

of Mesquite proposed to build the replacement airport south of Interstate Highway 15 between Exit 108 and 109 on the Mormon Mesa, about 15 miles west of the existing Mesquite Municipal Airport. The City proposed to close the existing Mesquite Municipal Airport and change the airport land use to residential land use, including construction of a new arterial roadway through the existing airport property. To maintain access to the National Air Transportation System, the City also proposed to design, fund, and build a replacement GA airport at Mormon Mesa that would provide GA facilities and services to the flying public, support regional economic development at no cost to the FAA. The City proposed to build the replacement GA airport to meet FAA Airport Reference Code (ARC) B-II standards with a new runway 7,500 feet long by 100 feet wide.

On May 16, 2008, the Notice of Availability of FAA's Draft EIS was published in the **Federal Register** (73 FR 28461). The FAA received 34 comment letters on the Draft EIS from federal, state and local agencies, as well as the general public. In March 2009, as FAA was preparing responses to comments received on the 2008 Draft EIS, FAA determined there were significant new circumstances or information relevant to environmental concerns and bearing on the Proposed Project or its impacts. Consistent with Title 40 CFR 1501.9, FAA decided to prepare a Revised Draft Environmental Impact Statement (RDEIS).

The FAA received a letter from the City of Mesquite, dated September 27, 2011, asking the FAA to suspend any additional work on the EIS for the proposed Replacement GA Airport EIS. The City of Mesquite explained the postponement was based on local economic conditions and other local fiscal and budgetary constraints. The FAA does not know how long the suspension of the EIS will last.

Pursuant to Title 14, Code of Federal Regulations, Part 77, *Objects Affecting Navigable Airspace*, § 77.29 *Evaluating Aeronautical Effect*, when a proponent files a Notice of Proposed Construction or Alteration (FAA Form 7460-1) for a proposal in the vicinity of the proposed Replacement General Aviation Airport for Mesquite, the FAA will conduct an aeronautical study to determine the impact of a proposed structure, an existing structure that has not yet been studied by the FAA, or an alteration of an existing structure on aeronautical operations, procedures, and the safety of flight including but not limited to the proposal's impact on existing and planned public use airports.

Issued in Hawthorne, California, on October 28, 2011.

Manager, Airports Division, Western—Pacific Region, AWP-600.

Federal Aviation Administration

Release of Airport Property: Melbourne International Airport, Melbourne, FL

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and Request for Public Comment.

SUMMARY: The FAA hereby provides notice of intent to release certain airport properties totaling 22.15 acres at the Melbourne International Airport, Melbourne, Florida from the conditions, reservations, and restrictions as contained in a Quitclaim Deed agreement between the FAA and the City of Melbourne, dated August 6, 1947. The release of property will allow the Melbourne Airport Authority to dispose of the property for other than aeronautical purposes. The property is located on the north side of the airfield, along the west side of Neiman Avenue and south of Laurie Street in Brevard County, Florida. The parcel is currently designated as non-aeronautical use. The property will be released of its federal obligations to enhance the storm water management of the surrounding community, a benefit that cannot be quantified. The property will be swapped for another City-owned parcel. The 22.15-acre parcel to be acquired is located west of Apollo Boulevard and North of General Aviation Drive in Brevard County, Florida. This parcel is adjacent to airport property and is currently vacant. The fair market value of the Neiman Avenue/Laurie Street parcel has been determined by appraisal to be \$53,000. The fair market value of the Apollo Boulevard/General Aviation Way parcel has been determined by appraisal to be \$450,000.

Documents reflecting the Sponsor's request are available, by appointment only, for inspection at the Melbourne International Airport and the FAA Airports District Office.

SUPPLEMENTARY INFORMATION: Section 125 of The Wendell H. Ford Aviation Investment and Reform Act for the 21st Century (AIR-21) requires the FAA to provide an opportunity for public notice and comment prior to the "waiver" or "modification" of a sponsor's Federal

obligation to use certain airport land for non-aeronautical purposes.

DATES: Comments are due on or before December 14, 2011.

ADDRESSES: Documents are available for review at the Palm Beach International Airport, and the FAA Airports District Office, 5950 Hazeltine National Drive, Suite 400, Orlando, FL 32822. Written comments on the Sponsor's request must be delivered or mailed to: Rebecca R. Henry, Program Manager, Orlando Airports District Office, 5950 Hazeltine National Drive, Suite 400, Orlando, FL 32822-5024.

FOR FURTHER INFORMATION CONTACT: Rebecca R. Henry, Program Manager, Orlando Airports District Office, 5950 Hazeltine National Drive, Suite 400, Orlando, FL 32822-5024.
