

hearing. Copies of the transcripts will be available to the public on <http://www.regulations.gov> and on MSHA's Web site at <http://www.msha.gov/tscripts.htm>.

III. Pattern of Violations: Clarification

Section 104.2(a) of the Pattern of Violations (POV) proposed rule would provide that the specific criteria used in the review to identify mines with a pattern of significant and substantial violations would be posted on MSHA's website. In the preamble, MSHA requested specific comments on how the Agency should obtain comment during the development of, and periodic revision to, the POV screening criteria. At this point in the rulemaking, MSHA plans to provide any change to the specific criteria to the public, via posting on the Agency's Web site, for comment before MSHA uses it to review a mine for a POV. MSHA plans to review and respond to comments, and revise, as appropriate, the specific criteria, and post its response to the comments and the revised specific criteria on the Agency's website. MSHA requests comments on this proposed approach to obtaining public input into revisions to the specific POV criteria.

Under § 104.2(a)(8) of the POV proposal, MSHA stated in the preamble that an operator may submit a written safety and health management program to the district manager for approval so that MSHA can determine whether the program's parameters would result in meaningful, measurable, and significant reductions in significant and substantial violations. MSHA would like to clarify that the Agency did not intend that these safety and health management programs be the same as those referenced in the Agency's rulemaking on comprehensive safety and health management programs (RIN 1219-AB71), which has not yet been published as a proposed rule. Rather, a safety and health management program that would be considered by MSHA as a mitigating circumstance in the POV proposal would be one that: (1) Includes measurable benchmarks for abating specific violations that could lead to a POV at a specific mine; and (2) addresses hazardous conditions at that mine.

IV. Request for Comments

MSHA solicits comments from the mining community on all aspects of the proposed rules and is particularly interested in comments that address alternatives to key provisions in the proposals. Commenters are requested to be specific in their comments and submit detailed rationale and

supporting documentation for any comment or suggested alternative.

Dated: June 15, 2011.

Joseph A. Main,

Assistant Secretary of Labor for Mine Safety and Health.

Coast Guard

33 CFR Part 100

[Docket No. USCG-2011-0266]

RIN 1625-AA08

Special Local Regulations for Marine Events; Patuxent River, Solomons, MD

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to establish special local regulations during the "Chesapeake Challenge" power boat races, a marine event to be held on the waters of the Patuxent River, near Solomons, MD on September 24 and 25, 2011. These special local regulations are necessary to provide for the safety of life on navigable waters during the event. This action is intended to temporarily restrict vessel traffic in a portion of the Patuxent River during the event.

DATES: Comments and related material must be received by the Coast Guard on or before July 20, 2011. Requests for public meetings must be received by the Coast Guard on or before the end of the comment period.

ADDRESSES: You may submit comments identified by docket number USCG-2011-0266 using any one of the following methods:

(1) *Federal eRulemaking Portal:*

<http://www.regulations.gov>.

(2) *Fax:* 202-493-2251.

(3) *Mail:* Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590-0001.

(4) *Hand delivery:* Same as mail address above, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The telephone number is 202-366-9329.

To avoid duplication, please use only one of these four methods. See the "Public Participation and Request for Comments" portion of the **SUPPLEMENTARY INFORMATION** section

below for instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions on this proposed rule, call or e-mail Mr. Ronald Houck, U.S. Coast Guard Sector Baltimore, MD; telephone 410-576-2674, e-mail Ronald.L.Houck@uscg.mil. If you have questions on viewing or submitting material to the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202-366-9826.

SUPPLEMENTARY INFORMATION:

Public Participation and Request for Comments

We encourage you to participate in this rulemaking by submitting comments and related materials. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided.

