

(Eastern Time) and November 4, 2010, from 11 a.m. to 2 p.m. (Eastern Time).

ADDRESSES: The teleconferences will be conducted by telephone only.

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing to obtain general information concerning this public teleconference should contact Ms. Iris Goodman, Designated Federal Officer (DFO), EPA Science Advisory Board (1400F), 1200 Pennsylvania Ave., NW., Washington, DC 20460; via telephone/voice mail: (202) 564-2164; fax: (202) 565-2098; or e-mail at goodman.iris@epa.gov. General information concerning the EPA Science Advisory Board can be found on the SAB Web site at <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION: The SAB was established by 42 U.S.C. 4365 to provide independent scientific and technical advice to the Administrator on the technical basis for Agency positions and regulations. The SAB is a Federal advisory committee chartered under the Federal Advisory Committee Act (FACA), as amended, 5 U.S.C., App 2. The SAB will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies. Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that the augmented SAB Ecological Processes and Effects Committee will hold two public teleconferences to discuss their preliminary advice.

Background: The augmented SAB Ecological Processes and Effects Committee held a face-to-face meeting on July 29 and 30, 2010 to receive EPA briefings and to initiate its review of EPA's Office of Water's white paper that summarized performance data for selected existing ballast water technologies (75 FR 37793-3779400, June 30, 2010). Specifically, the Committee has been asked to evaluate: (1) The performance of shipboard ballast water treatment processes, based on available effluent testing data; (2) the potential for future improved performance of shipboard ballast water treatment systems; and (3) how to develop reliable information to use in future assessments of ballast water treatment technologies and systems. The purpose of these teleconferences is to discuss the preliminary advice of the Committee's subgroups addressing these issues. Background information on this advisory activity is available on the SAB Web site at http://yosemite.epa.gov/sab/sabproduct.nsf/fedgrstr_activites/BW%20discharge?OpenDocument.

Availability of Meeting Materials: The agendas and other materials in support

of the teleconferences will be placed on the SAB Web site at <http://www.epa.gov/sab> in advance of each teleconference.

Procedures for Providing Public Input: Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees and panels, including scientific advisory committees, provide independent advice to EPA. Members of the public can submit comments for a federal advisory committee to consider as it develops advice for EPA. Interested members of the public may submit relevant written or oral information for the SAB to consider on the topics included in this advisory activity. **Oral Statements:** In general, individuals or groups requesting an oral presentation at a public teleconference will be limited to three minutes per speaker, with no more than a total of one-half hour for all speakers. Each person making an oral statement should consider providing written comments so that the points presented orally can be expanded upon in writing. Interested individuals should contact Ms. Goodman, DFO, in writing (preferably via e-mail) at the contact information noted above by October 20, 2010, to be placed on a list of public speakers for the for the October 26, 2010 teleconference. **Written Statements:** Written statements for the October 26, 2010 teleconference should be supplied to the DFO via email at the contact information noted above, by October 20, 2010, so that the information may be made available to the SAB Committee members for their consideration and placed on the SAB Web site for public information. Written statements should be supplied to the DFO in the following formats: one hard copy with original signature, and one electronic copy via e-mail (acceptable file format: Adobe Acrobat PDF, WordPerfect, MS Word, MS PowerPoint, or Rich Text files in IBM-PC/Windows 98/2000/XP format). Submitters are asked to provide versions of each document submitted with *and* without signatures, because the SAB Staff Office does not publish documents with signatures on its Web sites.

Accessibility: For information on access or services for individuals with disabilities, please contact Ms. Iris Goodman at (202) 564-2164 or goodman.iris@epa.gov. To request accommodation of a disability, please contact Ms. Goodman, preferably at

least 10 days prior to the meeting, to give EPA as much time as possible to process your request.

Dated: September 30, 2010.

Anthony F. Maciorowski,
Deputy Director, EPA Science Advisory Board Staff Office.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPP-2007-0092; FRL-8845-8]

Pesticide Product Registrations; Conditional Approval

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces Agency approval of applications submitted by Arkema, Inc., to conditionally register the pesticide products Paladin Technical, Paladin, and Paladin EC containing a new active ingredient not included in any previously registered products pursuant to the provisions of section 3(c)(7)(C) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended.

FOR FURTHER INFORMATION CONTACT: John Bazuin, Registration Division (7505P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 305-7381; e-mail address: bazuin.john@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. Potentially affected entities may include, but are not limited to:

- Crop production (NAICS code 111).
- Animal production (NAICS code 112).
- Food manufacturing (NAICS code 311).
- Pesticide manufacturing (NAICS code 32532).

This listing is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. Other types of entities not listed in this unit could also be affected. The North American Industrial Classification System (NAICS) codes have been provided to

assist you and others in determining whether this action might apply to certain entities. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How can I get copies of this document and other related information?

EPA has established a docket for this action under docket identification (ID) number EPA-HQ-OPP-2007-0092. Publicly available docket materials are available either in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy, at the Office of Pesticide Programs (OPP) Regulatory Public Docket in Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. The hours of operation of this Docket Facility are from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket Facility telephone number is (703) 305-5805.

