

during which individuals will have the opportunity to address the Committee.

Dated: September 29, 2011.

James W. Pena,

Associate Deputy Chief, National Forest System.

[FR Doc. 2011-25703 Filed 10-4-11; 8:45 am]

BILLING CODE 3410-11-P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: Bureau of Industry and Security (BIS).

Title: Additional Protocol Report Forms.

OMB Control Number: 0694-0135.

Form Number(s): AP-1 through AP-17, AP-A through AP-Q.

Type of Request: Regular submission (extension/revision of a currently approved information collection).

Burden Hours: 844.

Number of Respondents: 500.

Average Hours per Response: 22 to 360 minutes.

Needs and Uses: The Additional Protocol requires the United States to submit declaration forms to the International Atomic Energy Agency (IAEA) on a number of commercial nuclear and nuclear-related items, materials, and activities that may be used for peaceful nuclear purposes, but also would be necessary elements for a nuclear weapons program. These forms provides the IAEA with information about additional aspects of the U.S. commercial nuclear fuel cycle, including: Mining and milling of nuclear materials; buildings on sites of facilities selected by the IAEA from the U.S. Eligible Facilities List; nuclear-related equipment manufacturing, assembly, or construction; import and export of nuclear and nuclear-related items and materials; and research and development. The Protocol also expands IAEA access to locations where these activities occur in order to verify the forms' data. The revision involves text clarifications.

Affected Public: Business or other for-profit organizations.

Frequency: Annually and on occasion.

Respondent's Obligation: Required to obtain or retain benefits.

OMB Desk Officer: Jasmeet Sehra, (202) 395-3123.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Jasmeet Sehra, OMB Desk Officer, e-mail to Jasmeet_K_Sehra@omb.eop.gov, or fax to (202) 395-5167.

Dated: September 29, 2011.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-33-P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Docket 59-2011]

Proposed Foreign-Trade Zone—West Tennessee Area Under Alternative Site Framework; Application Filed

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Northwest Tennessee Regional Port Authority to establish a general-purpose foreign-trade zone at sites in Dyer, Gibson, Haywood, Lake, Lauderdale, Madison, Obion and Tipton Counties, Tennessee, adjacent to the Memphis Customs and Border Protection (CBP) port of entry, under the alternative site framework (ASF) adopted by the Board (74 FR 1170-1173, 1/12/09 (correction 74 FR 3987, 1/22/09); 75 FR 71069-71070, 11/22/10). The ASF is an option for grantees for the establishment or reorganization of general-purpose zones and can permit significantly greater flexibility in the designation of new "usage-driven" FTZ sites for operators/users located within a grantee's "service area" in the context of the Board's standard 2,000-acre activation limit for a general-purpose zone project. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on September 29, 2011. The applicant is authorized to make the proposal under Tennessee Code Sections 7-85-101 thru 7-85-103.

The proposed zone would be the third general-purpose zone in Tennessee for

the Memphis CBP port of entry and would be the fifth zone overall for the port of entry. The existing zones are as follows: FTZ 77, Memphis, Tennessee (Grantee: City of Memphis, Board Order 189, April 2, 1982); FTZ 223, Memphis, Tennessee (Grantee: Memphis International Trade Development Corporation, Board Order 904, July 2, 1997); FTZ 262, Southaven, Mississippi (Grantee: Northern Mississippi FTZ, Inc., Board Order 1353, October 1, 2004); and, FTZ 273, West Memphis, Arkansas (Grantee: City of West Memphis, Arkansas, Board Order 1551, April 15, 2008).

The applicant's proposed service area under the ASF would be Dyer, Gibson, Haywood, Lake, Lauderdale, Madison, Obion and Tipton Counties, Tennessee. If approved, the applicant would be able to serve sites throughout the service area based on companies' needs for FTZ designation. The proposed service area is adjacent to the Memphis CBP port of entry.

The proposed zone would initially include nine "magnet" sites in the service area: *Proposed Site 1* (350 acres)—Cates Landing, One Cates Landing, State Highway 22 and Donaldson Road, Tiptonville (Lake County); *Proposed Site 2* (279 acres)—Dyersburg Industrial Park, located at the intersection of Interstate 155 and U.S. Highway 412, Dyersburg (Dyer County); *Proposed Site 3* (197 acres)—Gibson County Industrial Park, 2725 N. Central Avenue, Humboldt (Gibson County); *Proposed Site 4* (474 acres)—Brownsville South Industrial Park, located at the intersection of Highway 70/79 and Windrow Road, Brownsville (Haywood County); *Proposed Site 5* (1,720 acres)—Mega Site, located along Interstate 40 near Highways 70 and 79, Stanton (Haywood County); *Proposed Site 6* (161 acres)—Walker Industrial Park, 374 Highland Street, Ripley (Lauderdale County); *Proposed Site 7* (55 acres)—American Drive Business Center, 96 American Drive, Jackson (Madison County); *Proposed Site 8* (235 acres)—Obion County Industrial Park, located at the intersection of Highway 21 and U.S. Highway 51, Union City (Obion County); and, *Proposed Site 9* (415 acres)—Rialto Industrial Park, Highway 51 North, Covington (Tipton County). The ASF allows for the possible exemption of one magnet site from the "sunset" time limits that generally apply to sites under the ASF, and the applicant proposes that Site 1 be so exempted.

