IV. What is the Agency's Authority for Taking this Action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the Administrator may approve such a request.

V. Procedures for Withdrawal of Request

For malathion products (EPA Registration Nos. 4787–46 and 67760–40) and diquat dibromide products (EPA Registration No. 100–1061) registrants who choose to withdraw a request for use deletion must submit the withdrawal in writing to Eric Miederhoff using the methods in **ADDRESSES**. The Agency will consider written withdrawal requests postmarked no later than March 12, 2010.

For metam-sodium and metam-potassium products (EPA Registration Nos. 1448–74, 1448–83, 1448–85, 1448–107, 1448–361, and 1448–362) registrants who choose to withdraw a request for use deletion must submit the withdrawal in writing to Eric Miederhoff using the methods in **ADDRESSES**. The Agency will consider written withdrawal requests postmarked no later than August 9, 2010.

This written withdrawal of the request for use deletion will apply only to the applicable FIFRA section 6(f)(1) request listed in this notice. If the products have been subject to a previous cancellation action, the effective date of the use deletion amendment and all other provisions of any earlier cancellation action are controlling.

VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action.

In any order issued in response to these requests for amendments to delete uses, the Agency proposes to include the following provisions for the treatment of any existing stocks of the products identified or referenced in Table 1 in Unit III. The Agency proposes to authorize registrants to sell or distribute products under the previously approved labeling for a period of 12 months after approval of the revision, unless other restrictions have been imposed.

If the requests for voluntary use deletions are granted as discussed in this unit, the Agency intends to issue a cancellation order that will allow persons other than the registrant to continue to sell and/or use existing stocks of products whose labels include the deleted uses until such stocks are exhausted, provided that such use is consistent with the terms of the previously approved labeling on, or that accompanied, the product whose label includes the deleted uses. The order will specifically prohibit any use of existing stocks that is not consistent with such previously approved labeling. The Agency will publish the cancellation order in the **Federal Register**.
