

2. Any responsive pleading by the Postal Service to this notice is due no later than August 5, 2011.

3. The procedural schedule listed below is hereby adopted.

4. Pursuant to 39 U.S.C. 505, Cassandra L. Hicks is designated officer of the Commission (Public Representative) to represent the interests of the general public.

5. The Secretary shall arrange for publication of this notice and order in the **Federal Register**.

PROCEDURAL SCHEDULE

July 21, 2011	Filing of Appeal.
August 5, 2011	Deadline for the Postal Service to file the applicable administrative record in this appeal.
August 5, 2011	Deadline for the Postal Service to file any responsive pleading.
August 16, 2011	Deadline for notices to intervene (<i>see</i> 39 CFR 3001.111(b)).
August 25, 2011	Deadline for Petitioners' Form 61 or initial brief in support of petition (<i>see</i> 39 CFR 3001.115(a) and (b)).
September 14, 2011	Deadline for answering brief in support of the Postal Service (<i>see</i> 39 CFR 3001.115(c)).
September 29, 2011	Deadline for reply briefs in response to answering briefs (<i>see</i> 39 CFR 3001.115(d)).
October 6, 2011	Deadline for motions by any party requesting oral argument; the Commission will schedule oral argument only when it is a necessary addition to the written filings (<i>see</i> 39 CFR 3001.116).
November 10, 2011	Expiration of the Commission's 120-day decisional schedule (<i>see</i> 39 U.S.C. 404(d)(5)).

By the Commission.

Shoshana M. Grove,

Secretary.

BILLING CODE 7710-FW-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-64953; File No. SR-CHX-2011-19]

Self-Regulatory Organizations; Chicago Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Clarify the Application of the Fee Schedule to Certain Transactions of, and Services to, CHX Participants and Make Certain Rate Changes

July 25, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 20, 2011, the Chicago Stock Exchange, Inc. ("CHX" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. CHX has filed the proposal pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(2) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The CHX proposes to amend its Schedule of Participant Fees and Assessments (the "Fee Schedule"), effective July 25, 2011, to amend its Fee Schedule to clarify the application of the Fee Schedule to certain transactions of, and services to, CHX Participants and make certain rate changes. The text of this proposed rule change is available on the Exchange's Web site at http://www.chx.com/rules/proposed_rules.htm and in the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the CHX included statements concerning the purpose of and basis for the proposed rule changes and discussed any comments it received regarding the proposal. The text of these statements may be examined at the places specified in Item IV below. The CHX has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Through this filing, the Exchange is proposing to amend its Schedule of Fees and Assessments ("Fee Schedule") to clarify the application of the Fee Schedule to various transactions consummated on or through the Exchange and to certain services provided by the Exchange to its Participants. The proposed changes accurately describe the manner in which the Exchange has and will

continue to apply the Fee Schedule to such transactions and services.

Currently, the Fee Schedule provides for Processing Fees for fingerprinting, background checks and the provision of access badges by the Exchange.⁵ The Exchange no longer provides either fingerprinting or background checking services for current or prospective CHX Participants, and we no longer wish to impose a fee for access badges. Therefore, the Exchange proposes to eliminate the fees for these services.

The Exchange is also clarifying the application of Section E.1. (Matching System single-sided order executions (one-sided orders of 100+ shares)) of the Fee Schedule to note that the Average Daily Volume ("ADV") calculations performed by the Exchange to determine the amount of provide credit paid to a Participant are not being performed when the Regular Trading Session closes early.⁶ Trade volume on days on which the Late Trading Sessions close early, however, would continue to be counted towards the ADV calculation. In addition, we are eliminating the provide credit paid to Exchange-registered Institutional Brokers ("Institutional Brokers") in transactions in securities priced less than one dollar. As noted in the discussion of the changes to Section E.3. of the Fee Schedule, *supra*, we are proposing to eliminate the charge in transactions in securities priced less than one dollar to Participants which submit orders through an Institutional Broker. It would not be economically feasible for the Exchange to continue to pay a provide credit to Institutional Brokers in transactions in which the Exchange

⁵ Section C. (Registration Fees) of the Fee Schedule.

⁶ The Exchange proposes to change the phrase "single order executions" in the caption to Section E.1, to "single-sided order executions" to clarify that this section does not apply to cross orders.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ 15 U.S.C. 78s(b)(3)(A).

