

and maintaining records of importation, exportation, and reexportation.

APHIS also administers regulations at 7 CFR part 356, "Forfeiture Procedures," which sets out procedures for the forfeiture of plants or other property by entities in violation of the Endangered Species Act or the Lacey Act Amendments of 1981 (16 U.S.C. 3371 *et seq.*). Entities whose property is subject to forfeiture may file with APHIS a waiver of forfeiture procedures, a claim of ownership or interest in the seized property and a bond, a request for bonded release of property, a petition for remission or mitigation of forfeiture, or a request for release of property.

The information provided by these information collection activities is critical to APHIS' ability to carry out its responsibilities under the Endangered Species Act and the Lacey Act. These responsibilities include monitoring importation, exportation, and reexportation activities involving endangered species of plants, as well as the investigation of possible violations and the forfeiture of plants or other property.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; *e.g.*, permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.0929305 hours per response.

Respondents: U.S. importers and exporters of endangered species.

Estimated annual number of respondents: 16,579.

Estimated annual number of responses per respondent: 4.9016828.

Estimated annual number of responses: 81,265.

Estimated total annual burden on respondents: 7,552 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 18th day of May 2011.

Kevin Shea,

Acting Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410-34-P

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

[Docket No. APHIS-2011-0026]

Notice of Request for Extension of Approval of an Information Collection; Accreditation of Nongovernment Facilities

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request an extension of approval of an information collection associated with accrediting nongovernment facilities to perform services related to the export of plants or plant products.

DATES: We will consider all comments that we receive on or before July 25, 2011.

ADDRESSES: *You may submit comments by either of the following methods:*

- **Federal eRulemaking Portal:** Go to <http://www.regulations.gov/fdmspublic/component/main?main=DocketDetail&d=APHIS-2011-0026> to submit or view comments and to view supporting and related materials available electronically.

- **Postal Mail/Commercial Delivery:** Send your comment to Docket No. APHIS-2011-0026, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road Unit 118, Riverdale, MD 20737-1238.

Available supporting documents and any comments we receive on this docket may be viewed on the *Regulations.gov*

Web site (follow the link above and click "View Docket Folder") or in our reading room, which is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue, SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 690-2817 before coming.

Other Information: Additional information about APHIS and its programs is available on the Internet at <http://www.aphis.usda.gov>.

FOR FURTHER INFORMATION CONTACT: For information on the accreditation program, contact Mr. Michael Ward, Senior Accreditation Program Manager, Phytosanitary Issues Management, PPQ, APHIS, 4700 River Road Unit 140, Riverdale, MD 20737; (301) 734-5227. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 851-2908.

SUPPLEMENTARY INFORMATION:

Title: Accreditation of Nongovernment Facilities.

OMB Number: 0579-0130.

Type of Request: Extension of approval of an information collection.

Abstract: The Animal and Plant Health Inspection Service (APHIS), among other things, provides export certification services to assure other countries that the plants and plant products they are receiving from the United States are free of plant pests specified by the receiving country. This activity is authorized by the Plant Protection Act (7 U.S.C. 7701 *et seq.*).

The export certification regulations, which are contained in 7 CFR part 353, describe the procedures for obtaining certification for plants and plant products offered for export or reexport. Our regulations do not require that we engage in export certification activities; we perform this work as a service to exporters who are shipping plants or plant products to countries that require phytosanitary certification as a condition of entry.

After assessing the condition of the plants or plant products intended for export (*i.e.*, after conducting a phytosanitary inspection), an inspector will issue an internationally recognized phytosanitary certificate, a phytosanitary certificate for reexport, or an export certificate for processed plant products. Laboratory testing of plant or plant product samples is an important component of the certification process.

The regulations allow nongovernment facilities (such as commercial

laboratories and private inspection services) to be accredited by APHIS to perform specific laboratory testing or phytosanitary inspections that could serve as the basis for issuing Federal phytosanitary certificates, phytosanitary certificates for reexport, or export certificates for processed plant products.

The accreditation process requires the use of several information collection activities to ensure that nongovernment facilities applying for accreditation possess the necessary qualifications.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. *These comments will help us:*

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 3.4482758 hours per response.

Respondents: Operators of nongovernment facilities who wish to be accredited to perform laboratory testing or phytosanitary inspection services in connection with APHIS' export certification program and certain employees of such nongovernment facilities.

Estimated annual number of respondents: 15.

Estimated annual number of responses per respondent: 5.8.

Estimated annual number of responses: 87.

Estimated total annual burden on respondents: 300 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request

for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 18th day of May 2011.

Kevin Shea,

Acting Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410-34-P

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

[Docket No. APHIS-2011-0024]

Notice of Request for Extension of Approval of an Information Collection; Select Agent Registration

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request extension of approval of an information collection associated with regulations for the possession, use, and transfer of biological agents and toxins that have the potential to pose a severe threat to human and animal health, to animal health, to plant health, or to animal products and plant products.

DATES: We will consider all comments that we receive on or before July 25, 2011.

ADDRESSES: You may submit comments by either of the following methods:

- **Federal eRulemaking Portal:** Go to <http://www.regulations.gov/fdmspublic/component/main?main=DocketDetail&d=APHIS-2011&-0024> to submit or view comments and to view supporting and related materials available electronically.

- **Postal Mail/Commercial Delivery:** Please send one copy of your comment to Docket No. APHIS-2011-0024, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road Unit 118, Riverdale, MD 20737-1238. Please state that your comment refers to Docket No. APHIS-2011-0024.

Reading Room: You may read any comments that we receive on this docket in our reading room. The reading room is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue, SW., Washington, DC. Normal reading room

hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 690-2817 before coming.

Other Information: Additional information about APHIS and its programs is available on the Internet at <http://www.aphis.usda.gov>.

FOR FURTHER INFORMATION CONTACT: For information regarding the select agent registration process associated with the possession, use, or transfer of biological agents and toxins in 7 CFR part 331, contact Dr. Charles Divan, Branch Chief, Agriculture Select Agent Program, RIPPS, PPQ, APHIS, 4700 River Road, Unit 2, Riverdale, MD 20737; (301) 734-8758.

For information regarding the select agent registration process associated with the possession, use, or transfer of biological agents and toxins in 9 CFR part 121, contact Mr. Robert Rice, Security Manager, Agriculture Select Agent Program, Technical Trade Services Team, NCIE, VS, APHIS, 4700 River Road, Unit 2, Riverdale, MD 20737; (301) 734-5557.

For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 851-2908.

SUPPLEMENTARY INFORMATION:

Title: Select Agent Registration.

OMB Number: 0579-0213.

Type of Request: Extension of approval of an information collection.

Abstract: The Public Health Security and Bioterrorism Preparedness and Response Act of 2002 provides for the regulation of certain biological agents and toxins by the Department of Agriculture (USDA) and the Department of Health and Human Services (HHS). Under section 212 of the Act, USDA regulates biological agents and toxins that have the potential to pose a severe threat to both human and animal health, to animal health, to plant health, or to animal and plant products. The Animal and Plant Health Inspection Service (APHIS) has the primary responsibility for implementing the provisions of the Act within USDA. Select agents and toxins that have been determined to pose a severe threat to both human and animal health or animal products are subject to regulation by both APHIS and the Centers for Disease Control and Prevention (CDC), HHS, which has the primary responsibility for implementing the provisions of the Act within HHS.

APHIS regulations are contained in 7 CFR part 331 (plant) and 9 CFR part 121 (animal and overlap). They require an individual or entity (unless specifically
