POLICY JUSTIFICATION

Indonesia—Regeneration and Upgrade of F-16C/D Block 25 Aircraft

The Government of Indonesia has requested a sale for the regeneration and upgrade of 24 F-16C/D Block 25 aircraft and 28 F100-PW-200 or F100-PW-220E engines being granted as Excess Defense Articles. The upgrade includes the following major systems and components: LAU-129A/A Launchers, ALR-69 Radar Warning Receivers, ARC-164/186 Radios, Expanded Enhanced Fire Control (EEFC) or Commercial Fire Control, or Modular Mission Computers, ALQ-213 Electronic Warfare Management Systems, ALE-47 Countermeasures Dispenser Systems, Cartridge Actuated Devices/Propellant Actuated Devices (CAD/PAD), Situational Awareness Data Link, Enhance Position Location Reporting Systems (EPLRS), LN-260 (SPS version, non-PPS), and AN/AAQ-33 SNIPER or AN/AAQ-28 LITENING Targeting Systems. Also included are tools, support and test equipment, spare and repair parts, publications and technical documentation, personnel training and training equipment, U.S. Government and contractor engineering, technical and logistics support services, and other related elements of logistical and program support. The estimated cost is \$750 million.

The proposed sale will contribute to the foreign policy and national security of the United States by improving the security of a strategic partner that has

been, and continues to be, an important force for economic progress in Southeast Asia.

Indonesia desires the F-16 aircraft to modernize the Indonesian Air Force (IAF) fleet with aircraft more capable of conducting operations in the outermost border regions of Indonesia. The IAF's current fleet of F-16 Block 15 aircraft is not capable of fulfilling that role, and the aging F-5 aircraft are expensive to maintain and operate due to diminishing resources existing to support the aircraft. The avionics upgrade will provide the IAF an additional capability benefitting security by modernizing the force structure, and enhancing interoperability by greater use of U.S.-produced equipment. Indonesia, which already has F-16 Block 15 and F-5 aircraft in its inventory, will have no difficulty absorbing these upgraded systems.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

Indonesia requested the regeneration be sole sourced to the 309th Maintenance Wing, Hill Air Force Base, in Ogden, Utah, and Pratt Whitney, in East Hartford, Connecticut for the engine overhaul. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Indonesia.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 11-48

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as Amended Annex

Item No. vii

(vii) *Sensitivity of Technology:*

1. The ALQ-213 Electronic Warfare Management System provides a common control for the ALR-69 and Electronic Attack pods. The highest level of classification for hardware is Unclassified and the U.S. software load is Confidential.

2. The AN/ALE-47 Countermeasures Dispenser Set is a software reprogrammable dispenser of chaff and flares. It provides for either automatic or aircrew commanded response dispense capabilities. Specific dispense routines are sensitive. The export version use a

country unique "look-up decision tree" for determining dispense routines. The hardware is Unclassified and the software when loaded in the ALE-47 is Confidential.

3. The AN/AAQ-33 SNIPER targeting system is Unclassified but contains technology representing the latest state-of-the-art in several areas. Information on performance and inherent vulnerabilities is classified Secret. Software (object code) is classified Confidential.

4. The AN/AAQ-28 LITENING targeting system is Unclassified but contains technology representing the latest state-of-the-art in several areas. Information on performance and inherent vulnerabilities is classified Secret. Software (object code) is classified Confidential.

5. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures which might reduce weapon system effectiveness or could be used in the development of a system with similar or advanced capabilities.

Transmittal No. 11-47

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as amended

(i) *Prospective Purchaser:* United Kingdom

(ii) *Total Estimated Value:*

Major Defense Equipment * \$ 0 million.
Other 200 million.

Total 200 million.
* as defined in Section 47(6) of the Arms Export Control Act.

(iii) *Description and Quantity or Quantities of Articles or Services Under Consideration for Purchase:* long lead sub-assemblies for the Electromagnetic Aircraft Launch System/Advanced Arresting Gear (EMALS/AAG). The EMALS long lead sub-assemblies include: Energy Storage System, Power

Conditioning System, and Launch Control System. The AAG includes: Power Conditioning, Energy Absorption Subsystems, Shock Absorbers, and Drive Fairleads. Also proposed are other items for Aircraft Launch and Recovery Equipment, spare and repair parts, support equipment, personnel training and training equipment, publications and technical documentation, software support, U.S. Government and

contractor engineering, technical, and logistics support services, and all other related elements of program support.