The application indicates a need for zone services in the West Tennessee area. Several firms have indicated an interest in using zone procedures for

warehousing/distribution activities for a variety of products. Specific manufacturing approvals are not being sought at this time. Such requests would be made to the Board on a case-by-case basis.

In accordance with the Board's regulations, Camille Evans of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is December 5, 2011. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to December 19, 2011.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via <http://www.trade.gov/ftz>. For further information, contact Camille Evans at Camille.Evans@trade.gov or (202) 482-2350.

Dated: September 29, 2011.

Andrew McGilvray,
Executive Secretary.

International Trade Administration

[A-533-840, A-549-822]

Certain Frozen Warmwater Shrimp From India and Thailand: Notice of Extension of Time Limits for the Preliminary Results of the 2010-2011 Administrative Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

FOR FURTHER INFORMATION CONTACT: Elizabeth Eastwood, AD/CVD Operations, Office 2, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-3874.

Background

On April 1, 2011, the Department of Commerce (the Department) published a notice of initiation of the administrative reviews of the antidumping duty orders on certain frozen warmwater shrimp from India and Thailand covering the period February 1, 2010, through January 31, 2011. See *Certain Frozen Warmwater Shrimp From Brazil, India, and Thailand: Notice of Initiation of Administrative Reviews*, 76 FR 18157 (Apr. 1, 2011).

Extension of Time Limit of Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to make a preliminary determination in an administrative review within 245 days after the last day of the anniversary month of an order or finding for which a review is requested. Consistent with section 751(a)(3)(A) of the Act, the Department may extend the 245-day period to 365 days if it is not practicable to complete the review within a 245-day period. The deadline for the preliminary results of these administrative reviews is currently October 31, 2011. The Department determines that completion of the preliminary results of these reviews within the statutory time period is not practicable because it recently initiated a cost investigation for one respondent in each review and the data necessary to conduct these investigations will not be received until late September (for Thailand) and early October 2011 (for India). The Department thus requires additional time to conduct its cost analysis in each of these reviews. Therefore, in accordance with section 751(a)(3)(A) of the Act, we are extending the time period for issuing the preliminary results of these reviews until February 28, 2012. The final results continue to be due 120 days after the publication of the preliminary results.

This notice is published pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

Dated: September 30, 2011.

Gary Taverman,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Application(s) for Duty-Free Entry of Scientific Instruments

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, as amended by Pub. L. 106-36; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether instruments of equivalent scientific value, for the purposes for which the instruments shown below are intended to be used, are being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be postmarked on or before October 25, 2011. Address written comments to Statutory Import Programs Staff, Room 3720, U.S. Department of Commerce, Washington, DC 20230. Applications may be examined between 8:30 a.m. and 5 p.m. at the U.S. Department of Commerce in Room 3720.

Docket Number: 11-059. **Applicant:** University of Arkansas Office of Business Affairs, ADMN 321, 1 University of Arkansas, Fayetteville, AR 72701-1201. **Instrument:** Electron Microscope. **Manufacturer:** JEOL, Ltd., Japan. **Intended Use:** The instrument will be used to study semiconductor materials, metals, ceramics, and biological tissues, to determine the influence of impurities on medicine efficiency, the kinetics of the growth of particles in a specific environment, the phase transformation of metals, and the study of other phenomena. **Justification for Duty-Free Entry:** There are no instruments of the same general category manufactured in the United States. **Application accepted by Commissioner of Customs:** September 15, 2011.

Docket Number: 11-062. **Applicant:** University of Buffalo, NYS Center for Excellence, 701 Ellicott St., HJKRI B4-321, Buffalo, NY 14203. **Instrument:** Electron Microscope. **Manufacturer:** FEI, Czech Republic. **Intended Use:** The instrument will be used to study the normal and pathological brains and peripheral nerves from animal models, assessing the degree and quality of myelination and neuronal differentiation under different experimental conditions. The objective of the experiments is to discover treatments and cures for Krabbe and other demyelinating disease. The experiments require 2-angstrom resolution in order to examine the specimens. **Justification for Duty-Free Entry:** There are no instruments of the