⁴ 17 CFR 240.19b-4(f)(2).

does not earn any transaction revenue. Finally, the provide credit paid to Institutional Brokers in transactions in securities at or above one dollar during the Regular Trading Session is being reduced to \$0.0027/share in Tape A and C securities and \$0.0028/share in Tape B securities from \$0.0029/share. This reduction reflects the lower amount of revenue generated in such transactions due to the rate changes for agency executions submitted through an Institutional Broker.⁷ The Exchange is also lowering the rate of the provide credit paid to Institutional Brokers representing the Participant which originated the order (regardless of the ADV attributable to either firm) for trades executed in the Early and Late Trading Sessions to \$0.0022/share in Tape A, B and C securities priced \$1.00/share.

The Exchange believes that it would be beneficial to clarify the application of the Fee Schedule to certain cross transactions by modifying the text of Section E.2. (Matching System crosses (All Sessions)) of the Fee Schedule. The Exchange proposes to move the reference to proprietary trades by an Institutional Broker from Section E.2. to Section E.3. (Executions through an Institutional Broker Registered with the Exchange Under Article 17 (All Sessions)). The Exchange believes that Section E.2. is properly construed to apply solely to cross transactions entered directly by a Participant firm to the Matching System by electronic means, and without the involvement of an Institutional Broker. Unlike transactions (including cross trades) handled by an Institutional Broker, cross transactions entered directly into the Matching System by a CHX Participant and executed there are not assessed any charge. The removal of the language regarding proprietary cross trades executed by an Institutional Broker from this section should help to eliminate any potential ambiguity on this treatment. To reinforce this point, we are adding a clause to the last sentence in this section which states that these provisions do not apply to cross orders submitted by an Institutional Broker registered with the Exchange.⁸

The Exchange is modifying Section E.3. of the Fee Schedule to clarify the proper application of the Fee Schedule to transactions handled by an Institutional Broker. We propose to move the charge relating to proprietary crosses of an Institutional Broker formerly reflected in Section E.2 to new Section E.3.b. (Proprietary Executions). The new language clarifies that the fee assessed to the Institutional Broker of \$.0007/share also applies to any odd lot component of the cross trade. The new text also explicitly provides that the Participant on the other side of the transaction is to be assessed the fee normally assessed to a Participant whose order is handled by an Institutional Broker, as set forth in proposed new Section E.3.a. of the Fee Schedule. Current Section E.3. has been renumbered as Proposed Section E.3.a. Proposed Section E.3.a. sets forth a revised fee rate of \$.003/share for all trades (regardless of whether the security is a Tape A, B or C security) handled through an Institutional Broker.⁹ The revised text makes explicit that the fees pursuant to both Section 3.a. of the Fee Schedule are charged to the Participant Firm in which name the transaction is submitted for clearance and settlement (including both single-sided and cross orders) through an Institutional Broker. The Exchange proposes to add text excluding odd-lot orders from these provisions, as those orders are assessed the Odd Lot fee pursuant to Section E.4. (Odd-lot Matching System fee (single-sided orders of less than 100 shares) (All Sessions)) of the Fee Schedule. The Exchange also proposes to eliminate the reference to trades executed by an Institutional Broker "in another market," since the Exchange does not impose the transaction fee under Section E.3. for non-CHX executions. The Exchange further proposes to clarify that the maximum charge per side shall be computed for each Participant firm on a side (buy or sell) of a execution and separately for a Participant which is represented by more than one Institutional Broker Representative (as defined in Article 17, Rule 1 of the Exchange's rules). Finally, the Exchange proposes to add a provision setting the fees at zero for Institutional Broker-handled transactions in securities priced under \$1.

The Exchange proposes to modify the text of Section E.4. of the Fee Schedule relating to transactions in odd lots. The proposed new language would clarify

that the odd lot fees apply to orders submitted to the Matching System (whether electronically by the Participant or through an Institutional Broker) as an odd-lot order. The revised text reflects CHX's current practice of not applying odd lot fees to orders not entered into the Matching System as an odd-lot order, but which become odd lots due to partial executions. Transactions in odd-lot remainders would be charged the fee rate set forth in Section E.1. of the Fee Schedule.

The Exchange is proposing to delete Section E.6. of the Fee Schedule relating to Matching System routing fees, since the CHX does not currently offer automated routing services. This Section will be reserved for future use in the event that the Exchange decides to offer such services, or for other purposes.

