Patricia A. Brink,

In The United States District Court for the Northern District of Texas, Wichita Falls Division

United States Of America And State Of Texas, (RCO) Plaintiffs, V. United Regional Health Care System, Defendant.

Case No.: 7:11–cv–00030

Response Of Plaintiff United States To Public Comment On The Proposed Final Judgment

Pursuant to the requirements of the Antitrust Procedures and Penalties Act,

15 U.S.C. § 16(b)–(h) (“APPA7 or “Tunney Act”), the United States hereby responds to the public comment received regarding the proposed Final Judgment in this case. The single comment received agrees that the proposed Final Judgment will provide an effective and appropriate remedy for the antitrust violations alleged in the Complaint. The United States will move the Court for entry of the proposed Final Judgment after the public comment and this response have been published in the Federal Register, pursuant to 15 U.S.C. § 16(d).

On February 25, 2011, the United States and the State of Texas filed a civil antitrust lawsuit against Defendant United Regional Health Care System (“United Regional”) challenging United Regional’s contracts with commercial health insurers that effectively prevented insurers from contracting with United Regional’s competitors (“exclusionary contracts”). The Complaint alleged that United Regional had unlawfully used those contracts to maintain its monopoly for hospital services, in violation of Section 2 of the Sherman Act, 15 U.S.C. § 2. By effectively preventing most commercial health insurers from including in their networks other inpatient and outpatient facilities, the Complaint alleged that United Regional (1) delayed and prevented the expansion and entry of its competitors, likely leading to higher health-care costs and higher health insurance premiums; (2) limited price competition for price-sensitive patients, likely leading to higher health-care costs for those patients; and (3) reduced quality competition between United Regional and its competitors. The Complaint sought to enjoin United Regional from entering exclusionary contracts with insurers.

Simultaneously with the filing of the Complaint, the United States and the State of Texas filed a proposed Final Judgment and Stipulation signed by the plaintiffs and United Regional consenting to entry of the proposed Final Judgment after compliance with the requirements of the Tunney Act, 15 U.S.C. § 16. Pursuant to those requirements, the United States also filed its Competitive Impact Statement (“CIS”) with the Court on February 25, 2011; published the proposed Final Judgment and CIS in the Federal Register on March 10, 2011, see 76 Fed. Reg. 13209; and had summaries of the terms of the proposed Final Judgment and CIS, together with directions for the submission of written comments relating to the proposed Final Judgment, published in The Washington Post and Times Record News for seven days

beginning on March 9, 2011, and ending on March 15, 2011. The sixty-day period for public comment ended on May 14, 2011. One comment was received, as described below and attached hereto.

I. THE INVESTIGATION AND PROPOSED RESOLUTION

The proposed Final Judgment is the culmination of an investigation by the Antitrust Division of the United States Department of Justice (“Department”) of United Regional’s contracting practices with commercial insurers. As part of its investigation, the Department issued more than fifteen Civil Investigative Demands for documents. The Department reviewed the documents and other materials received, conducted more than 80 interviews, and took oral testimony of United Regional personnel. The Department carefully analyzed the information obtained and thoroughly considered all of the issues presented.

The Department found that beginning in 1998, United Regional responded to the competitive threat posed by the entry of a competing hospital, Kell West; and other outpatient-surgery facilities by systematically entering into exclusionary contracts with commercial health insurers. The precise terms of these contracts varied, but all shared the same anticompetitive feature: a significant pricing penalty if an insurer contracts with competing facilities within a region that is no larger than Wichita County. In general, the contracts offered a substantially larger discount off billed charges (e.g., 25%) if United Regional was the only local hospital or outpatient surgical provider in the insurer’s network; and the contracts provided for a much smaller discount (e.g., 5% off billed charges) if the insurer contracted with one of United Regional’s rivals.

Within three months after Kell West opened in January 1999, United Regional had entered into exclusionary contracts with five commercial health insurers, and by 2010, it had exclusionary contracts with eight insurers. In each instance, United Regional-not the insurer-required the exclusionary provisions in the contract. The only major insurer that did not sign an exclusionary contract with United Regional was Blue Cross Blue Shield of Texas (“Blue Cross”), by far the largest insurer in Wichita Falls and Texas.

Because United Regional is a “must have” hospital for any insurer that wants to sell health insurance in the Wichita Falls area, and because the penalty for contracting with United Regional’s rivals was so significant, most insurers entered into exclusionary contracts with United Regional.
