

Socioeconomics: potential impacts to schools, housing, public services, and local revenues, including the creation of jobs;

Transportation: including potential impacts on transportation corridors;

Accidents and intentional destructive acts;

Air quality: including potential impacts on regional air quality and climate change;

Land use: potential impacts on mining, recreation, timber harvesting, agriculture, grazing, and soils;

Environmental justice: potential for disproportionately high and adverse impacts on minority and low-income populations;

Noise and light: potential disturbance impacts from construction, transportation of materials, and operations;

Wilderness areas; Wild and scenic rivers: DOE will assess potential impacts on the Dolores River Canyon Wilderness Study Area from increased activity and mining on portions of three lease tracts, and potential impacts on the Dolores River and San Miguel River;

Visual resources;

Human health and safety: including potential impacts from public exposure to radioactive or hazardous materials, traffic accidents, land subsidence, and other potential hazards;

Cumulative impacts: for each alternative DOE will assess potential effects that could result from the incremental impacts of the action when added to other past, present, and reasonably foreseeable future actions.

Public Scoping Process

This NOI initiates the scoping process under NEPA, which will guide the development of the Draft PEIS. To ensure that all issues related to DOE's proposed action are addressed, DOE invites public comments on the scope of the PEIS. Interested government agencies, Native American tribes, private-sector organizations, and the general public are encouraged to submit comments or suggestions on the scope of the PEIS, including potential issues and environmental impacts that should be addressed and the alternatives that should be considered. The scoping period will end August 22, 2011. Comments should be submitted by that date to ensure consideration (*see ADDRESSES* above). DOE will consider comments e-mailed or postmarked after that date to the extent practicable.

DOE will conduct public scoping meetings in the vicinity of the ULP lease tracts at dates, times, and locations to be announced in a separate **Federal Register** notice and in local news media

at least 15 days before the meetings. Oral comments will be heard during the formal portion of the scoping meetings. The public is also invited to learn more about the project at an informal session at each location. DOE requests that anyone who wishes to speak at the public scoping meetings should contact Ms. Laura Kilpatrick, by e-mail or postal mail (*see ADDRESSES* above).

Those who do not arrange in advance to speak may register at the meeting (preferably at the beginning of the meeting) and would be given an opportunity to speak after previously scheduled speakers. Speakers will be given approximately five minutes to present their comments. Those speakers who want more than five minutes should indicate the length of time desired in their request. Depending on the number of speakers, DOE may need to limit all speakers to five minutes initially and provide additional opportunity as time permits. Individuals may also provide written materials in lieu of, or supplemental to, their presentations. DOE will give equal consideration to oral and written comments.

DOE will consider public scoping comments in preparing the Draft PEIS. DOE will issue the Draft PEIS for public review and conduct public hearings. DOE will consider public comments on the Draft PEIS and respond as appropriate in the Final PEIS. No sooner than 30 days following completion of the Final PEIS, DOE will issue a Record of Decision regarding the proposed action.

Issued in Washington, DC, this 15th day of June 2011.

David W. Geiser,

Director, Office of Legacy Management.
