Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The Teaching American History (TAH) grant program supports projects that aim to raise student achievement by improving teachers' knowledge, understanding, and appreciation of traditional American history as a separate subject within the core elementary and secondary school curriculum. Grant awards assist local educational agencies (LEAs), in partnership with entities that have extensive content expertise, in developing, implementing, documenting, evaluating, and disseminating innovative, cohesive models of professional development.

Priorities: This competition includes one absolute priority and four competitive preference priorities that are described in the following paragraphs.

Absolute Priority: In accordance with 34 CFR 75.105(b)(2)(iv), this priority is from section 2351 of the Elementary and Secondary Education Act of 1965, as amended (ESEA) (20 U.S.C. 6721(b)). For FY 2011 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority is:

Partnerships With Other Agencies or Institutions

Each applicant LEA must propose to work in partnership with one or more of the following:

- An institution of higher education.
- A non-profit history or humanities organization.
- A library or museum.

Competitive Preference Priorities: These priorities are from the notice of final supplemental priorities and definitions for discretionary grant programs published in the **Federal Register** on December 15, 2010 (75 FR 78486). For FY 2011 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are competitive preference priorities. Applicants may choose to address one or more of these competitive preference priorities. Consistent with 34 CFR 75.105(c)(2)(i), we may award up to an additional twelve points to an application, depending on how well the application meets these priorities. These points are in addition to any points the application earns under the selection criteria.

These priorities are:

Priority 1—Improving the Effectiveness and Distribution of Effective Teachers or Principals (up to three additional points).

Projects that are designed to address the following priority area:

Increasing the number or percentage of teachers or principals who are effective or reducing the number or percentage of teachers or principals who are ineffective, particularly in high-poverty schools (as defined in this notice) including through such activities as improving the preparation, recruitment, development, and evaluation of teachers and principals; implementing performance-based certification and retention systems; and reforming compensation and advancement systems.

For the purposes of this priority, teacher and principal effectiveness should be measured using:

(1) Teacher or principal evaluation data, in States or local educational agencies that have in place a high-quality teacher evaluation system that takes into account student growth (as defined in this notice) in significant part and uses multiple measures that, in the case of teachers, may include observations for determining teacher effectiveness (such as systems that meet the criteria for evaluation systems under the Race to the Top program as described in criterion (D)(2)(ii) of the Race to the Top notice inviting applications (74 FR 59803)); or

(2) Data that include, in significant part, student achievement (as defined in this notice) or student growth (as defined in this notice) data and may include multiple measures in States or local educational agencies that do not have the teacher or principal evaluation systems described in paragraph (1).

Note: The Teaching American History program is a professional development program for elementary and secondary school teachers. Consequently, in responding to this priority, applicants must focus their efforts on improving the effectiveness and distribution of effective elementary and secondary school teachers.

Priority 2—Improving Achievement and High School Graduation Rates (up to three additional points)

Projects that are designed to address one or both of the following priority areas:

(a) Accelerating learning and helping to improve high school graduation rates (as defined in this notice) and college enrollment rates for high-need students (as defined in this notice).

(b) Accelerating learning and helping to improve high school graduation rates (as defined in this notice) and college

enrollment rates in high-poverty schools (as defined in this notice).

Note: For Priority 2, applicants may earn a maximum of up to three points by responding to priority areas (a) and (b). If the applicant chooses to respond to only priority area (a) or priority area (b), the maximum points earned will still be up to three points.

Priority 3—Enabling More Data-Based Decision-Making (up to three additional points).

Projects that are designed to collect (or obtain), analyze, and use high-quality and timely data, including data on program participant outcomes, in accordance with privacy requirements (as defined in this notice), in one or both of the following priority areas:

(a) Improving instructional practices, policies, and student outcomes in elementary and secondary schools.

(b) Providing reliable and comprehensive information on the implementation of Department of Education programs, and participant outcomes in these programs by using data from State longitudinal data systems or by obtaining data from reliable third-party sources.

Note: For Priority 3, applicants may earn a maximum of up to three points by responding to priority areas (a) and (b). If the applicant chooses to respond to only priority area (a) or priority area (b), the maximum points earned will still be up to three points.

