DEPARTMENT OF HOMELAND SECURITY

Transportation Security Administration

Extension of Agency Information Collection Activity Under OMB Review: Highway Corporate Security Review

AGENCY: Transportation Security Administration, DHS.

ACTION: 30-day Notice.

SUMMARY: This notice announces that the Transportation Security Administration (TSA) has forwarded the Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652–0036 abstracted below to OMB for review and approval of an extension of the currently approved collection under the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. TSA published a **Federal Register** notice, with a 60-day comment period soliciting comments, of the following collection of information on April 26, 2011, FR 76–23327. The ICR describes the nature of the information collection and its expected burden. The ICR will assess the current security practices in the highway and motor carrier industry by way of its Highway Corporate Security Review (CSR) Program, which encompasses site visits and interviews, and is part of the larger domain awareness, prevention, and protection program supporting TSA's and the Department of Homeland Security's missions.

DATES: Send your comments by August 8, 2011. A comment to OMB is most effective if OMB receives it within 30 days of publication.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, OMB. Comments should be addressed to Desk Officer, Department of Homeland Security/TSA, and sent via electronic mail to oir_submission@omb.eop.gov or faxed to (202) 395–6974.

FOR FURTHER INFORMATION CONTACT: Joanna Johnson, TSA PRA Officer, Office of Information Technology (OIT), TSA–11, Transportation Security

Administration, 601 South 12th Street, Arlington, VA 20598-6011; telephone (571) 227-3651; e-mail TSAPRA@dhs.gov.

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation is available at www.reginfo.gov. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

Title: Highway Corporate Security Review.

Type of Request: Extension of a currently approved collection.

OMB Control Number: 1652-0036.

Form(s): TSA Form 1603 Highway Motor Carrier Security Review Form.

Affected Public: Owners and operators of school bus, motor coach, and general freight trucking companies, privately owned assets, State Departments of Transportation, and State Departments of Education.

Abstract: TSA is seeking renewal of its current OMB approval for this information collection so that TSA can continue to ascertain minimum security standards and identify coverage gaps, activities that are critical to carrying out its transportation security mission. TSA conducts this collection through voluntary face-to-face visits at the headquarters of the subject surface transportation owners/operators. During the site visit, TSA personnel complete the CSR form, which asks security-related questions. This assessment is necessary for TSA to establish the current state of security practices for highway modes of transportation. TSA

will then be able to make policy and programmatic decisions to improve the overall security posture within the surface transportation community. The data collected also can be utilized to develop security practice assessments and issue security guidelines, best practices, and lessons learned for the stakeholder community.

Number of Respondents: 100.

Estimated Annual Burden Hours: An estimated 300 hours annually.

Issued in Arlington, Virginia, on June 30, 2011.

Joanna Johnson,

TSA Paperwork Reduction Act Officer, Office of Information Technology.
