Coast Guard

33 CFR Part 165

[Docket No. USCG-2010-0776]

RIN 1625-AA00

Safety Zone; Fireworks Displays, Potomac River, National Harbor, MD

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a safety zone upon specified waters of the Potomac River. This action is necessary to provide for the safety of life on navigable waters during fireworks displays launched from a discharge barge located at National Harbor, in Prince Georges County, Maryland. This safety zone is intended to protect the maritime public in a portion of the Potomac River.

DATES: This rule is effective from 6 p.m. on November 17, 2010 through 11 p.m. on November 18, 2010.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket USCG-2010-0776 and are available online by going to <http://www.regulations.gov>, inserting USCG-2010-0776 in the “Keyword” box, and then clicking “Search.” They are also available for inspection or copying at the Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Regulatory Information

On September 1, 2010, we published a temporary interim rule with request for comments entitled “Safety Zone; Fireworks Displays, Potomac River, National Harbor, MD” in the **Federal Register** (75 FR 169). We received one comment on the interim rule. No public meeting was requested, and none was held.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Due to the need for immediate action, the restriction of vessel traffic is necessary to protect life, property and the environment; therefore, a 30-day notice is impracticable. Delaying the effective date would be contrary to the safety zone’s intended objectives of protecting persons and vessels involved in the event, and enhancing public and maritime safety.

Background and Purpose

Fireworks displays are frequently held from locations on or near the navigable waters of the United States. The potential hazards associated with fireworks displays are a safety concern during such events. The purpose of this rule is to promote public and maritime safety during five fireworks displays, and to protect mariners transiting the area from the potential hazards associated with a fireworks display, such as the accidental discharge of fireworks, dangerous projectiles, and falling hot embers or other debris. This rule is needed to ensure safety on the waterway during the scheduled events.

Discussion of Comments and Changes

The Coast Guard received a total of one piece of correspondence in response to the temporary interim rule. No public meeting was requested and none was held. What follows is a review of, and the Coast Guard’s response to, the issues and questions that were presented by the commenter concerning the interim rule.

The commenter, the sponsor’s representative for the fireworks displays, stated in an e-mail on September 2, 2010 that a date change had occurred for the fireworks display

scheduled on November 18, 2010. The fireworks display will now be held on November 17, 2010.

One change is being made to the temporary final rule to reflect the change in date for the fireworks display. The temporary final rule will now be enforced from 6 p.m. through 11 p.m. on November 17, 2010 and if necessary due to inclement weather, from 6 p.m. through 11 p.m. on November 18, 2010.

Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 13 of these statutes or executive orders.

Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. Although this safety zone will restrict some vessel traffic, there is little vessel traffic associated with commercial fishing in the area, and recreational boating in the area can transit waters outside the safety zone. In addition, the effect of this rule will not be significant because the safety zone is of limited duration and limited size. For the above reasons, the Coast Guard does not anticipate any significant economic impact.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This rule will affect the following entities, some of which may be small entities: the owners or operators of vessels intending to operate, transit, or anchor in a portion of the Potomac River, located at National Harbor, MD, from 6 p.m. through 11 p.m. on November 17, 2010, and if necessary due to inclement weather, from 6 p.m. through 11 p.m. on November 18, 2010.