Priority 4—Technology (up to three additional points).

Projects that are designed to improve student achievement or teacher effectiveness through the use of high-quality digital tools or materials, which may include preparing teachers to use the technology to improve instruction, as well as developing, implementing, or evaluating digital tools or materials.

DEFINITIONS: For the purposes of Competitive Preference Priorities 1 through 4, the following definitions apply. These definitions are from the notice of final supplemental priorities and definitions for discretionary grant programs published in the **Federal Register** on December 15, 2010 (75 FR 78486).

Graduation rate means a four-year adjusted cohort graduation rate consistent with 34 CFR 200.19(b)(1) and may also include an extended-year adjusted cohort graduation rate consistent with 34 CFR 200.19(b)(1)(v) if the State in which the proposed project is implemented has been approved by the Secretary to use such a rate under Title I of the ESEA.

High-need children and high-need students means children and students at risk of educational failure, such as children and students who are living in

poverty, who are English learners, who are far below grade level or who are not on track to becoming college- or career-ready by graduation, who have left school or college before receiving, respectively, a regular high school diploma or a college degree or certificate, who are at risk of not graduating with a diploma on time, who are homeless, who are in foster care, who are pregnant or parenting teenagers, who have been incarcerated, who are new immigrants, who are migrant, or who have disabilities.

High-poverty school means a school in which at least 50 percent of students are eligible for free or reduced-price lunches under the Richard B. Russell National School Lunch Act or in which at least 50 percent of students are from low-income families as determined using one of the criteria specified under section 1113(a)(5) of the Elementary and Secondary Education Act of 1965, as amended. For middle and high schools, eligibility may be calculated on the basis of comparable data from feeder schools. Eligibility as a high-poverty school under this definition is determined on the basis of the most currently available data.

Privacy requirements means the requirements of the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. 1232g, and its implementing regulations in 34 CFR part 99, the Privacy Act, 5 U.S.C. 552a, as well as all applicable Federal, State and local requirements regarding privacy.

Student achievement means (a) For tested grades and subjects: (1) A student's score on the State's assessments under the ESEA; and, as appropriate, (2) other measures of student learning, such as those described in paragraph (b) of this definition, provided they are rigorous and comparable across schools. (b) For non-tested grades and subjects: Alternative measures of student learning and performance, such as student scores on pre-tests and end-of-course tests; student performance on English language proficiency assessments; and other measures of student achievement that are rigorous and comparable across schools.

Student growth means the change in student achievement (as defined in this notice) for an individual student between two or more points in time. A State may also include other measures that are rigorous and comparable across classrooms.

Program Authority: 20 U.S.C. 6721.

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82,

84, 85, 86, 97, 98, and 99. (b) The notice of final selection criteria and other application requirements published in the **Federal Register** on April 15, 2005 (70 FR 19939). (c) The notice of final revisions to selection criteria, published in the **Federal Register** on December 23, 2008 (73 FR 78761). (d) The notice of final supplemental priorities and definitions for discretionary grant programs published in the **Federal Register** on December 15, 2010 (75 FR 78486).

Note: The regulations in 34 CFR part 79 apply to all applicants except federally recognized Indian tribes.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education only.

II. Award Information

Type of Award: Discretionary grants.
Estimated Available Funds:

The Administration's budget request for FY 2011 does not include funds for this program. In place of this and several other, sometimes narrowly targeted, programs focused on student achievement in specific subject areas, the Administration has proposed to create, through the reauthorization of the Elementary and Secondary Education Act of 1965, a broader program, Effective Teaching and Learning for a Well-Rounded Education, that would support activities to improve student achievement and teacher effectiveness in American history among other subject areas. However, we are inviting applications for the TAH program to allow enough time to complete the grant process before the end of the current fiscal year, if Congress appropriates funds for this program.

Contingent upon the availability of funds and the quality of applications, we may make additional awards in FY 2012 from the list of unfunded applicants from this competition.

Estimated Range of Awards:
\$250,000–\$2,000,000.

Estimated Average Size of Awards:
\$910,000.

