

Response, the Commission finds that the proposed rule change is consistent with the requirements of the Exchange Act, and the rules and regulations thereunder that are applicable to national securities associations.³¹ In particular, the Commission believes the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Exchange Act,³² which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, promote just and equitable principles of trade, and in general, to protect investors and the public interest. The proposed rule change is consistent with FINRA's obligations under the Exchange Act to protect investors and the public interest because the proposed rule streamlines the rules governing broker-dealers' confirmation requirements by cross-referencing Exchange Act Rule 10b-10 while maintaining the additional disclosure requirements of NASD IM-2110-6 (*i.e.*, relating to callable securities) and extending the additional NYSE Rule 409(f) requirements (*i.e.*, relating to settlement date) to a broader range of equity securities.

The Commission believes that FINRA has adequately addressed the concerns raised by commenters with respect to the application of the settlement date provisions to mutual fund and variable annuity transactions. In particular, Amendment No. 1 limits the settlement date disclosure requirement to Regulation NMS stock and over-the-counter equity securities subject to the FINRA Rule 6600 series. We also believe that the proposed rule is consistent with the public interest and the protection of investors because information regarding the callable status of a security is generally a material fact for investors. Indeed, callable securities can subject investors to additional reinvestment risk because investors may have less attractive alternatives for reinvesting the proceeds if the issuer calls the security earlier than the investor's intended sell date, even when the security is called away at a premium. In addition, the disclosure of settlement date on a confirmation is important for investors because many of the rights and benefits associated with the beneficial ownership of a security do not confer until settlement date.³³ Finally, we note

that the Exchange Act does not require a cost/benefit analysis with respect to proposed self-regulatory organization rules that are filed with, and approved by, the Commission.

V. Accelerated Approval

The Commission finds good cause, pursuant to Section 19(b)(2) of the Exchange Act,³⁴ for approving the proposed rule change, as modified by Amendment No. 1, prior to the 30th day after publication of Amendment No. 1 in the **Federal Register**. The changes proposed in Amendment No. 1 respond to specific concerns raised by commenters. In particular, Amendment No. 1 will limit the application of the settlement date provisions to transactions in Regulation NMS securities and to over-the-counter equity securities subject to the reporting requirements of the FINRA Rule 6600 series, other than direct participation programs as defined in FINRA Rule 6642.

Accordingly, the Commission finds that good cause exists to approve the proposal, as modified by Amendment No. 1, on an accelerated basis.

The Exchange is filing with the Securities and Exchange Commission ("Commission") a proposed rule change to codify pricing for co-location services. The text of the proposed rule change is available at <http://www.nasdaqtrader.com/micro.aspx?id=PHLXRrulefilings>, at the Exchange's principal office, on the Commission's Web site at <http://www.sec.gov>, and at the Commission's Public Reference Room. II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Recently, the Commission approved an initial fee schedule of existing fees for the Exchange's co-location services.³ This filing seeks to codify additional fees not included in that schedule. These fees are: (1) A one-time \$3,000 fee for users selecting a Phase 3 2x 20 208 volt cabinet power option; (2) a one-time \$200 per shelf fee for additional cabinet shelves within a power cabinet; (3) a one-time \$175 fee per lock for single master key locks that allow customers to use a single key to access their secured equipment; and (4) a one-time per spout fee of \$750 for cable downspouts that gather and secure

cables entering customer equipment. All the foregoing products are provided only upon customer request, and the Exchange notes that use of its co-location products and services is completely voluntary and all are offered on a non-discriminatory basis.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁴ in general, and with Section 6(b)(5) of the Act,⁵ in particular, in that the proposal is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. In particular, the filing codifies and makes transparent uniform fees imposed for co-location services.

In addition, the Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁶ in general, and with Section 6(b)(4) of the Act,⁷ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which The Exchange operates or controls. In particular, the Exchange notes that the use of co-location services is entirely voluntary and made available on a non-discriminatory basis.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.⁸ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
