Office of the Secretary of Transportation

[DOT Docket No. DOT-OST-2010-0074]

The First Semi-Annual Aviation Workforce Management Conference

AGENCY: Office of the Secretary of Transportation (DOT), U.S. Department of Transportation.

ACTION: Notice of Conference.

SUMMARY: The Department of Transportation, Office of the Secretary of Transportation, announces the First Semi-Annual Aviation Workforce Management Conference which will be held in Washington DC. The Conference will be co-hosted by the Secretary of Transportation Ray LaHood, Secretary of Labor Hilda L. Solis and Secretary of Education Arne Duncan. The Federal Aviation Administrator J. Randolph (Randy) Babbitt will also participate in the Conference. This will be the first semi-annual conference recommended by the Subcommittee on Labor and World-Class Workforce of the former Future of Aviation Advisory Committee (FAAC).

DATES: The Conference will be held on September 21, 2011, from 9:30 a.m. to 12:30 p.m. (EDT).

ADDRESSES: The Conference will be held at the Department of Transportation, 1200 New Jersey Avenue, SE., Washington, DC 20590, in the West Building Atrium.

FOR FURTHER INFORMATION CONTACT:

Bonnie M. Gray, Conference Coordinator at 202-267-8712 or by e-mail at FAAC@faa.gov.

SUPPLEMENTARY INFORMATION: Agenda:

The agenda will include aviation workforce development issues that focus on the need for a future workforce with solid foundations in the science, technology, engineering, and mathematics disciplines, and best practices for addressing labor/management issues. The Conference implements Recommendation 17 of FAAC, "The Secretary of Transportation should endorse and implement a semi-annual Aviation Industry Workforce-Management Conference beginning in September 2011. The mandate of the conference would be to bridge the gap of information and understanding that generally exists today between the aviation workforce and its management, with the ultimate goal of a healthier industry for all." A copy of the agenda will be posted at <http://www.dot.gov/faac> when finalized.

Public Access: Members of the public and all members of the aviation community are invited to attend. Pre-registration is required of all attendees. (See below for registration instructions).

Registration Instructions: Space for the Conference is limited. Registration will be available on a first-come, first-serve basis. Once the maximum number of 300 registrants has been reached, registration will close. Requests to attend the meeting must be received by close of business on September 6, 2011.

- All foreign nationals must register and provide their date of birth, passport number, and country of issue by August 26, 2011.

- Persons with disabilities who require special assistance should advise the Department of their anticipated special need(s) at the time of registration, under the subject line "Special Assistance,".

- To register: Send an e-mail to FAAC@faa.gov with "Registration" in the subject line including the following information:

- Last name, First name;
- Title (if any);

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2010-0387]

Identification of Interstate Motor Vehicles: The Port Authority of New York and New Jersey's Drayage Truck Registry Sticker Display Requirements; Petition for Determination

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice; Denial of petition for determination.

SUMMARY: FMCSA denies the New Jersey Motor Truck Association's (NJMTA) petition requesting that FMCSA determine the Port Authority of New York and New Jersey's (Port Authority) Drayage Truck Registry (DTR) sticker display program is preempted by Federal law. The Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) prohibits States and their political subdivisions from requiring motor carriers to display in or on commercial motor vehicles (CMVs) any form of identification other than forms required by the Secretary of Transportation (Secretary), with certain exceptions. FMCSA determines that the Port Authority's sticker display program is not preempted.

DATES: This decision is effective September 2, 2011.

FOR FURTHER INFORMATION CONTACT: Genevieve D. Sapir, Office of the Chief Counsel, Federal Motor Carrier Safety Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590, (202) 366-7056; e-mail Genevieve.Sapir@dot.gov.

SUPPLEMENTARY INFORMATION:

Background

The Port Authority amended its marine tariff (PAMT FMC No. 10) to require trucks entering marine terminal facilities to display a sticker showing compliance with its new DTR. In response, by letter dated September 2, 2010, NJMTA petitioned the Secretary for a determination that the Port Authority's sticker display requirement is preempted by Federal law. Effective October 15, 2010, and in response to the NJMTA's petition, the Port Authority amended its tariff to clarify that the compliance stickers are a voluntary way to demonstrate compliance with the DTR and that no truck will be denied access to marine terminal facilities for failure to display a sticker.

The NJMTA is a non-profit trade association that represents over 500 trucking companies with operations in New Jersey. NJMTA states that its mission is to foster and promote sound, economical, and efficient service by motor carrier transportation; to promote safety and courtesy in highway transportation; to foster and support beneficial laws and regulations affecting the motor carrier industry and highway transportation; to promote and encourage the construction and maintenance of an adequate system of safely engineered highways; to foster and promote sound and reasonable taxation at the State and Federal levels on highway users; and to engage in any and all activities that will advance the interests of highway transportation and highway users generally.

The Port Authority is a bi-State entity established by interstate compact with the consent of Congress (42 Stat. 174, Aug. 23, 1921). It conceives, builds, operates, and maintains infrastructure critical to the New York/New Jersey region's trade and transportation network. These facilities include the New York/New Jersey airport system, marine terminals and ports, the PATH rail transit system, six tunnels and bridges between New York and New Jersey, the Port Authority Bus Terminal in Manhattan, and the World Trade Center.

In an effort to reduce port-related diesel and greenhouse gas emissions, the Port Authority is implementing a truck phase-out plan that will deny old drayage trucks access to its marine terminal facilities. Under this plan, the Port Authority began denying drayage trucks with pre-1994 model year engines access to Port Authority marine terminal facilities effective January 1, 2011. Effective January 1, 2017, the Port Authority will deny drayage trucks equipped with engines that fail to meet or exceed 2007 model year Federal heavy-duty, diesel-fueled, on-road engine emission standards access to marine terminal facilities. In order to implement the truck phase-out plan, the Port Authority will require drayage trucks accessing Port Authority marine terminal facilities to be registered in the DTR. The Port Authority will issue compliance stickers to drayage trucks that are compliant with the phase-out plan to facilitate and expedite transit of those trucks onto, through, and out of marine terminal facilities. As noted above, the Port Authority has amended its tariff to clarify that the compliance stickers are a voluntary way to demonstrate compliance with the DTR, that no truck is required to display a compliance sticker, and that no truck
