CONTACT: For pesticide specific information, contact: Monisha Harris, Chemical Review Manager, Antimicrobials Division (7510P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 308-0410; fax number: (703) 308-8090; e-mail address: harris.monisha@epa.gov.

For general information on the registration review program, contact: Lance Wormell, Antimicrobials Division (7510P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 603-0523; fax number: (703) 308-8090; e-mail address: wormell.lance@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, farm worker, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the chemical review manager listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

EPA has established a docket for this action under docket identification (ID) number EPA-HQ-OPP-2009-0727. Publicly available docket materials are available either in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy, at the Office of Pesticide Programs (OPP) Regulatory Public Docket in Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. The hours of operation of this Docket Facility are from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket Facility telephone number is (703) 305-5805.

II. Background

A. What Action is the Agency Taking?

Pursuant to 40 CFR 155.58(c), this notice announces the availability of EPA's final registration review decision for the lauryl sulfate salts. Sodium lauryl sulfate (PC Code 079011) is the only active ingredient in case 4061. There is one registered product that contains sodium lauryl sulfate as an active ingredient. The product, Kleenex® Brand Antiviral Tissues, contains 2.02% sodium lauryl sulfate and is registered by Kimberly-Clark Global Sales, LLC (EPA Reg. No. 9402-10). The tissues also contain citric acid as an active ingredient at 7.51%. Products containing sodium lauryl sulfate as an active ingredient were first registered in 1948 and sodium lauryl sulfate is widely used as an intentionally-added inert ingredient in pesticide products.

Pursuant to 40 CFR 155.57, a registration review decision is the Agency's determination whether a pesticide meets, or does not meet, the Federal Insecticide, Fungicide, and

Rodenticide Act (FIFRA) standard for registration. EPA has considered lauryl sulfate salts in light of the FIFRA standard for registration. The Final Decision document in the docket describes the Agency's rationale for issuing a registration review final decision for lauryl sulfate salts.

In addition to the final registration review decision document, the registration review docket for lauryl sulfate salts also includes other relevant documents related to the registration review of this case. The combined final work plan and proposed registration review decision was posted to the docket and the public was invited to submit any comments or new information. During the 60-day comment period, no public comments were received.

Pursuant to 40 CFR 155.58(c), the registration review case docket for lauryl sulfate salts will remain open until all actions required in the final decision have been completed.

Background on the registration review program is provided at: http://www.epa.gov/oppsrrd1/registration_review. Links to earlier documents related to the registration review of lauryl sulfate salts are provided at: http://www.epa.gov/oppsrrd1/registration_review/lauryl-sulfate/index.html.

B. What is the Agency's Authority for Taking this Action?

Section 3(g) of FIFRA and 40 CFR part 155, subpart C, provide authority for this action.

List of Subjects

Environmental protection, Registration review, Pesticides and pests, Antimicrobials, Lauryl Sulfate Salts.

Dated: September 2, 2010.

Joan Harrigan-Farrelly

Director, Antimicrobials Division, Office of Pesticide Programs.