In accordance with section 3(c)(2) of FIFRA, a copy of the approved label, the list of data references, the data and other scientific information used to support registration, except for material specifically protected by section 10 of FIFRA, are also available for public inspection. Requests for data must be made in accordance with the provisions of the Freedom of Information Act and must be addressed to the Freedom of Information Office (A-101), 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001. Such requests should: Identify the product name and registration number and specify the data or information desired.

A paper copy of the fact sheet, which provides more detail on this registration, may be obtained from the National Technical Information Service (NTIS), 5285 Port Royal Rd., Springfield, VA 22161.

II. Did EPA conditionally approve the application?

A conditional registration may be granted under section 3(c)(7)(C) of FIFRA for a new active ingredient where certain data are lacking, on condition that such data are received by the end of the conditional registration period and do not meet or exceed the risk criteria set forth in 40 CFR 154.7; that use of the pesticide during the conditional registration period will not cause unreasonable adverse effects; and that use of the pesticide is in the public interest. The Agency has considered the available data on the risks associated with the proposed use of dimethyl disulfide (DMDS), and information on social, economic, and environmental

benefits to be derived from such use. Specifically, the Agency has considered the nature and its pattern of use, application methods and rates, and level and extent of potential exposure. Based on these reviews, the Agency was able to make basic health and safety determinations which show that use of DMDS during the period of conditional registration will not cause any unreasonable adverse effect on the environment, and that use of the pesticide is in the public interest.

Consistent with section 3(c)(7)(C) of FIFRA, the Agency has determined that these conditional registrations are in the public interest. Use of the pesticides are of significance to the user community, and appropriate labeling, use directions, and other measures have been taken to ensure that use of the pesticides will not result in unreasonable adverse effects to man and the environment.

III. Conditional Approval Form

EPA issued a notice, published in the **Federal Register** of May 1, 2009 (74 FR 20298) (FRL-8404-9), which announced that Arkema, Inc., 639 Freedom Business Center, Suite 402, King of Prussia, PA 19406, had submitted an application to conditionally register the following pesticide products:

1. Paladin Technical, a manufacturing-use product for formulation of pre-plant soil fumigant end-use products (EPA File Symbol 55050-G), containing 99.8% dimethyl disulfide, an active ingredient not included in any previously registered product;
2. Paladin, an end-use product for pre-plant soil fumigant use (EPA File Symbol 55050-U), containing 98.8% dimethyl disulfide; and
3. Paladin EC, an end-use product for pre-plant soil fumigant use (EPA File Symbol 55050-L), containing 93.8% dimethyl disulfide.

The following dimethyl disulfide product applications were conditionally approved on July 9, 2010:

- i. The manufacturing-use product Paladin Technical (EPA Registration Number 55050-3).
- ii. The end-use product Paladin (EPA Registration Number 55050-4) for pre-plant soil fumigant use on soil that will be used to grow fruiting vegetable (tomato, pepper, and eggplant), cucurbit vegetable (cucumber, squash (all types), and melon (all types)), small fruit (blueberry and strawberry), ornamental (field grown), and forest nursery crops.
- iii. The end-use product Paladin EC (EPA Registration Number 55050-5) for pre-plant soil fumigant use on soil that will be used to grow fruiting vegetable (tomato, pepper, and eggplant), cucurbit

vegetable (cucumber, squash (all types), and melon (all types)), small fruit (blueberry and strawberry), ornamental (field grown), and forest nursery crops.

List of Subjects

Environmental protection, Chemicals, Pests and pesticides.

Dated: September 27, 2010.

Lois Rossi,

Director, Registration Division, Office of Pesticide Programs.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9212-3]

Notice of Tentative Approval and Solicitation of Request for a Public Hearing for Public Water System Supervision Program Revision for the Commonwealth of Virginia

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of tentative approval and Solicitation of Requests for a Public Hearing.

SUMMARY: Notice is hereby given in accordance with the provision of section 1413 of the Safe Drinking Water Act, as amended, and the requirements governing the National Primary Drinking Water Regulations Implementation, 40 CFR Part 142, that the Commonwealth of Virginia is revising its approved Public Water System Supervision Program. The Commonwealth has adopted the Arsenic Rule which will provide for better public health protection by lowering the maximum contaminant level (MCL) from 0.05 to 0.010 mg/L and by demonstrating monitoring compliance for new systems or sources of drinking water. EPA has determined that these revisions are no less stringent than the corresponding Federal regulations. EPA is taking action to tentatively approve these program revisions. All interested parties are invited to submit written comments on this determination and may request a public hearing.

DATES: Comments or a request for a public hearing must be submitted by November 8, 2010. This determination shall become effective on November 8, 2010 if no timely and appropriate request for a hearing is received and the Regional Administrator does not elect on his own to hold a hearing, and if no comments are received which cause EPA to modify its tentative approval.
