SUPPLEMENTARY INFORMATION:

I. Background

In the *Federal Register* of April 6, 2011 (76 FR 19192), FDA proposed requirements to implement the menu labeling provisions of the Patient Protection and Affordable Care Act of 2010 (Affordable Care Act). Specifically, FDA proposed to require that restaurants and similar retail food establishments that are a part of a chain with 20 or more locations doing business under the same name, and offering for sale the same menu items, provide calorie and other nutrition information for standard menu items, including food on display and self-service food. FDA provided a 60-day comment period (*i.e.*, until June 6, 2011) for that proposal.

FDA has received several requests to extend the comment period. The requests stated that additional time is needed to comment on the proposed rule for a number of reasons, including a need for time to assess the effect of the proposal on the industry; a desire to conduct consumer research to support comments on the proposal; and the complexities of the proposed rule.

FDA has considered the requests and is extending the comment period an additional 30 days, until July 5, 2011. We believe that this additional time will provide interested parties sufficient time to respond to the proposal.

II. Comments

Interested persons may submit to the Division of Dockets Management (see **ADDRESSES**) either electronic or written comments regarding this document. It is only necessary to send one set of comments. It is no longer necessary to send two copies of mailed comments. Identify comments with the docket number found in brackets in the heading of this document. Received comments may be seen in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday.

SUPPLEMENTARY INFORMATION:

Background on Viticultural Areas

TTB Authority

Section 105(e) of the Federal Alcohol Administration Act (FAA Act), 27 U.S.C. 205(e), authorizes the Secretary of the Treasury to prescribe regulations for the labeling of wine, distilled spirits, and malt beverages. The FAA Act provides that these regulations should, among other things, prohibit consumer deception and the use of misleading statements on labels, and ensure that labels provide the consumer with adequate information as to the identity and quality of the product. The Alcohol and Tobacco Tax and Trade Bureau (TTB) administers the regulations promulgated under the FAA Act.

Part 4 of the TTB regulations (27 CFR part 4) allows the establishment of definitive viticultural areas and the use of their names as appellations of origin on wine labels and in wine advertisements. Part 9 of the TTB regulations (27 CFR part 9) sets forth standards for the preparation and submission of petitions for the establishment or modification of American viticultural areas and lists the approved American viticultural areas.

Definition

Section 4.25(e)(1)(i) of the TTB regulations (27 CFR 4.25(e)(1)(i)) defines a viticultural area for American wine as a delimited grape-growing region having distinguishing features as described in part 9 of the regulations and a name and a delineated boundary as established in part 9 of the regulations. These designations allow vintners and consumers to attribute a given quality, reputation, or other characteristic of a
