Centers of Excellence through cooperative agreements under the funding opportunity announcement HS11–001, the CHIPRA PQMP Centers of Excellence. For more information, *see http://www.AHRQ.gov/chipra/PQMPFACT.htm.* These seven Centers of Excellence, in concert with two CMS-funded CHIPRA Quality Demonstration grantee States (Massachusetts and Illinois), will develop new and enhanced children's health care quality measures and will participate in the process to identify and refine criteria by which new or enhanced children's health care quality measures will be evaluated.

The expected time commitment for expert panelists is up to 3 days. This includes travel to and from the expert panel meeting to be held on September 18, 2011, as one of the pre-meetings to the AHRQ Annual Conference in Bethesda, Maryland; review of materials in advance of the in-person meeting; and attendance at the full-day in-person meeting on September 18, 2011.

Interested persons may nominate one or more qualified persons for the expert panel. Self-nominations are accepted. Nominations shall include: (1) A copy of the nominee's resume or curriculum vitae; (2) a statement of the stakeholder group or groups that the nominee would represent, from among the following: State Medicaid Programs and Children's Health Insurance Programs (CHIP); pediatricians, children's hospitals, and other primary and specialized pediatric health care professionals (including members of the allied health professions) who specialize in the care and treatment of children, particularly children with special physical, mental, and developmental health care needs; dental professionals, including pediatric dental professionals; health care providers that furnish primary health care to children and families who live in urban and rural medically underserved communities or who are members of distinct population sub-groups at heightened risk for poor health outcomes; national organizations representing children, including children with disabilities and children with chronic conditions; national organizations representing consumers and purchasers of children's health care; national organizations and individuals with expertise in pediatric health quality measurement; and voluntary consensus standards setting organizations and other organizations involved in the advancement of evidence-based measures of health care; (3) a statement that the nominee is willing to serve as a member of the expert panel; (4) a statement about any financial interest, arrangement or affiliation with any entity that may create a potential conflict of interest for the nominee or his or her family; if any, please describe the relationship with each entity as either Grant/Research Support, Consultant, Speakers Bureau, Major Stock Shareholder, or Other Financial or Material Support; and (5) a statement about any intellectual interest in a study or other research related to children's health care quality measures, if any. Please note that once you are nominated, AHRQ may consider your nomination for future expert panels related to the Pediatric Quality Measures Program.

AHRQ strives to ensure that membership on expert panels is fairly balanced in terms of points of view represented and the panel's function. Every effort is made to ensure that the views of women, all ethnic and racial groups, and people with disabilities are represented on expert panels and, therefore, AHRQ encourages nominations of qualified candidates from these groups. AHRQ also encourages geographic diversity in the composition of expert panels. Selection of panelists shall be made without discrimination on the basis of age, race, ethnicity, gender, sexual orientation, disability, and cultural, religious, or socioeconomic status.

Dated: May 27, 2011.

Administration on Aging

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Extension of Certification of Maintenance of Effort for the Title III and Minor Revisions to the Certification of Long-Term Care Ombudsman Program Expenditures

AGENCY: Administration on Aging, HHS.

ACTION: Notice.

SUMMARY: The Administration on Aging (AoA) is announcing that the proposed collection of information listed below has been submitted to the Office of Management and Budget (OMB) for review and clearance under the Paperwork Reduction Act of 1995.

DATES: Submit written comments on the collection of information by July 11, 2011.

ADDRESSES: Submit written comments on the collection of information by fax 202–395–6974 to the OMB Desk Officer for AoA, Office of Information and Regulatory Affairs, OMB.

FOR FURTHER INFORMATION CONTACT: Becky Kurtz, National Long-Term Care Ombudsman, Administration on Aging, Washington, DC 20201.

SUPPLEMENTARY INFORMATION: In compliance with 44 U.S.C. 3507, AoA has submitted the following proposed collection of information to OMB for review and clearance. AoA invites comments on: (1) Whether the proposed collection of information is necessary for the proper performance of AoA's functions, including whether the information will have practical utility; (2) the accuracy of AoA's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques when appropriate, and other forms of information technology.

The Certification on Maintenance of Effort for the Title III and Certification of Long-Term Care Ombudsman Program Expenditures provides statutorily required information regarding state's contribution to programs funded under the Older American's Act and conformance with legislative requirements, pertinent Federal regulations and other applicable instructions and guidelines issued by the Administration on Aging. This information will be used for Federal oversight of Title III Programs and the Title VII Ombudsman Program.

