SUPPLEMENTARY INFORMATION:

I. Background

The Bureau of Indian Affairs (BIA) maintains the "Indian Social Services Case Files—Interior, BIA-8" system of records, which it is renaming the "Financial Assistance and Social Services—Case Management System, Interior/BIA-8." The purpose of this system is to provide assistance to individual Indians who apply for and receive social services and direct assistance from the Bureau of Indian Affairs. The amendments to the system will include revising the system name and adding a routine use to comply with 5 U.S.C. 552a(b)(3) of the Privacy Act for appropriate systems specifically applying to the disclosure of information in connection with response and remedial efforts in the event of a data breach. Other amendments to the system will include updating data in the following fields: System location, categories of individuals covered by the system; categories of records in the system; authority for maintenance of the system; routine uses of records maintained in the system, including categories of users and the purposes of such uses; policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system. This system notice was last published on August 21, 1990 (55 FR 34085).

The amendments to the system will be effective as proposed at the end of the comment period (the comment period will end 40 days after the publication of this notice in the **Federal Register**), unless comments are received which would require a contrary determination. DOI will publish a revised notice if changes are made based upon a review of the comments received.

II. Privacy Act

The *Privacy Act of 1974*, as amended (5 U.S.C. 552a), embodies fair information principles in a statutory framework governing the means by which Federal Agencies collect, maintain, use, and disseminate individuals' personal information. The Privacy Act applies to information that is maintained in a "system of records." A "system of records" is a group of any records under the control of an agency for which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. In the *Privacy Act*, an individual is defined to encompass U.S.

citizens or lawful permanent residents. As a matter of policy, DOI extends administrative Privacy Act protections to all individuals. Individuals may request access to their own records that are maintained in a system of records in the possession or under the control of DOI by complying with DOI Privacy Act regulations, 43 CFR part 2.

The Privacy Act requires each agency to publish in the **Federal Register** a description denoting the type and character of each system of records that the agency maintains, the routine uses that are contained in each system in order to make agency record keeping practices transparent, to notify individuals regarding the uses of their records, and to assist individuals to more easily find such records within the agency. Below is the description of the Bureau of Indian Affairs, Financial Assistance and Social Services—Case Management System, Interior/BIA-8, system of records.

In accordance with 5 U.S.C. 552a(r), DOI has provided a report of this system of records to the Office of Management and Budget and to Congress.

III. Public Disclosure

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