(iv) *Military Department: Navy (LUL)*

(v) *Prior Related Cases, if any: FMS Case FAL-\$73M-6Apr11*

(vi) *Sales Commission, Fee, etc., Paid, Offered, or Agreed To Be Paid: None*

(vii) *Sensitivity of Technology Contained in the Defense Article or Defense Services Proposed To Be Sold: None*

(viii) *Date Report Delivered to*

Congress: 15 November 2011

Policy Justification

United Kingdom—Electromagnetic Aircraft Launch System Long Lead Sub-Assemblies

The Government of the United Kingdom (UK) has requested the long lead sub-assemblies for the Electromagnetic Aircraft Launch System/Advanced Arresting Gear (EMALS/AAG). The EMALS long lead sub-assemblies include: Energy Storage System, Power Conditioning System, and Launch Control System. The AAG includes: Power Conditioning, Energy Absorption Subsystems, Shock Absorbers, and Drive Fairleads. Also proposed are other items for Aircraft Launch and Recovery Equipment, spare and repair parts, support equipment, personnel training and training equipment, publications and technical documentation, software support, U.S. Government and contractor engineering, technical, and logistics support services, and all other related elements of program support. The estimated cost is \$200 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to maintain and improve the security of a key NATO ally that has been, and continues to be, an important force for major political stability and economic progress throughout Europe.

The proposed sale will improve the UK's aircraft carrier capability to meet current and future threats of adversaries at sea. The sub-systems will introduce state-of-the-art technology in the areas of aircraft launch and recovery onboard the UK's future aircraft carrier program. The UK will have no problem absorbing these additional sub-systems and support into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be General Atomics in Rancho Bernardo, California. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this sale will not require the assignment of additional

U.S. Government or contractor representatives to the UK.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Meeting of the Defense Advisory Committee on Women in the Services (DACOWITS)

AGENCY: Department of Defense.

ACTION: Notice.

SUMMARY: Pursuant to Section 10(a), Public Law 92-463, as amended, notice is hereby given of a forthcoming meeting of the Defense Advisory Committee on Women in the Services (DACOWITS). The purpose of the meeting is for the Committee to review and approve the 2011 Report. The Committee will also receive briefings on the Women in Services Review report, assignment policies, female engagement teams, suicides, and retention. Additionally, the Committee will discuss 2012 topics and installation visits. The meeting is open to the public, subject to the availability of space.

Interested persons may submit a written statement for consideration by the Defense Advisory Committee on Women in the Services. Individuals submitting a written statement must submit their statement to the Point of Contact listed in the **FOR FURTHER INFORMATION CONTACT** section no later than 5 p.m., Friday, December 2, 2011. If a written statement is not received by Friday, December 2, 2011, prior to the meeting, which is the subject of this notice, then it may not be provided to or considered by the Defense Advisory Committee on Women in the Services until its next open meeting. The Designated Federal Officer will review all timely submissions with the Defense Advisory Committee on Women in the Services Chairperson and ensure they are provided to the members of the Defense Advisory Committee on Women in the Services. If members of the public are interested in making an oral statement, a written statement should be submitted as detailed in this **SUMMARY** section. After reviewing the written comments, the Chairperson and the Designated Federal Officer will determine who of the requesting persons will be able to make an oral presentation of their issue during an

open portion of this meeting or at a future meeting. Determination of who will be making an oral presentation is at the sole discretion of the Committee Chair and the Designated Federal Officer and will depend on time available and if the topics are relevant to the Committee's activities. Two minutes will be allotted to persons desiring to make an oral presentation. Oral presentations by members of the public will be permitted only on Wednesday, December 7, 2011 from 2:15 p.m. to 3 p.m. in front of the full Committee. Number of oral presentations to be made will depend on the number of requests received from members of the public.

DATES: December 6, 2011, 8:30 a.m.–4:45 p.m.; December 7, 2011, 1 p.m.–3 p.m.

ADDRESSES: Hilton Washington Dulles, 13869 Park Center Rd., Herndon, VA 20171.

FOR FURTHER INFORMATION CONTACT: Mr. Robert Bowling or DACOWITS Staff at 4000 Defense Pentagon, Room 2C548A, Washington, DC 20301-4000.

Robert.bowling@osd.mil. Telephone (703) 697-2122. Fax (703) 614-6233.

SUPPLEMENTARY INFORMATION: Due to difficulties beyond the control of the Defense Advisory Committee on Women in the Services or its Designated Federal Officer, the Committee was unable to file a **Federal Register** notice announcing its December 6–7, 2011 meeting within the 15-calendar day period. The Advisory Committee Management Officer for the Department of Defense, pursuant to 41 CFR 102-3.150(b), waives the 15-calendar day notification requirement.

Meeting Agenda

Tuesday, December 6, 2011, 8:30 a.m.–4:45 p.m.

- Welcome, introductions, and announcements.
- 2011 Annual Report review and approval.
- Briefing on Women in Service Review report.
- Army briefings on assignment policies, female engagement teams, and cultural support teams.
- Defense Manpower Data Center and Veteran Affairs briefings on active duty and veteran suicides.
- Defense Manpower Data Center and DoD briefings on retention.

Wednesday, December 7, 2011, 1 p.m.–3 p.m.

- 2012 topics and installation visit discussion.
- Public Forum.
