Countervailing Duty Proceeding

Suspension Agreements

During any administrative review covering all or part of a period falling between the first and second or third and fourth anniversary of the publication of an antidumping duty order under 19 CFR 351.211 or a determination under 19 CFR 351.218(f)(4) to continue an order or suspended investigation (after sunset review), the Secretary, if requested by a domestic interested party within 30 days of the date of publication of the notice of initiation of the review, will determine, consistent with *FAG Italia v. United States*, 291 F.3d 806 (Fed. Cir. 2002), as appropriate, whether antidumping duties have been absorbed by an exporter or producer subject to the review if the subject merchandise is sold in the United States through an importer that is affiliated with such exporter or producer. The request must include the name(s) of the exporter or producer for which the inquiry is requested.

For the first administrative review of any order, there will be no assessment of antidumping or countervailing duties on entries of subject merchandise entered, or withdrawn from warehouse, for consumption during the relevant provisional-measures "gap" period, of the order, if such a gap period is applicable to the POR.

Interested parties must submit applications for disclosure under administrative protective orders in

accordance with 19 CFR 351.305. On January 22, 2008, the Department published *Antidumping and Countervailing Duty Proceedings: Documents Submission Procedures; APO Procedures* (73 FR 3634). Those procedures apply to administrative reviews included in this notice of initiation. Parties wishing to participate in any of these administrative reviews should ensure that they meet the requirements of these procedures (e.g., the filing of separate letters of appearance as discussed at 19 CFR 351.103(d)).

Any party submitting factual information in an AD/CVD proceeding must certify to the accuracy and completeness of that information. See section 782(b) of the Act. Parties are hereby reminded that revised certification requirements are in effect for company/government officials as well as their representatives in all segments of any AD/CVD proceedings initiated on or after March 14, 2011. See *Certification of Factual Information to Import Administration During Antidumping and Countervailing Duty Proceedings: Interim Final Rule*, 76 FR 7491 (February 10, 2011) (*Interim Final Rule*) amending 19 CFR 351.303(g)(1) and (2). The formats for the revised certifications are provided at the end of the *Interim Final Rule*. The Department intends to reject factual submissions in any proceeding segments initiated on or after March 14, 2011 if the submitting party does not comply with the revised certification requirements.

These initiations and this notice are in accordance with section 751(a) of the Act (19 U.S.C. 1675(a)), and 19 CFR 351.221(c)(1)(i).

Dated: May 23, 2011.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XA453

Marine Mammals; File No. 15844

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application.

SUMMARY: Notice is hereby given that Glacier Bay National Park and Reserve (Responsible Party: Susan Boudreau; Principal Investigator: Christine Gabriele), Gustavus, AK, 99826, has applied in due form for a permit to conduct research on humpback whales (*Megaptera novaeangliae*), killer whales (*Orcinus orca*) and minke whales (*Balaenoptera acutorostrata*).

DATES: Written, telefaxed, or e-mail comments must be received on or before June 27, 2011.

ADDRESSES: The application and related documents are available for review by selecting "Records Open for Public Comment" from the *Features* box on the Applications and Permits for Protected Species (APPS) home page, <https://apps.nmfs.noaa.gov>, and then selecting File No. 15844 from the list of available applications.

These documents are also available upon written request or by appointment in the following offices:

Permits, Conservation and Education Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301) 713-2289; fax (301) 713-0376 and Alaska Region, NMFS, P.O. Box 21668, Juneau, AK 99802-1668; phone (907) 586-7221; fax (907) 586-7249.

Written comments on this application should be submitted to the Chief, Permits, Conservation and Education Division, at the address listed above. Comments may also be submitted by facsimile to (301) 713-0376, or by e-mail to NMFS.Pr1Comments@noaa.gov. Please include the File No. in the subject line of the e-mail comment.

Those individuals requesting a public hearing should submit a written request

³ If one of the above named companies does not qualify for a separate rate, all other exporters of Certain Activated Carbon from the People's Republic of China ("PRC") who have not qualified for a separate rate are deemed to be covered by this review as part of the single PRC entity of which the named exporters are a part.

⁴ If one of the above named companies does not qualify for a separate rate, all other exporters of Certain Steel Threaded Rod from the PRC who have not qualified for a separate rate are deemed to be covered by this review as part of the single PRC entity of which the named exporters are a part.

⁵ If one of the above named companies does not qualify for a separate rate, all other exporters of Frontseating Service Valves from the PRC who have not qualified for a separate rate are deemed to be covered by this review as part of the single PRC entity of which the named exporters are a part.

⁶ If the above named company does not qualify for a separate rate, all other exporters of Magnesium Metal from the PRC who have not qualified for a separate rate are deemed to be covered by this review as part of the single PRC entity of which the named exporters are a part.

to the Chief, Permits, Conservation and Education Division at the address listed above. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT: Joselyd Garcia-Reyes or Kristy Beard, (301) 713-2289.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR 222-226).