The Exchange is proposing certain changes to the trade processing fees to clarify that such fees are charged to CHX Participants for cross transactions that are executed in the over-the-counter ("OTC") marketplace and are reported to clearing by the Exchange's systems, pursuant to Section E.7. (Trade Processing Fees) of the Fee Schedule. The Exchange is also modifying the types of transactions subject to the Trade Processing Fee to eliminate transaction executed directly in the OTC marketplace by an Institutional Broker and in its place substitute executed cross trades which originated with an Institutional Broker and were transmitted to and executed by another broker-dealer (which is not an Institutional Broker) in the OTC marketplace and which were submitted to clearing by the Exchange's systems.¹⁰ This amendment reflects ongoing discussions between the Exchange and the staff of the Commission regarding limitations on the ability of Institutional Brokers to directly execute trades in the OTC marketplace. The Exchange also proposes to modify the current fee rate and maximum charge for trade processing fees to conform to the rates charged for transactions submitted through an Institutional Broker pursuant to Section E.3. of the Fee Schedule. In such transactions, the Exchange currently charges \$.0035/share, up to a maximum of \$100 per side for Tape A and B securities, and \$.0025/share, up to a maximum of \$100 per side for Tape C securities. By this proposal, we would change these rates to \$.003/share, up to

⁷ These rate changes are discussed *infra* as part of the modifications to Section E.3. of the Fee Schedule.

⁸ Throughout the proposal, the Exchange proposes to modify references to "institutional brokers" to clarify that such references are limited to Institutional Brokers registered with the Exchange pursuant to Article 17 of our rules, and not to institutional brokers as colloquially referred to in the securities industry.

⁹ The revised fee rate conforms to the prescriptions of the Reg NMS Rule 610 (the "Access Rule").

¹⁰ In such transactions, the third-party broker-dealer would report the transaction to the appropriate Trade Reporting Facility, and provide an execution report to the Institutional Broker, which in turn would enter the information into the Exchange's systems for submission to clearing.

a maximum of \$100 per side for all securities. We are also proposing to define “per side” in the same manner as in Section E.3. These changes would maintain the current state under which the fees charged pursuant to Sections E.3. and E.7. are identical.

The Exchange is proposing to eliminate the Clearing Support Fees currently set forth in Section H of the Fee Schedule. The CHX no longer performs the services described in Section H and has no present intention of doing so in the future. The elimination of these fees would clarify to CHX Participants that the Exchange does not provide clearing support services.

Finally, the Exchange proposes to eliminate the fees for CCH Rulebooks (which the Exchange no longer provides to Participants) and monthly Brokerplex reports (which the Exchange will provide at no cost) pursuant to Section L.2. and 3. (Supplies and Reports), respectively.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act¹¹ in general, and furthers the objectives of Section 6(b)(4) of the Act¹² in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and other persons using any facility or system which the Exchange operates or controls. The Exchange is proposing to eliminate certain fees in their entirety which would reduce the financial obligation of Participants to the CHX. The fees to be eliminated include certain processing fees for fingerprints, background checks and badges (Section C of the Fee Schedule), Matching System routing fees (Section E.6. of the Fee Schedule), Clearing Support Fees (Section H of the Fee Schedule), and fees for rulebooks and certain reports (Section L of the Fee Schedule). In Section E.1., the Exchange is reducing the provide credit paid to Institutional Brokers in Regular Trading Hours session transaction from \$0.0029/share in Tape A and C securities to \$0.0027/share and from transaction from \$0.0031/share in Tape B securities to \$0.0028/share. In this same Section, the Exchange is further proposing a provide credit be paid to Institutional Brokers of \$0.0022/share in securities priced greater than \$1.00/share for trades in the Early and Late Trading Sessions. The Exchange also proposes that no provide credit shall be paid to Institutional Brokers in transactions in

securities priced less than \$1.00/share. The Exchange believes that the reduction in provide credits paid to Institutional Brokers for trades during the Regular Trading Session, as well as the elimination of the provide credit paid to Institutional Brokers in transactions in all trading sessions in securities priced less than \$1.00, are appropriate because they will enable the Exchange to retain a greater amount of the revenue associated with such transactions, which in turn will assist the CHX in funding its internal operations including the oversight of Institutional Brokers. The Exchange further believes that the rate changes in Section E.1. as to the Early and Late Trading Sessions are appropriate because the proposed rates corresponds to the provide credit generally paid to Participants for trades in the Early and Late Trading Sessions.

The Exchange believes that the rate changes for CHX-executed transactions entered through an Institutional Broker are fair and appropriate (Section E.3. of the Fee Schedule). The Exchange hopes that these rate changes will help it attract additional order flow to the Exchange, as well as be consistent with the limitations on fees charged by exchanges for access to quotations as set forth in Rule 610(c) of Regulation NMS. The Exchange is making parallel changes to the Trade Processing Fees set forth in Section E.7. of the Fee Schedule charged in connection with the submission to clearing by the CHX of non-Exchange trades handled by an Institutional Broker in order to maintain the current level of parity in such fees with the fees charged pursuant to Section E.3. of the Fee Schedule. The Exchange is also adding to the types of transactions subject to the Trade Processing Fee any executed trades submitted to Clearing by the Exchange’s systems which originated with an Institutional Broker and were transmitted to and executed by another broker-dealer in the over-the-counter market. This addition reflects ongoing discussions between the Exchange and the staff of the Commission regarding limitations on the ability of Institutional Brokers to directly execute trades in the over-the-counter marketplace.