Submitting Comments

If you submit a comment, please include the docket number for this rulemaking (USCG-2011-0266), indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation. You may submit your comments and material online (via <http://www.regulations.gov>) or by fax, mail, or hand delivery, but please use only one of these means. If you submit a comment online via <http://www.regulations.gov>, it will be considered received by the Coast Guard when you successfully transmit the comment. If you fax, hand deliver, or mail your comment, it will be considered as having been received by the Coast Guard when it is received at the Docket Management Facility. We recommend that you include your name and a mailing address, an e-mail address, or a telephone number in the body of your document so that we can contact you if we have questions regarding your submission.

To submit your comment online, go to <http://www.regulations.gov>, click on the "submit a comment" box, which will then become highlighted in blue. In the "Document Type" drop down menu select "Proposed Rule" and insert "USCG-2011-0266" in the "Keyword" box. Click "Search" then click on the balloon shape in the "Actions" column. If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to

know that they reached the Facility, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period and may change the rule based on your comments.

Viewing Comments and Documents

To view comments, as well as documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, click on the "read comments" box, which will then become highlighted in blue. In the "Keyword" box insert "USCG-2011-0266" and click "Search." Click the "Open Docket Folder" in the "Actions" column. You may also visit the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. We have an agreement with the Department of Transportation to use the Docket Management Facility.

Privacy Act

Anyone can search the electronic form of comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, *etc.*). You may review a Privacy Act notice regarding our public dockets in the January 17, 2008, issue of the **Federal Register** (73 FR 3316).

Public Meeting

We do not now plan to hold a public meeting. But you may submit a request for one on or before the end of the comment period, using one of the four methods specified under **ADDRESSES**. Please explain why you believe a public meeting would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a later notice in the **Federal Register**.

Background and Purpose

On September 24 and 25, 2011, the Chesapeake Bay Power Boat Association will sponsor power boat races on the Patuxent River near Solomons, MD. The event consists of offshore power boats racing in a counter-clockwise direction on an irregularly-shaped course located between the Governor Thomas Johnson Memorial (SR-4) Bridge and the U.S. Naval Air Station Patuxent River, MD. The start and finish lines will be located near the Solomon's Pier. A large spectator fleet is expected during the event. Due to the need for vessel control

during the event, the Coast Guard will temporarily restrict vessel traffic in the event area to provide for the safety of participants, spectators and other transiting vessels.

Discussion of Proposed Rule

The Coast Guard proposes to establish temporary special local regulations on specified waters of the Patuxent River. The regulations will be in effect from 10 a.m. on September 24, 2011 to 6 p.m. on September 25, 2011. The regulated area, approximately 4,000 yards in length and 1,700 yards in width, includes all waters of the Patuxent River, within lines connecting the following positions: From latitude 38°19'45" N, longitude 076°28'06" W, thence to latitude 38°19'24" N, longitude 076°28'30" W, thence to latitude 38°18'32" N, longitude 076°28'14" W; and from latitude 38°17'38" N, longitude 076°27'26" W, thence to latitude 38°18'00" N, longitude 076°26'41" W, thence to latitude 38°18'59" N, longitude 076°27'20" W, located in Solomons, Maryland.

The effect of this proposed rule will be to restrict general navigation in the regulated area during the event. Spectator vessels will be allowed to view the event from a designated spectator area within the regulated area, which will be located within a line connecting the following positions: Latitude 38°19'00" N, longitude 076°28'22" W, thence to latitude 38°19'07" N, longitude 076°28'12" W, thence to latitude 38°18'53" N, longitude 076°27'55" W, thence to latitude 38°18'30" N, longitude 076°27'45" W, thence to latitude 38°18'00" N, longitude 076°27'11" W, thence to latitude 38°17'54" N, longitude 076°27'20" W, thence to the point of origin at latitude 38°19'00" N, longitude 076°28'22" W.

Spectator vessels viewing the event outside the regulated area may not block the navigable channel. Other vessels intending to transit the Patuxent River will be allowed to safely transit around the regulated area. These regulations are needed to control vessel traffic during the event to ensure the safety of participants, spectators and transiting vessels.

Regulatory Analyses

We developed this proposed rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 13 of these statutes or executive orders.

Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under that those Orders. We expect the economic impact of this proposed rule to be so minimal that a full Regulatory Evaluation under the regulatory policies and procedures of DHS is unnecessary. Although this regulation will prevent traffic from transiting a portion of the Patuxent River during the event, the effect of this regulation will not be significant due to the limited duration that the regulated area will be in effect and the extensive advance notifications that will be made to the maritime community via the Local Notice to Mariners and marine information broadcasts, so mariners can adjust their plans accordingly. Additionally, the regulated area has been narrowly tailored to impose the least impact on general navigation yet provide the level of safety determined to be necessary. Vessel traffic will be able to transit safely through a portion regulated area, westward and southward of the spectator fleet area.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this proposed rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities. This proposed rule would affect the following entities, some of which might be small entities: the owners or operators of vessels intending to transit or anchor in the effected portions of the Patuxent River during the event.

Although this regulation prevents traffic from transiting a portion of the Patuxent River at Solomons, MD during the event, this proposed rule will not have a significant economic impact on a substantial number of small entities

for the following reasons. This proposed rule would be in effect for only a limited period. Though the regulated area extends across the entire width of the river, vessel traffic will be able to transit safely around the spectator fleet and race course areas within the regulated area. Before the enforcement period, we will issue maritime advisories so mariners can adjust their plans accordingly.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule so that they can better evaluate its effects on them and participate in the rulemaking. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact Coast Guard Sector Baltimore, MD. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

Collection of Information

This proposed rule would call for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this proposed rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this

proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This proposed rule would not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

Indian Tribal Governments

This proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this proposed rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use

voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (*e.g.*, specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This proposed rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves implementation of regulations within 33 CFR part 100 applicable to organized marine events on the navigable waters of the United States that could negatively impact the safety of waterway users and shore side activities in the event area. The category of water activities includes but is not limited to sail boat regattas, boat parades, power boat racing, swimming events, crew racing, canoe and sail board racing. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

For the reasons discussed in the preamble, the Coast Guard proposes to amend 33 CFR part 100 as follows:

PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

1. The authority citation for part 100 continues to read as follows:

Authority: 33 U.S.C. 1233.

2. Add a temporary section, § 100.35–T05–0266 to read as follows:

§ 100.35–T05–0266 Special Local Regulations for Marine Events; Patuxent River, Solomons, MD.

(a) *Regulated area.* The following location is a regulated area: All waters of the Patuxent River, within lines connecting the following positions: from latitude 38°19'45" N, longitude 076°28'06" W, thence to latitude 38°19'24" N, longitude 076°28'30" W, thence to latitude 38°18'32" N, longitude 076°28'14" W; and from latitude 38°17'38" N, longitude 076°27'26" W, thence to latitude 38°18'00" N, longitude 076°26'41" W, thence to latitude 38°18'59" N, longitude 076°27'20" W, located at Solomons, Maryland. All coordinates reference Datum NAD 1983.

(b) *Definitions.* (1) *Coast Guard Patrol Commander* means a commissioned, warrant, or petty officer of the U.S. Coast Guard who has been designated by the Commander, Coast Guard Sector Baltimore.

(2) *Official Patrol* means any vessel assigned or approved by Commander, Coast Guard Sector Baltimore with a commissioned, warrant, or petty officer on board and displaying a Coast Guard ensign.

(3) *Participant* means all vessels participating in the Chesapeake Challenge under the auspices of the Marine Event Permit issued to the event sponsor and approved by Commander, Coast Guard Sector Baltimore.

(4) *Spectator* means all persons and vessels not registered with the event sponsor as participants or official patrol.

(c) *Special local regulations.* (1) The Coast Guard Patrol Commander may forbid and control the movement of all vessels in the regulated area. When hailed or signaled by an official patrol vessel, a vessel in the regulated area shall immediately comply with the directions given. Failure to do so may result in expulsion from the area, citation for failure to comply, or both.