AoA estimates the burden of this collection of information as follows: 56 State Agencies on Aging respond annually with an average burden of one half (½) hour per State agency or a total of twenty-eight hours for all state agencies annually. The proposed data collection tools may be found on the AoA Web site for review at *http://www.aoa.gov/AoARoot/AoA_Programs/Tools_Resources/Cert_Forms.aspx.*

In the **Federal Register** of March 29, 2011 (Vol. 76 No. 60 Page 17419) the agency requested comments on the proposed collection of information. One comment was received. The National Association of State Long-Term Care Ombudsmen (NASOP) commented that the forms are necessary for proper stewardship of public funds and to assure that states are complying with the requirements of the Older

Americans Act; and commented favorably about the proposed addition of the State Ombudsman's signature on the Certification of Long-Term Care Ombudsman Program Expenditures and the proposed reference on the form to the minimum funding requirements.

Dated: June 6, 2011.

Kathy Greenlee,

Assistant Secretary for Aging.

Administration for Children and Families

Submission for OMB Review; Comment Request

Title: AFI Financial Education Practices and Cost Study.

OMB No.: New.

Description

The Office of Community Services (OCS) within the Administration for Children and Families is conducting a descriptive study of Financial Education Practices among Assets for Independence (AFI) grantees to increase its knowledge about current practices in financial education for AFI participants and the costs involved to provide the financial education.

The Assets for Independence program is a national demonstration through which OCS awards grants to community-based nonprofit organizations, and State, local, and Tribal government agencies nationwide. The AFI program is authorized in Section 402 of the Community Opportunities, Accountability, and Training and Educational Services Act of 1998 (Title IV of Public Law 105–285). Grantees implement five year projects that empower low-income families and individuals to save earned income and purchase an economic asset as a means for becoming economically self-sufficient. Grantees provide eligible low-income individuals and families access to matched savings accounts, known as individual development accounts (IDAs). In addition, grantees provide asset-building services to program participants, such as financial literacy education, and specialized asset-specific training regarding asset purchase and ownership.

This data collection effort will provide OCS with a better understanding of the future needs of AFI grantees in financial education and help OCS to build strategies to strengthen the quality of the financial education provided to AFI participants. The data collection will be collected once through two instruments: The Survey of Financial Education Practices of AFI Grantees and the AFI Financial Education Cost Data Form.

The Survey of Financial Education Practices of AFI Grantees will be a Web-based survey consisting mainly of multiple choice questions. All current AFI grantees (approximately 300 grantees) will be asked to complete the survey. The AFI Financial Education Cost Data Form is a supplement to the grantee practices survey. A smaller sample of grantees (approximately 35 grantees) representing a variety of organizational types will be randomly selected to complete this supplemental survey on the costs of providing financial education. The Cost Data Form will be sent to grantees to complete and technical assistance will be provided to grantees to help them complete the form.

Specific areas to be covered in this study include: topics covered by financial education; formats used in delivering financial education; assessment tools that are used to determine participant needs and effectiveness of training efforts; challenges encountered in providing financial education; training materials used; costs and sources of funding for training; strategies for tracking participant progress in developing financial skills; and participant outcomes related to financial education.

Respondents

All active AFI grantee agencies, their partners or sub-grantees, an estimated 300 agencies will respond to IC1, a Survey of Financial Education Practices.

IC2, the Financial Education cost form, will be administered to financial personnel of all active AFI grantees who have completed at least three years of their five-year project period, an estimated 30 agencies.

IC3, the Financial Education cost form, will be administered to financial personnel of all active AFI sub grantees who have completed at least three years of their five-year project period, an estimated 42 agencies.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
AFI grantee agencies, their partner or sub-grantees	300	1	1	300
AFI grantee agencies' financial personnel	30	1	2	60
AFI sub grantees financial personnel	42	1	2	84

Estimated Total Annual Burden Hours: 444.

Additional Information

Copies of the proposed collection may be obtained by writing to the Administration for Children and Families, Office of Administration, Office of Information Services, 370 L'Enfant Promenade, SW., Washington, DC 20447, Attn: ACF Reports Clearance Officer.
