SUPPLEMENTARY INFORMATION:

A. Purpose

This information collection is necessary in order to comply with section 872 of the Duncan Hunter National Defense Authorization Act of 2009, Public Law 110–417, as amended by Public Law 111–212, hereafter referred to as “the Act.” The Act requires GSA to establish and maintain a database of information regarding the integrity and performance of certain entities awarded Federal grants and contracts and use of the information by Federal officials making awards. OMB proposed implementing guidance for grants and cooperative agreements on February 18, 2010 (75 FR 7315). That guidance is in the process of being finalized. The proposed guidance requires appropriate Federal officials to report on terminations of awards due to material failure to comply with award terms and conditions; administrative agreements with entities to resolve suspension or debarment proceedings; and findings that entities were not qualified to receive awards. Through a

new award term, each recipient would provide information about certain civil, criminal, and administrative proceedings that reached final disposition within the most recent five-year period and were connected with the award or performance of a Federal or State award. As section 872 requires, an entity also would be able to submit comments to the data system about any information that the system contains about the entity.

I. Background

On March 11, 2009, the Congress passed the Omnibus Appropriations Act, 2009 (Pub. L. 111–8). The House Appropriations Committee Print, Division F—Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations included language providing \$1,000,000 for the Interagency Working Group on Youth Programs, and directed that the funds be used to solicit input from young people, State children’s cabinet directors, and non-profit organizations on youth programs and policies; develop an overarching strategic plan for Federal youth policy; and prepare recommendations to improve the coordination, effectiveness, and efficiency of programs affecting youth.

The Interagency Working Group on Youth Programs is comprised of staff from twelve Federal agencies that support programs and services that focus on youth: The U.S. Department of Agriculture; U.S. Department of Commerce; U.S. Department of Defense; U.S. Department of Education; U.S. Department of Health and Human Services (Chair); U.S. Department of Housing and Urban Development; U.S. Department of Justice (Vice-Chair); U.S. Department of Labor; U.S. Department of the Interior; U.S. Department of Transportation; Corporation for National and Community Service; and Office of National Drug Control Policy.

The Working Group seeks to promote achievement of positive results for at-risk youth through the following activities:

- Promoting enhanced collaboration at the Federal, state, and local levels, including with faith-based and other community organizations, as well as among families, schools and communities, in order to leverage

existing resources and improve outcomes;

- Disseminating information about critical resources, including evidence-based programs, to assist interested citizens and decision-makers, particularly at the community level, to plan, implement, and participate in effective strategies for at-risk youth;
- Developing an overarching strategic plan for federal youth policy, as well as recommendations for improving the coordination, effectiveness and efficiency of youth programs, using input from community stakeholders, including youth; and
- Producing a Federal Web site, [FindYouthInfo.gov](http://www.FindYouthInfo.gov), to promote effective community-based efforts to reduce the factors that put youth at risk and to provide high-quality services to at-risk youth.
