Employment Authorization Document (EAD)

May I request an interim EAD at my local USCIS office?

No. USCIS will not issue interim EADs to TPS applicants at local offices.

What documents may I show to my employer as proof of employment authorization and identity for Form I-9 (Employment Eligibility Verification form)?

To complete Form I-9 for new hires, an employee must present his or her employer with proof of identity and employment authorization. For reverification, an employee needs to provide proof of continued employment authorization. Document choices are listed on the Lists of Acceptable Documents on page 5 of Form I-9. An EAD is listed as an acceptable document under "List A." Therefore, TPS beneficiaries under this redesignation of Haiti who have timely registered with USCIS as directed under this notice and obtained an EAD may present their valid EAD to their employers as proof of employment authorization and identity. In the alternative, employees may present any other legally acceptable document or combination of documents listed on the Form I-9 as proof of identity and employment authorization.

Employers may not request proof of Haitian citizenship when completing Form I-9. Employers should accept a valid EAD so long as the EAD reasonably appears on its face to be genuine and to relate to the employee.

Note to Employers: Employers are reminded that the laws requiring employment eligibility verification and prohibiting unfair immigration-related employment practices remain in full force. This notice does not supersede or in any way limit applicable employment verification rules and policy guidance, including those rules setting forth reverification requirements. For questions, employers may call the USCIS Customer Assistance Office at 1-800-357-2099. Employers may also call DOJ's Office of Special Counsel for Immigration Related Unfair Employment Practices (OSC) Employer Hotline at 1-800-255-8155.

Note to Employees: Employees or applicants may call the OSC Employee Hotline at 1-800-255-7688 for information regarding employment problems. Additional information is available on the OSC Web site at <http://www.justice.gov/crt/osc/>.

Note Regarding State and Local Government Agencies (Such as Departments of Motor Vehicles): State and Local government agencies are permitted to create their own guidelines when granting certain benefits, such as a driver's license or an identification card. Each state may have different laws and requirements pertaining to the documents that may be used to prove eligibility for certain benefits. If you are applying for a state or local government benefit, you should take all documents that show that you are a TPS beneficiary to the state or local government agency. Examples are:

- (1) A copy of your Form I-821 Approval Notice (I-797), and
- (2) Your EAD that has a valid expiration date (if you have a TPS-based EAD).

Title of Proposal: Choice Neighborhoods.

OMB Control Number: 2577-0269.

Description of Information Collection: This is a revised information collection. The Department of Housing and Urban Development Appropriations Act, 2010 (Pub. L. 111-117, enacted on December 16, 2009) permits the HUD Secretary to use up to \$65,000,000 of the HOPE VI appropriations for Choice Neighborhoods Initiative demonstration. Thus, except as otherwise specified in the appropriations act, the HOPE VI program requirements and selection criteria will apply to Choice Neighborhoods grant for FY 2011. The notice of Funding Availability (NOFA) will contain the selection criteria for awarding Choice Neighborhoods grants and specific requirements that will apply to selected grantees.

The program aims to transform neighborhoods of poverty into viable mixed-income neighborhoods with access to economic opportunities by revitalizing severely distressed public and assisted housing and investing and leveraging investment in well-functioning services, effective schools and education programs, public assets, public transportation and improved access to jobs. Choice Neighborhoods grants will primarily fund the transformation of public and/or HUD-assisted housing developments through preservation, rehabilitation, and management improvements as well as demolition and new construction. In addition, these funds can be used on a limited basis (and combined with other funding) for improvements to the surrounding community, public services, facilities, assets, and supportive services. Choice Neighborhoods grant funds are intended

to catalyze other investments that will be directed toward necessary community improvements. The leveraging of other sources will be necessary to address other key neighborhood assets and achieve the program's core goals. HUD is working with other Federal agencies to integrate Choice Neighborhoods with other Federal place-based programs.
