

FEDERAL DEPOSIT INSURANCE CORPORATION

Determination of Insufficient Assets To Satisfy Claims Against Financial Institution in Receivership

AGENCY: Federal Deposit Insurance Corporation (FDIC).

ACTION: Notice.

SUMMARY: The FDIC has determined that insufficient assets exist in the receivership of AmTrust Bank, Cleveland, Ohio, to make any distribution to general unsecured claims, and therefore such claims will recover nothing and have no value.

DATES: The FDIC made its determination on April 30, 2011.

FOR FURTHER INFORMATION CONTACT: If you have questions regarding this notice, you may contact an FDIC Claims Agent at (904) 256-3925. Written correspondence may also be mailed to FDIC as Receiver of AmTrust Bank, Attention: Claims Agent, 7777 Baymeadows Way West, Jacksonville, Florida 32256.

SUPPLEMENTARY INFORMATION: On December 4, 2009, AmTrust Bank, Cleveland, Ohio, (FIN #10155) was closed by the Office of Thrift Supervision ("OTS"), and the Federal Deposit Insurance Corporation ("FDIC") was appointed as its receiver ("Receiver"). In complying with its statutory duty to resolve the institution in the method that is least costly to the deposit insurance fund, *see* 12 U.S.C. 1823(c)(4), the FDIC facilitated a transaction with New York Community Bank, Westbury, New York, to acquire the deposits and most of the assets of the failed institution.

Section 11(d)(11)(A) of the Federal Deposit Insurance Act, 12 U.S.C. 1821(d)(11)(A), sets forth the order of priority for distribution of amounts realized from the liquidation or other resolution of an insured depository institution to pay claims. Under the statutory order of priority, administrative expenses and deposit liabilities must be paid in full before any distribution may be made to general unsecured creditors or any lower priority claims.

As of December 31, 2010, the value of assets available for distribution by the Receiver, together with anticipated recovery sources, including recoveries

on claims against directors, officers, and other professionals, claims in bankruptcy, and refunds of Federal and state taxes, was \$3,102,153,098. As of the same date, administrative expenses and depositor liabilities equaled \$4,555,852,340, exceeding available assets by \$1,453,699,242. Accordingly, the FDIC has determined that insufficient assets exist to make any distribution on general unsecured creditor claims (and any lower priority claims) and therefore all such claims, asserted or unasserted, will recover nothing and have no value.

Dated: May 5, 2011.

Robert E. Feldman,
Executive Secretary.

SUPPLEMENTARY INFORMATION:

Proposed Project

Pre-Test of an Assisted Living Consensus Instrument

Using a consensus-based process and in partnership with the Center for Excellence in Assisted Living (CEAL), AHRQ has developed a data collection tool that will collect uniform information about individual assisted living facilities (ALFs) in the United States to increase the value of healthcare for consumers by helping them make informed choices when selecting an ALF. Included in the development process were a voluntary committee of national representatives of Assisted Living Facilities, consumers, and researchers.

Assisted living (AL) is a relatively new long-term care option that currently serves approximately one million older and dependent Americans. Unlike skilled nursing facilities which are Federally regulated and relatively uniform from state to state, ALFs vary from state to state, as well as within each state, reflecting various core values that embrace consumer choice and provider diversity.

Most states mandate a set of basic services that an ALF must offer, such as meals and housekeeping. The upper limits of allowable services are also often prescribed. However, within the range of services required and allowed, ALFs in most states are given some
