

agencies to sign the current renewal of the MOU include: The National Science Foundation; the U.S. Nuclear Regulatory Commission; the Environmental Protection Agency; the U.S. Department of Energy, Office of Environmental Management; and the U.S. Geological Survey. Other agencies are still reviewing the revised MOU. These agencies are cooperating and coordinating in the research and development of multimedia environmental models, software and related databases, including development, enhancements, applications and assessments of site specific, generic, and process-oriented multimedia environmental models as they pertain to human and environmental health risk assessment. Multimedia model development and simulation supports interagency interests in risk assessment, uncertainty analyses, water supply issues and assessments of contaminant transport.

Purpose of the Public Meeting: The annual public meeting provides an opportunity for the scientific community, other Federal and State agencies, and the public to be briefed on ISCMEM activities and their initiatives for the upcoming year, and to discuss technological advancements in multimedia environmental modeling.

Proposed Agenda: The ISCMEM Chair will open the meeting with a brief overview of the goals of the MOU and an update on current activities and future plans of ISCMEM. This introduction will be followed by a series of invited technical presentations for the remainder of the first day and the morning of the second day focusing on topics of mutual interest to ISCMEM participants. The steering committee will hold an open business session on the afternoon of the second day. A detailed agenda with presentation titles and speakers will be posted on the ISCMEM public Web site: <https://www.iemhub.org/groups/iscmem2011meeting>. The agenda and instructions for registration will also be available through the list of public meetings on the US Nuclear Regulatory Commission Web site at <http://www.nrc.gov/public-involve/public-meetings.html>.

Meeting Access: The auditorium of the U.S. Nuclear Regulatory Commission Headquarters building is located at 11545 Rockville Pike, Rockville, MD, directly across Marinelli Road from the White Flint Metro stop. The most convenient transportation to the meeting venue is via Metro Rail since there is extremely limited on-street parking. Please take Metro to the White Flint Metro stop on the Red Line.

Please allow time to register with building security and bring two photo ID's. Direct access to the auditorium will be available around the back of the building for those who have pre-registered through the web site listed above under **FOR FURTHER INFORMATION CONTACT** or via the agency contact information. Please follow signs for the ISCMEM public meeting.

SUPPLEMENTARY INFORMATION: Notice is hereby given that, pursuant to 39 U.S.C.

404(d), on October 27, 2011, the Commission received a petition for review of the Postal Service's determination to close the Boles post office in Boles, Arkansas. The petition for review was filed by Carlene Stovall (Petitioner) and is postmarked October 17, 2011. The Commission hereby institutes a proceeding under 39 U.S.C. 404(d)(5) and establishes Docket No. A2012-37 to consider Petitioner's appeal. If Petitioner would like to further explain her position with supplemental information or facts, Petitioner may either file a Participant Statement on PRC Form 61 or file a brief with the Commission no later than December 1, 2011.

Categories of issues apparently raised. Petitioner contends that (1) The Postal Service failed to consider whether or not it will continue to provide a maximum degree of effective and regular postal services to the community (see 39 U.S.C. 404(d)(2)(A)(iii)); (2) the Postal Service failed to adequately consider the economic savings resulting from the closure (see 39 U.S.C. 404(d)(2)(A)(iv)); and (3) Petitioner contends that there are factual errors contained in the Final Determination.

After the Postal Service files the administrative record and the Commission reviews it, the Commission may find that there are more legal issues than those set forth above, or that the Postal Service's determination disposes of one or more of those issues. The deadline for the Postal Service to file the applicable administrative record with the Commission is November 11, 2011. See 39 CFR 3001.113. In addition, the due date for any responsive pleading by the Postal Service to this notice is November 11, 2011.