Maximum Award: The following maximum award amounts are from the notice of final selection criteria and other application requirements for this program, published in the **Federal Register** on April 15, 2005 (70 FR 19939).

(1) Total funding for a three-year project period is a maximum of \$500,000 for LEAs with enrollments of less than 20,000 students; \$1,000,000 for LEAs with enrollments of 20,000–300,000 students; and \$2,000,000 for LEAs with enrollments above 300,000

students. LEAs may form consortia and combine their enrollments in order to receive a grant reflective of their combined enrollment. For districts applying jointly as a consortium, the maximum award is based on the combined enrollment of the individual districts in the consortium. If more than one LEA wishes to form a consortium, they must follow the procedures for group applications described in 34 CFR 75.127 through 34 CFR 75.129 of the Education Department Administrative Regulations.

(2) A maximum of one grant will be awarded per applicant per competition.
Estimated Number of Awards: 75–80.

Note: The Department is not bound by any estimates in this notice.

Project Period: Up to 36 months. The Department anticipates funding the entire project period of each grant with fiscal year 2011 funds. There will be no continuation grant awards for projects funded under this competition.

III. Eligibility Information

1. *Eligible Applicants:* LEAs, including charter schools that are considered LEAs under State law and regulations, which must work in partnership with one or more of the following entities:

- An institution of higher education.
- A non-profit history or humanities organization.
- A library or museum.

An LEA may form a consortium with one or more other LEAs and submit a joint application for funds. The consortium must follow the procedures for joint applications described in 34 CFR 75.127 through 75.129.

2. *Cost Sharing or Matching:* This program does not require cost sharing or matching.

Additional information about this competition and the application requirements also can be found at <http://www.ed.gov/programs/teachinghistory/index.html>.

Notice of Intent to Apply: The Department will be able to develop a more efficient process for reviewing grant applications if it has a better understanding of the number of entities that intend to apply for funding under this competition. Therefore, the Secretary strongly encourages each potential applicant to notify the Department by sending a short e-mail message indicating the applicant's intent to submit an application for funding. The e-mail need not include information regarding the content of the proposed application, only the applicant's intent to submit it. The Secretary requests that this e-mail notification be sent to Mia Howerton at: teachingamericanhistory@ed.gov.

Applicants that do not provide this e-mail notification may still apply for funding.

Page Limit: The application narrative (Part III of the application) is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. Applicants are strongly encouraged to limit the application narrative and the appendix to a total of no more than 50 pages, using the following standards:

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.
- Double space (no more than three lines per vertical inch) all text in the

application narrative, including titles, headings, footnotes, quotations, references, and captions. However, you may single space all text in charts, tables, figures, and graphs.

- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).

- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.

The page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certifications; or the one-page abstract. However, the page limit does apply to all of the application narrative section (Part III). It also applies to the resumes, the bibliography, and letters of support which should be included in the appendix.

6. Data Universal Numbering System Number, Taxpayer Identification Number, and Central Contractor Registry: To do business with the Department of Education, you must—

a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);

b. Register both your DUNS number and TIN with the Central Contractor Registry (CCR), the Government's primary registrant database;

c. Provide your DUNS number and TIN on your application; and

d. Maintain an active CCR registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet. A DUNS number can be created within one business day.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue

Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow 2–5 weeks for your TIN to become active.

The CCR registration process may take five or more business days to complete. If you are currently registered with the CCR, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your CCR registration on an annual basis. This may take three or more business days to complete.

In addition, if you are submitting your application via Grants.gov, you must (1) be designated by your organization as an Authorized Organization Representative (AOR); and (2) register yourself with Grants.gov as an AOR. Details on these steps are outlined in the Grants.gov 3-Step Registration Guide (see <http://www.grants.gov/section910/Grants.govRegistrationBrochure.pdf>).

7. Other Submission Requirements:

Applications for grants under this program must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the Teaching American History program, CFDA number 84.215X, must be submitted electronically using the Government-wide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not e-mail an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under *Exception to Electronic Submission Requirement*.

You may access the electronic grant application for the Teaching American History program at www.Grants.gov. You must search for the downloadable application package for this program by the CFDA number. Do not include the

CFDA number's alpha suffix in your search (e.g., search for 84.215, not 84.215X).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.

- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received—that is, date and time stamped by the Grants.gov system—after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this program to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department's G5 system home page at <http://www.G5.gov>.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: The Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- You must attach any narrative sections of your application as files in a .PDF (Portable Document) format only. If you upload a file type other than a .PDF or submit a password-protected file, we will not review that material.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by e-mail. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues With the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1–800–518–4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact one of the individuals listed under *For Further Information Contact* in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a

determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. V. Application Review Information

1. *Selection Criteria:* The selection criteria for this program are from the notice of final selection criteria and other application requirements published in the **Federal Register** on April 15, 2005 (70 FR 19939) and from

34 CFR 75.210, as permitted under the notice of final revisions to selection criteria, published in the **Federal Register** on December 23, 2008 (73 FR 78761). The Notes following the selection criteria are guidance to help applicants in preparing their applications and are not required by statute or regulations. We encourage applicants to consider those Notes.

The selection criteria are as follows:

(1) *Project quality* (35 points). The Secretary considers the quality of the proposed project by considering:

(a) The likelihood that the proposed project will develop, implement, and strengthen programs to teach traditional American history as a separate academic subject (not as a component of social studies) within elementary school and secondary school curricula.

(b) How specific traditional American history content (including the significant issues, episodes, and turning points in the history of the United States; how the words and deeds of individual Americans have determined the course of our Nation; and how the principles of freedom and democracy articulated in the founding documents of this Nation have shaped America's struggles and achievements and its social, political, and legal institutions and relations) will be covered by the grant; the format in which the project will deliver the history content; and the quality of the staff and consultants responsible for delivering these content-based professional development activities, emphasizing, where relevant, their postsecondary teaching experience and scholarship in subject areas relevant to the teaching of traditional American history. The applicant may also attach curriculum vitae for individuals who will provide the content training to the teachers.

(c) How well the applicant describes a plan that meets the statutory requirement to carry out activities under the grant in partnership with one or more of the following:

- (i) An institution of higher education.
- (ii) A non-profit history or humanities organization.
- (iii) A library or museum.

(d) The applicant's rationale for selecting the partner(s) and its description of specific activities that the partner(s) will contribute to the grant during each year of the project. The applicant should include a memorandum of understanding or detailed letters of commitment from the partner(s) in an appendix to the application narrative.

Note: The Secretary encourages applicants to describe, in particular, how the proposed

history content addresses traditional American history as discussed in paragraph (b) of the *Project quality* criterion. Applicants are also encouraged to submit a detailed course of study for project participants, including a rationale for selecting the course of study, and a schedule of activities to be carried out. Finally, applicants are encouraged to discuss the role and commitment of each partner and document that each partner has been apprised of the partner's responsibilities for the project.

(2) *Quality of the project design* (35 points). The Secretary considers the quality of the design of the proposed project. In determining the quality of the design of the proposed project, the Secretary considers:

(a) The extent to which there is a conceptual framework underlying the proposed research or demonstration activities and the quality of that framework.

(b) The extent to which the proposed activities constitute a coherent, sustained program of training in the field.

(c) The extent to which the proposed project is part of a comprehensive effort to improve teaching and learning and support rigorous academic standards for students.

(d) The extent to which the proposed project is designed to build capacity and yield results that will extend beyond the period of Federal financial assistance.

(3) *Need for project* (20 points). The Secretary considers the need for the proposed project. In determining the need for the proposed project, the Secretary considers:

(a) The magnitude or severity of the problem to be addressed by the proposed project.

(b) The magnitude of the need for the services to be provided or the activities to be carried out by the proposed project.

(c) The extent to which specific gaps or weaknesses in services, infrastructure, or opportunities have been identified and will be addressed by the proposed project, including the nature and magnitude of those gaps or weaknesses.

Note: The Secretary encourages applicants to provide information on the district's American history program, including on the number of teachers, the teachers' qualifications and certifications, the American history professional development currently being offered in the district, and student performance in American history class. The applicant is also encouraged to address how its proposed professional development strategy will significantly improve both teachers' ability to teach traditional American history content and student performance with regard to traditional American history. Applicants' responses to the *Need for project* criterion

should address the American history content needs of the teachers, not the socioeconomic needs of the teachers or the students they serve.