The applicant requests a permit to conduct passive acoustics, videography, photo-identification surveys, biopsy sampling, and collect sloughed skin and/or feces to study humpback whales, killer whales and minke whale. Research would occur around southeastern Alaska especially in Glacier Bay National Park & Preserve. Up to 6300 humpback whales, 500 killer whales, and 20 minke whales could be harassed each year during photo-identification surveys. Additionally, humpback whales and the three killer whale ecotypes could be harassed up to 50 times each, to acquire 30 successful biopsy samples, per year. See the application for specific take numbers by species/stock. The purposes of the proposed research are to: (1) Study the ecology, behavior and population status of all demographic groups in humpback, killer and minke whales, (2) continue one of the longest and most complete time-series data set on humpback whale populations, and (3) document long-term trends in the abundance, spatial and temporal distribution, reproductive parameters and feeding behaviors of humpback, killer, and minke whales, which would enhance information-based resource management of these species in the waters of southeastern Alaska, primarily in and around Glacier Bay National Park and Reserve. The permit would be valid for a period of five years.

A draft environmental assessment (EA) has been prepared in compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), to examine whether significant environmental impacts could result from issuance of the proposed scientific research permit. The draft EA is available for review and comment

simultaneous with the scientific research permit application.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: May 23, 2011.

P. Michael Payne,

Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XA458

Mid-Atlantic Fishery Management Council (MAFMC); Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Mid-Atlantic Fishery Management Council (Council) and its Research Set-Aside (RSA) Committee, its Ecosystems and Ocean Planning Committee, its Executive Committee, its Surfclam, Ocean Quahog, Tilefish Committee, its Visioning Committee, and its Squid, Mackerel, Butterfish (SMB) Committee will hold public meetings.

DATES: The meetings will be held Tuesday, June 14, 2011 through Thursday, June 16, 2011. See **SUPPLEMENTARY INFORMATION** for specific dates and times.

ADDRESSES: Danfords Hotel, 25 East Broadway, Port Jefferson, NY 11777; telephone: (631) 928-5200.

Council address: Mid-Atlantic Fishery Management Council, 800 N. State St., Suite 201, Dover, DE 19901; telephone: (302) 674-2331.

FOR FURTHER INFORMATION CONTACT: Christopher M. Moore, PhD Executive Director, Mid-Atlantic Fishery Management Council; telephone: (302) 526-5255.

SUPPLEMENTARY INFORMATION: On Tuesday, June 14—The RSA Committee will hold a CLOSED meeting from 12 p.m. until 2 p.m. The RSA Committee will hold an OPEN meeting from 2 p.m. until 3 p.m. The Ecosystems and Ocean Planning Committee will be held from 3 p.m. until 4 p.m. An Ocean Observatories Initiative (OOI) Public

Meeting will be held from 4 p.m. until 5 p.m. A Cooperative Research Program Public Meeting will be held from 5 p.m. until 7 p.m.

On Wednesday, June 15—The Executive Committee meeting will be held from 8 a.m. until 9:30 a.m. The Council will convene at 9:30 a.m. The Surfclam, Ocean Quahog and Tilefish Committee will meet as a Committee of the Whole from 9:30 a.m. until 11 a.m. The Visioning Committee will meet as a Committee of the Whole from 11 a.m. until 12 p.m. The Squid, Mackerel, and Butterfish Committee will meet as a Committee of the Whole from 1 p.m. until 4 p.m. A request for Special Management Zones for Delaware reefs will be presented to the Council from 4 p.m. until 5 p.m. A Council listening session will be held from 5 p.m. until 6:30 p.m.

On Thursday, June 16—The Council will convene at 8 a.m. There will be a Marine Recreational Information Program (MRIP) presentation from 8 a.m. until 9 a.m. There will be a National Standard 10 presentation from the National Marine Fisheries Service from 9 a.m. until 10 a.m. The Council will hold its regular Business Session from 10 a.m. until 1 p.m. to approve the April 2011 minutes, receive Organizational Reports, an update on Office of Law Enforcement (OLE) activities, the New England Liaison Report, an update on Amendment 6 to the Monkfish FMP, the Executive Director's Report, the Science Report, Committee Reports, and conduct any continuing and/or new business.

Agenda items by day for the Council's Committees and the Council itself are:

On Tuesday, June 14—The RSA Committee will discuss the RSA Program Review. The Ecosystems and Ocean Planning Committee will receive CIE review of Northeast Fishery Science Center Ecosystem program/models and discuss Bureau of Ocean Energy Management, Regulation and Enforcement information request for areas offshore of New Jersey. There will be an OOI Public Meeting to present and discuss the Pioneer Array micro-siting process. There will be a Cooperative Research Program Public Meeting to receive an overview of the 2010-14 strategic plan and progress, receive description and comments on conservation engineering network, and receive public comments on the cooperative research program.

On Wednesday, June 15—The Executive Committee will receive an update on Scientific and Statistical Committee Ecosystem Subcommittee work, discuss Fishery Management Action Team structure and function,
