

cash. BNY will debit the securities from Dealer B's account and the relevant liens will be released so that the securities are in FICC's account at Chase. Chase will credit the securities to Dealer C's account and the cash that Dealer C uses for its collateral substitution will be credited by Chase to FICC's account at Chase. From Dealer B's perspective, when BNY debits the securities from Dealer B's account, Dealer B is supposed to receive the funds—but as noted, the funds are at Chase. BNY will credit the funds to Dealer B's account and debit FICC's account at BNY.

At this point in the example, FICC is running a credit at Chase and a debit at BNY. In order to secure FICC's debit at BNY, FICC will grant a security interest in the funds in the FICC account at Chase.

For substitutions that occur with respect to GCF Repo transactions that were processed on an inter-clearing bank basis, FICC and the clearing banks will initially only permit cash substitutions in order to accommodate current processing systems. In the future, as systems are upgraded, FICC may permit securities substitutions in the same way as described above for GCF Repo transactions occurring on the intra-clearing bank basis. The proposed rule change provides FICC with flexibility in this regard by referring to FICC's procedures. If interbank securities substitutions begin to be permitted, FICC will announce this to members by important notice.

Other Rule Changes

FICC is also proposing to make technical clean-up changes to Section 7 of GSD Rule 20, which relate to the GCF Repo collateral process. Specifically, a correction is being made to change references to the defined term "Security" to "security" to conform to the use of "security" throughout the rule. The proposed rule change also introduces a term that previously had not been included in the rules inadvertently, "GCF Collateral Excess Account." This term is defined in the proposed rule change as "the account established by a GCF Custodian Bank in the name of the Corporation to hold securities it credits to the GCF Securities Account the Corporation establishes for another GCF Clearing Bank."

(ii) FICC believes the proposed rule changes are consistent with the requirements of Section 17A of the Act²⁴ and the rules and regulations thereunder applicable to FICC because

the rule amendments are designed to promote the prompt and accurate clearance and settlement of security transactions and assure the safeguarding of securities and funds which are in the custody or control of FICC by aligning the GCF Repo service with recommendations being made by the TPR to address risks in the overall tri-party repo market, which will serve to safeguard the securities and funds for which FICC is responsible. The proposed rule change is not inconsistent with the existing rules of FICC, including any other rules proposed to be amended.

(B) Self-Regulatory Organization's Statement on Burden on Competition

FICC does not believe that the proposed rule change would impose any burden on competition.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments relating to the proposed rule change have not been solicited or received. FICC will notify the Commission of any written comments received by FICC.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) As the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will: (A) By order approve or disapprove the proposed rule change or (B) Institute proceedings to determine whether the proposed rule change should be disapproved.