(4) *Quality of the management plan* (10 points). The Secretary considers the quality of the management plan for the proposed project. In determining the quality of the management plan for the proposed project, the Secretary considers:

(a) The adequacy of the management plan to achieve the objectives of the proposed project on time and within budget, including clearly defined responsibilities, timelines, and milestones for accomplishing project tasks.

(b) The extent to which the time commitments of the project director and other key project personnel are appropriate and adequate to meet the objectives of the proposed project.

(c) The adequacy of procedures for ensuring feedback and continuous improvement in the operation of the proposed project.

Note: Section 75.112 of EDGAR requires that an applicant (a) propose a project period for the project and (b) include a narrative that describes how and when, in each budget period of the project, the applicant plans to meet each project objective. The Secretary encourages each applicant to address this criterion by including in this narrative a clear implementation plan that includes annual timelines, key project milestones, and a schedule of activities, as well as a description of the personnel who would be responsible for each activity and the level of effort each activity entails.

(5) *Quality of the project evaluation* (25 points). The Secretary considers the quality of the evaluation to be conducted of the proposed project. In determining the quality of the evaluation, the Secretary considers:

(a) The extent to which the methods of evaluation include the use of objective performance measures that are clearly related to the intended outcomes of the project and will produce quantitative and qualitative data to the extent possible.

(b) How well the evaluation plans are aligned with the project design explained under the *Project quality* criterion.

(c) Whether the evaluation includes benchmarks to monitor progress toward specific project objectives, and outcome measures to assess the impact on teaching and learning or other important outcomes for project participants.

(d) Whether the applicant identifies the individual and/or organization that has agreed to serve as evaluator for the project and includes a description of the qualifications of that evaluator.

(e) The extent to which the applicant indicates the following:

(i) What types of data will be collected.

(ii) When various types of data will be collected.

(iii) What methods will be used to collect data.

(iv) What data collection instruments will be developed.

(v) How the data will be analyzed.

(vi) When reports of results and outcomes will be available.

(vii) How the applicant will use the information collected through the evaluation to monitor the progress of the funded project and to provide accountability information about both success at the initial site and effective strategies for replication in other settings.

(viii) How the applicant will devote an appropriate level of resources to project evaluation.

Note: The Secretary encourages each applicant to specify how the project's evaluation plan will address the TAH performance measures established by the Department under the Government Performance and Results Act of 1993 (GPRA). (The specific performance measures established for the TAH Program are discussed under Performance Measures in section VI of this notice.) Further, each applicant is encouraged to describe how the applicant's evaluation plan will be designed to collect both output data (e.g., number of teachers participating in a project, number of workshops held) and outcome data (e.g., improvements in teacher classroom practice, increases in student history achievement). Finally, each applicant is encouraged to select an independent, objective evaluator who has experience in evaluating educational programs and who will play an active role in the design and development of the project. For resources on what to consider in designing and conducting project evaluations, go to <http://www.whatworkshelpdesk.ed.gov/>.

2. Review and Selection Process: The Department intends to conduct a two-tier review process for this competition. All eligible applications will be reviewed and scored on the first four criteria. Only applications that score highly on the first four criteria will then be reviewed and scored on the fifth criterion, *Quality of the Project Evaluation*.

We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also

consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. *Special Conditions:* Under 34 CFR 74.14 and 80.12, the Secretary may impose special conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 34 CFR parts 74 or 80, as applicable; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent

performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

4. *Performance Measures:* We have established two performance measures for the TAH Program. The measures are: (1) The average percentage change in the scores (on a pre-post assessment of American history) of participants who complete at least 75 percent of the professional development hours offered by the project. The assessment must be aligned with the content provided by the TAH project, and at least 50 percent of its questions must come from a validated test of American history, and (2) the percentage of TAH participants who complete 75 percent or more of the total hours of professional development offered. Grantees will be expected to provide data on the two measures.
