Abstract of Proposed Collections

These information collections will allow ECA/P/V to conduct pre-program, post-program and follow-up surveys of exchange participants from various ECA exchange programs that are focused on youth and leadership using pre-approved questions. For the purposes of this collection "youth" is defined solely as high-school aged. Collecting this data will allow ECA/P/V to help inform the overall effectiveness of ECA youth and leadership programs, by gathering data to be used for program support, such as planning and design, as well as to help monitor the program's performance. Respondents are the exchange

participants who participate in youth and leadership programs through ECA.

- ECA/P/V: Youth and Leadership Programs: Pre Program Survey Questions: This collection will cover pre-program surveys.

- ECA/P/V: Youth and Leadership Programs: Post Program Survey Questions: This collection will cover post program surveys

- ECA/P/V: Youth and Leadership Programs: Follow-up Program Survey Questions: This collection will cover follow-up program surveys.

Methodology

ECA/P/V estimates that at least 90% of the data collected through these information collections will be done so electronically via a web-based surveying system for ease of use. Non-electronic means such as paper surveys will be used when electronic means are not technically feasible.

Additional Information

These three collections together represent the full spectrum of the performance measurement process (*i.e.* a pre-program, post-program, and follow-up program surveying), and data collected across these collections will be used to monitor ECA's youth and leadership programs. The proposed questions have been designed to appear across these collections as appropriate, and therefore it is imperative that these questions remain unchanged so as to continue our vital performance measurement work.
