

P.O. Box 25007, Denver, Colorado 80225.

SUPPLEMENTARY INFORMATION: Section 426.20 of the Regulations provides that we will assess districts administrative costs if: (1) A district delivers Reclamation irrigation water to land that was ineligible because a landholder did not submit Reclamation Reform Act of 1982 certification or reporting forms to the district prior to receipt of the Reclamation irrigation water, (2) a district does not provide us with corrected landholder certification or reporting forms within 60 calendar days of our request for corrections, or (3) a district delivers Reclamation irrigation water to ineligible excess land. Section 426.20(e) sets the original amount of the administrative cost assessment at \$260. The amount is based on the additional costs we incur to perform activities to address the problems described in the first sentence of this paragraph. Section 426.20(e) further provides that we will review the associated costs at least once every 5 years and adjust the assessment amount, if needed, to reflect new cost data.

The regulatory provisions for the administrative costs assessment became effective on March 27, 1995. Previous regular reviews of the administrative cost assessment resulted in the amount remaining the same, or increasing (once, from \$260 to \$290). This year, the regular review of cost data for 2006–2010 shows the administrative cost assessment needs to be adjusted from \$290 to \$230. The next regular review of cost data will take place in 2016, evaluating the cost data for 2011–2015.

The new amount of the administrative costs assessment becomes effective on January 1, 2012. However, application will be based on the date Reclamation actually finds and documents the forms or excess land problem in question. Specifically, if after January 1, 2012, we find a forms or excess land problem described in 43 CFR 426.20, the amount of the administrative costs assessment will be \$230. This will be the case even if the problem occurred prior to January 1, 2012. For problems we find prior to January 1, 2012, the amount of the administrative costs assessment will remain at \$290.

Roseann Gonzales,

Director, Policy and Administration, Denver Office.

SUPPLEMENTARY INFORMATION:

Background. On February 21, 1995, the Department of Commerce issued antidumping duty orders on imports of stainless steel bar from Brazil, India, and Japan (60 FR 9661). On March 2, 1995, the Department of Commerce issued an antidumping duty order on imports of stainless steel bar from Spain (60 FR 11656). Following first five-year reviews by Commerce and the Commission, effective April 18, 2001, Commerce issued a continuation of the antidumping duty orders on imports of stainless steel bar from Brazil, India, Japan, and Spain (66 FR 19919). Following second five-year reviews by Commerce and the Commission, effective January 23, 2007, Commerce issued a continuation of the antidumping duty orders on imports of stainless steel bar from Brazil, India, Japan, and Spain (72 FR 2858). The Commission is now conducting third reviews to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. It will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full reviews or expedited reviews. The Commission's determinations in any expedited reviews will be based on the facts available, which may include information provided in response to this notice.

Definitions. The following definitions apply to these reviews:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year reviews, as defined by the Department of Commerce.

(2) The *Subject Countries* in these reviews are Brazil, India, Japan, and Spain.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determinations and its full first and second five-year review determinations, the Commission defined the *Domestic Like Product* as all stainless steel bar coextensive with the scope definition. One Commissioner defined the *Domestic Like Product* differently in the original determinations.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic*

Like Product, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determinations and its full first and second five-year review determinations, the Commission defined the *Domestic Industry* as domestic producers of stainless steel bar. One Commissioner defined the *Domestic Industry* differently in the original determinations.

(5) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the *Subject Merchandise* into the United States from a foreign manufacturer or through its selling agent.

Participation in the reviews and public service list. Persons, including industrial users of the *Subject Merchandise* and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the reviews as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the Commission's rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the reviews.

Former Commission employees who are seeking to appear in Commission five-year reviews are advised that they may appear in a review even if they participated personally and substantially in the corresponding underlying original investigation. The Commission's designated agency ethics official has advised that a five-year review is not considered the "same particular matter" as the corresponding underlying original investigation for purposes of 18 U.S.C. 207, the post employment statute for Federal employees, and Commission rule 201.15(b) (19 CFR 201.15(b)), 73 FR 24609 (May 5, 2008). This advice was developed in consultation with the Office of Government Ethics.

Consequently, former employees are not required to seek Commission approval to appear in a review under Commission rule 19 CFR 201.15, even if the corresponding underlying original investigation was pending when they were Commission employees. For further ethics advice on this matter, contact Carol McCue Verratti, Deputy Agency Ethics Official, at (202) 205-3088.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO)

and APO service list. Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI submitted in these reviews available to authorized applicants under the APO issued in the reviews, provided that the application is made no later than 21 days after publication of this notice in the **Federal Register**. Authorized applicants must represent interested parties, as defined in 19 U.S.C. 1677(9), who are parties to the reviews. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Certification. Pursuant to section 207.3 of the Commission's rules, any person submitting information to the Commission in connection with these reviews must certify that the information is accurate and complete to the best of the submitter's knowledge. In making the certification, the submitter will be deemed to consent, unless otherwise specified, for the Commission, its employees, and contract personnel to use the information provided in any other reviews or investigations of the same or comparable products which the Commission conducts under Title VII of the Act, or in internal audits and investigations relating to the programs and operations of the Commission pursuant to 5 U.S.C. Appendix 3.

Written submissions. Pursuant to section 207.61 of the Commission's rules, each interested party response to this notice must provide the information specified below. The deadline for filing such responses is January 3, 2012. Pursuant to section 207.62(b) of the Commission's rules, eligible parties (as specified in Commission rule 207.62(b)(1)) may also file comments concerning the adequacy of responses to the notice of institution and whether the Commission should conduct expedited or full reviews. The deadline for filing such comments is February 10, 2012. All written submissions must conform with the provisions of sections 201.8 and 207.3 of the Commission's rules and any submissions that contain BPI must also conform with the requirements of sections 201.6 and 207.7 of the Commission's rules. Please consult the Commission's rules, as amended, 76 FR 61937 (Oct. 6, 2011) and the Commission's Handbook on Filing Procedures, 76 FR 62092 (Oct. 6, 2011), available on the Commission's web site at <http://edis.usitc.gov>. Also, in accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the reviews must be served on all other parties to the reviews (as identified by either the

public or APO service list as appropriate), and a certificate of service must accompany the document (if you are not a party to the reviews you do not need to serve your response).

Inability to provide requested information. Pursuant to section 207.61(c) of the Commission's rules, any interested party that cannot furnish the information requested by this notice in the requested form and manner shall notify the Commission at the earliest possible time, provide a full explanation of why it cannot provide the requested information, and indicate alternative forms in which it can provide equivalent information. If an interested party does not provide this notification (or the Commission finds the explanation provided in the notification inadequate) and fails to provide a complete response to this notice, the Commission may take an adverse inference against the party pursuant to section 776(b) of the Act in making its determinations in the reviews.