(2) The Coast Guard Patrol Commander may terminate the event, or the operation of any vessel participating in the event, at any time it is deemed necessary for the protection of life or property.

(3) All vessel traffic, not involved with the event, will be allowed to transit the regulated area and shall proceed in a northerly or southerly direction westward of the spectator area, taking action to avoid a close-quarters situation with spectators, until finally past and clear of the regulated area.

(4) All Coast Guard vessels enforcing this regulated area can be contacted on marine band radio VHF–FM channel 16 (156.8 MHz).

(5) Only participants and official patrol are allowed to enter the race course area.

(6) Spectators are allowed inside the regulated area only if they remain within the designated spectator area. Spectators will be permitted to anchor within the designated spectator area. No vessel may anchor within the regulated area outside the designated spectator area. Spectators may contact the Coast Guard Patrol Commander to request permission to pass through the regulated area. If permission is granted, spectators must pass directly through the regulated area outside the race course and spectator areas at a safe speed and without loitering.

(7) *Designated spectator fleet area.* The spectator fleet area is located within a line connecting the following positions: Latitude 38°19'00" N, longitude 076°28'22" W, thence to latitude 38°19'07" N, longitude 076°28'12" W, thence to latitude 38°18'53" N, longitude 076°27'55" W, thence to latitude 38°18'30" N, longitude 076°27'45" W, thence to latitude 38°18'00" N, longitude 076°27'11" W, thence to latitude 38°17'54" N, longitude 076°27'20" W, thence to the point of origin at latitude 38°19'00" N, longitude 076°28'22" W. All coordinates reference datum NAD 83.

(8) The Coast Guard will publish a notice in the Fifth Coast Guard District Local Notice to Mariners and issue marine information broadcast on VHF–FM marine band radio announcing specific event date and times.

(d) *Enforcement periods.* This section will be enforced from 10 a.m. until 6 p.m. on September 24, 2011, and from 10 a.m. until 6 p.m. on September 25, 2011.

Dated: April 20, 2011.

Mark P. O'Malley,

Captain, U.S. Coast Guard, Captain of the Port Baltimore.

[USCG–2009–0576]

Port Access Route Study: The Approaches to San Francisco

AGENCY: Coast Guard, DHS.

ACTION: Notice of availability of study results.

SUMMARY: The Coast Guard announces the availability of a Port Access Route Study (PARS) evaluating the continued applicability of and the potential need for modifications to the current vessel routing in the approaches to San Francisco. The study was completed in February, 2011. This notice summarizes the study recommendations which include enhancements to existing vessel routing measures.

SUPPLEMENTARY INFORMATION:

Viewing the comments and “Port Access Route Study Approaches to San Francisco Bay” February 2011. To view the comments and the PARS San Francisco go to <http://www.regulations.gov>, click on the “read comments” box, which will then become highlighted in blue. In the “Keyword” box insert “USCG–2009–0576” and click “Search.” Click the “Open Docket Folder” in the “Actions” column. If you do not have access to the Internet, you may view the docket online by visiting the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. We have an agreement with the Department of Transportation to use the Docket Management Facility.

Privacy Act: Anyone can search the electronic form of comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review a Privacy Act, system of records notice regarding our public dockets in the January 17, 2008, issue of the **Federal Register** (73 FR 3316).

FOR FURTHER INFORMATION CONTACT: If you have questions concerning this notice, contact Lieutenant Lucas Mancini, Eleventh Coast Guard District, telephone 510–437–3801, e-mail Lucas.W.Mancini@uscg.mil. If you have questions on viewing the docket contact, Renee V. Wright, Program Manager, Docket Operations, 202–366–9826.

Definitions: The following definitions should help the reader to understand terms used throughout this document:

Marine Environment, as defined by the Ports and Waterways Safety Act, means the navigable waters of the United States and the land resources therein and thereunder; the waters and fishery resources of any area over which the United States asserts exclusive fishery management authority; the seabed and subsoil of the Outer
