

voluntary cancellation request with respect to the effective date as well as conditions governing the disposition of existing stocks for the affected methyl parathion products. EPA is also hereby issuing a corrected order identifying the correct effective date of cancellation for the affected product registrations as well as the corrected dates associated with the disposition of existing stocks.

The cancellation orders for methyl parathion products, issued in the **Federal Register** on February 25, 2011 and March 23, 2011 are rescinded. The rescission only applies to methyl parathion registrations. The above mentioned cancellation orders remain in full force and effect with respect to all other product registrations and chemicals contained in those

cancellation orders. This notice also announces the issuance of a cancellation order, as requested by a registrant, of methyl parathion products registered under section 24(c) Special Local Needs (SLN). The affected registrations are listed in sequence by registration number in Table 1 of this unit.

III. Cancellation Order

Pursuant to FIFRA section 6(f), EPA hereby approves the cancellations of methyl parathion registrations identified in Table 1 of Unit II, as originally requested by the registrant. Accordingly, the Agency hereby orders that the product registrations identified in Table 1 of Unit II are canceled. The effective date of the methyl parathion cancellations that are subject of this cancellation order is December 31, 2012. Any distribution, sale, or use of existing stocks of the products identified in Table 1 of Unit II in a manner inconsistent with any of the provisions for disposition of existing stocks set forth in Unit V will be a violation of FIFRA.

IV. What is the Agency's authority for taking this action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the EPA Administrator may approve such a request. The notices of receipts

for this action were published for comment on September 22, 2010 (75 FR 57787) (FRL-8846-2) and January 26, 2011 (76 FR 4692) (FRL-8856-9). The comment periods closed on October 22, 2010 and February 25, 2011, respectively. No comments were received from either notice. However, EPA mistakenly issued a cancellation order with respect to the product listed in Table 1 that was inconsistent with the terms and conditions of the registrant's request. EPA is therefore rescinding its earlier cancellation order with respect to these methyl parathion products and issuing a corrected cancellation order.

V. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the action. The existing stocks provision for the products subject to this order is as follows.

Registrants are prohibited from selling and distributing end-use products as of December 31, 2012. Persons other than the registrants are prohibited from selling or distributing end-use products as of August 31, 2013. All sales and distributions of end-use products shall

be prohibited as of August 31, 2013, except for exports consistent with section 17 of FIFRA or for proper disposal. Additionally, all use of existing stocks of the end-use products shall be prohibited as of December 31, 2013.