The Exchange further believes that the proposed rule change is consistent with Section 6(b) of the Act in general, and furthers the objectives of Section 6(b)(1) of the Act in particular, in that it allows the Exchange to be organized and have the capacity to be able to carry out the purposes of the Act and to comply, and (subject to any rule or order of the Commission pursuant to section 17(d) or 19(g)(2) of the Act) to enforce

compliance by its members and persons associated with such members, with the provisions of the Act, the rules and regulations thereunder, and the rules of the exchange. The proposed clarifying changes to the Fee Schedule would establish the fees as they were approved by the Exchange and would contribute to the ability of its Participants to comply with the provisions of the Fee Schedule by clarifying to such Participants the basis upon which the Exchange charges for various of its fees and services. The proposed clarifying changes include the following: (1) The limitation of Section E.1. to single-sided orders (2) that the Average Daily Trading volume calculation for purposes of applying the tiered rate schedule of Section E.1. does not include days when the Regular Trading Session closes early; (3) that the phrase “institutional broker” be capitalized to reflect the intention to limit it to Institutional Brokers registered with the CHX pursuant to Article 17 of our rules; (4) that the provisions of Section E.2. apply only to crosses executed in the Matching System and which were not entered through an Institutional Broker; (5) the manner in which the CHX imposes fees on Institutional Brokers for proprietary trades executed in the Matching System; (6) the manner in which the CHX imposes fees on Participants for Exchange transactions entered through an Institutional Broker; (7) the application of the \$100 maximum charge in the transactions noted in (6); and (8) the imposition of fees on odd-lot orders.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act¹³ and subparagraph (f)(2) of Rule 19b–4 thereunder¹⁴ because it establishes or changes a due, fee or other charge

¹¹ 15 U.S.C. 78f.

¹² 15 U.S.C. 78f(b)(4).

¹³ 15 U.S.C. 78s(b)(3)(A)(ii).

¹⁴ 17 CFR 240.19b–4(f)(2).

applicable to the Exchange's members, which renders the proposed rule change effective upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-CHX-2011-19 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-CHX-2011-19. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro/shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street, NE., Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of such filing will also be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal

identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File No. SR-CHX-2011-19 and should be submitted on or before August 19, 2011.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁵

Elizabeth M. Murphy,
Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-64958; File No. SR-NASDAQ-2011-095]

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to the Proprietary Trader Examination

July 25, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹, and Rule 19b-4² thereunder, notice is hereby given that on July 12, 2011, The NASDAQ Stock Market LLC (the "Exchange" or "NASDAQ") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

NASDAQ is filing with the Securities and Exchange Commission ("Commission") a proposal for the NASDAQ Options Market ("NOM") to amend its Rule 1032, Categories of Representative Registration, to adopt a new limited category of representative registration for proprietary traders, as described further below. NASDAQ intends to implement the proposal upon Commission approval³ and availability in WebCRD; NASDAQ will communicate the applicable dates to NASDAQ members.

The text of the proposed rule change is available at <http://>

¹⁵ 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ The Commission notes that this filing is effective on filing.

nasdaq.cchwallstreet.com/, at NASDAQ's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to recognize a new category of limited representative registration for proprietary traders. Currently, under NASDAQ rules, persons performing proprietary trading functions fall within the definition of representative in Rule 1011, because Rule 1011 includes persons who are engaged in the investment banking or securities business of a member. Specifically, a "Representative" means an Associated Person⁴ of a registered broker or dealer who is engaged in the investment banking or securities business for the member including the functions of supervision, solicitation or conduct of business in securities or who is engaged in the training of persons associated with a broker or dealer for any of these functions are designated as representatives. As provided in Rule 1031, all Representatives of NASDAQ Members are required to be registered with NASDAQ, and Representatives that are so registered are referred to as "Registered Representatives."

NASDAQ has been working with FINRA and certain other exchanges, many of which have recently enhanced their registration requirements to

⁴ Pursuant to Rule 1011(b), the term "Associated Person" means any partner, officer, director, or branch manager of a NASDAQ member or Applicant (or person occupying a similar status or performing similar functions), any person directly or indirectly controlling, controlled by, or under common control with such NASDAQ member or Applicant, or any employee of such NASDAQ member or Applicant, except that any person associated with a NASDAQ member or Applicant whose functions are solely clerical or ministerial shall not be included in the meaning of such term for purposes of the NASDAQ Rules.
